The Autobiography of Mother Jones Mother Jones, 2020-12-17 Mother Jones was an exceptional woman who tirelessly fought for worker's rights till the end of her life. Labelled as the Most Dangerous Woman in America, she organised many successful strikes and championed for better enforcement of the child labor laws. In 1903, she also organized a children's march from Philadelphia to the home of President Theodore Roosevelt in New York. Learn more about her inspiring life in this meticulously edited and formatted edition which is adjusted for readability on all devices. Excerpt: I was born in the city of Cork, Ireland, in 1830. My people were poor. For generations they had fought for Ireland's freedom. Many of my folks have died in that struggle. My father, Richard Harris, came to America in 1835, and as soon as he had become an American citizen, he sent for his family. His work as a laborer with railway construction crews took him to Toronto, Canada. Here I was brought up, but always as the child of an American citizen. Of that citizenship, I have ever been proud. After finishing the common schools, I attended the Normal school with the intention of becoming a teacher. Dress making, too, I learned proficiently. My first position was teaching in a convent in Monroe, Michigan. Later, I came to Chicago and opened a dress-making establishment. I preferred sewing to bossing little children. However, I went back to teaching again this time in Memphis, Tennessee. Here I was married in 1861. My husband was an iron moulder and a member of the Iron Moulders Union.

[The Lanny Budd Novels Volume One](#)

Upton Sinclair, 2016-06-28 Upton Sinclair's Pulitzer Prize-winning series of historical novels brings the first half of the twentieth century dramatically to life. In *World's End*, the gathering storm clouds of World War I burst over Europe, forcing Lanning Lanny Budd, the young son of an American arms dealer, to put the innocence of youth behind him. His language skills and talent for decoding messages are in high demand. At his father's side, Lanny meets many important political and military figures, learns about the myriad causes of the conflict, and closely follows the war's progress. When the bloody hostilities conclude, Lanny joins the Paris Peace Conference as the assistant to a geographer asked by President Woodrow Wilson to redraw the map of Europe. From the rise of Fascism in Europe to the stock market crash on Wall Street, *Between Two Worlds* captures the drama, intrigue, and excitement of the Roaring Twenties. At the start of his career as an international art dealer, Lanny travels to Italy and witnesses the brutal charisma of Benito Mussolini. Meanwhile, in Germany, the failed Beer Hall Putsch led by Adolf Hitler's Nazi Party strikes an ominous note, foreshadowing the devastation to come. After two star-crossed love affairs, Lanny marries a wealthy heiress and chooses the United States, with its booming economy, as their home. But neither he nor those he loves can predict the financial disaster that will bring a decade of prosperity to an abrupt close. Winner of the 1943 Pulitzer Prize for Fiction, *Dragon's Teeth* brilliantly captures the nightmarish march toward the Second World War. In Germany, to visit relatives, Lanny encounters a disturbing atmosphere of hatred and jingoism stoked by the Nazi Party and meets the group's fanatical leader, Adolf Hitler. But Lanny's gravest fear is the threat to his Jewish friends and family, a threat that impels him to risk his wealth, his future, and even his life in a courageous attempt to rescue his loved ones from a terrible fate. An astonishing mix of history, adventure, and romance, the Lanny Budd Novels are a testament to the
