An Earl In Time (a Regency Fairytale Romance) Ruth Ann Nordin, Willow Knudson just inherited an English estate that she intends to sell There are two problems One she's unable to sign the contract and two she can't even leave the property She's not superstitious by nature but common sense tells her something strange is going on In 1817 Julian Azazel the Earl of Blackwell went to his country estate to tend to his father's funeral That evening a missive came from a stranger warning him that when the clock struck midnight he was going to be cursed to relive the same day He laughed it off and threw the missive in the fire Two centuries later he's no longer laughing The curse is real From before they were born Willow and Julian were destined to meet on June 17 1817 Willow had assumed wealthy and titled gentlemen would be snobs but Julian turns out to be the kindest person she's ever met And even better he's more attractive in person than he was in his portrait It's enough of a temptation to convince her to stay in the past forever At long last the aching loneliness that has plagued Julian's life for centuries is at an end Not only is there someone who understands what he has been going through but she's far lovelier than he recalls any of the ladies in London being But isn't it selfish to ask a lady from another time to give up everything to live under a curse with him The path to happy endings can get complicated especially when magic is involved This fairytale romance features a dark villain a curse fairies a hero who is an earl from the Regency era and a heroine from modern times People who enjoy Grimm's fairy tales and romance will enjoy this tale of true love conquering the darkest of curses Please note This is a standalone book It is not part of a series

Goddess in Time Tera Lynn Childs, 2013-11-05 Some mistakes are worth defying the gods to fix Nicole Matios would rather be almost anywhere other than the tiny Greek island home to the Academy an ultra exclusive private school for the descendants of the gods But she's basically trapped there until graduation thanks to a foolish childhood prank One that also got her parents banished from the entire mythological world When Nic discovers a book that unlocks the forbidden power of time travel though all bets are off

She finally has a chance to right her wrong and get back the life she was supposed to have With a little help okay a lot of help from her friends Nic sets out on a quest that will take her from the lofty peak of Mt Olympus to the chilly depths of Poseidon's sea palace to the dark heart of Hades Will she be able to fix her mistakes without bringing all of Olympus crashing down around her Past and present collide in unpredictable ways especially when the gods are involved Goddess in Time is a standalone novella in Tera Lynn Childs's popular Oh My Gods series If you like mythology romance and spunky girls who let nothing stand in their way you'll love the descendants of the gods who live laugh and love on the supposedly uninhabited Greek island of Serfopoula Buy this mythtastic tale to join the magical adventure today Objects, Components, Models and Patterns Manuel Oriol, Bertrand Meyer, 2009-06-29 This book constitutes the thoroughly refereed proceedings of the 47th International Conference on Objects Components Models and Patterns TOOLS EUROPE 2009 held in Zurich Switzerland in June July 2009 TOOLS has played a major role in the spread of object oriented and component technologies It has now broadened its scope beyond the original topics of object technology and component based development to encompass all modern practical approaches to software development At the same time TOOLS has kept its traditional spirit of technical excellence its acclaimed focus on practicality its well proven combination of theory and applications and its reliance on the best experts from academia and industry The 17 regular papers and two short papers presented in this book together with two invited papers were carefully reviewed and selected from 67 submissions The topics covered in this volume are reflection and aspects models theory components monitoring and systems generation **The Revelation of Jesus Christ** Alfred J. Chomppf, 2013-05-07 This book is about the Lord Jesus Christ and who He really is When we read the Bible we should remember the principle The last revelation carries the greater weight The final revelation of the Lord Jesus Christ to the last living of His disciples the apostle John a short time before the apostle John was also to expire was a final word to His beloved disciple containing the most important things for the life of the Christian church And since the last revelation carries the greater weight we should embrace these last messages of the Lord with great care and believe these words even if they would upset well established doctrines in the churches Only the Lord Jesus Christ is worthy to be praised and He is the only one who deserves the attention of this book *Killing Time* Della Van Hise, 2000-09-22 Second History a Romulan time tampering project that has transported the Enterprise and the galaxy into an alternate dimension of reality Now Kirk is an embittered young ensign and Spock is a besieged Starship commander Lured into a Romulan trap Captain Spock and Ensign Kirk must free themselves from both their captors and their own altered selves before the galaxy hurtles toward total destruction **Rescued In Time** Kathryn Kaleigh, 2021-08-26 SOMETIMES THE PAST AND FUTURE COLLIDE Ashlyn Patton A young woman on the run She finds a safe haven in a small Colorado town It seems safe enough But then she finds a caf only she can see And receives an offer that can save her life Would escaping her past be worth the price Harrison Monroe After surviving his first winter in the rugged Colorado mountains he determines the necessity of a wife to get him through
