Stephanie Stephanie Let Down Your Hair Telling It Like It Was:

Stephanie, Stephanie, Let Down Your Hair Tess Marcin, 2002-03-29 Can anyone really write a book about self that has a true beginning and a true end I believe one can only write about a time span between the two To encompass more than that must be left to someone else after one is gone So one could call this book a series of essays increments of time within the cycle of life One could call it a series of experiments of lessons as well as of choices made One could also call it a series of philosophical thoughts underscored by life Living a life living the life one human individual no different than any other Acting out life re acting to life we all do it Is one anymore or anyless than another s It depends on the choices made As the reader peruses a chapter here a chapter there the response could very well be Oh I remember that Oh I ve been there Etc etc There is a synchronicity in life it seems and universal mind is part of it Are we different Yes but Are we the same Yes but Reading the book and reliving memories is nostalgia in action How far back can one go when one seeks to remember Amazingly quite a way back Can one remember every word spoken No The writers who say they can remember such detailed conversations have taken literary license with their work Unless they were fortunate to have been able to record everything or to have been able to keep a daily journal in extreme detail Reading about a conversation of some fifty sixty years in such exact detail is suspect It begins to border on fiction So to create and recreate a life in progress it must be understood memories can be fickle Never the less however one manages to gather them together they still make interesting reading Yes a door was opened and what spilled forth revealed the life of one human being The memories in the book do not quite cover a century but they come pretty close It was a period that seemed to take quantum leaps We humans lived it we ooded and aahed through all the events that took place on our watch We were sad and we rejoiced We even had that fleeting thought Will there be a tomorrow as we seemed to be living on the razors edge There was there is there will be If we humans actually begin acting civilized instead of pretending to be

Crossing My Jordan P.J. Taylor, 2011-07-28 My life begun hard and it seemed to just become more and more difficult throughout the years I once lived a life like J C Dougard and Elizabeth Smart but instead of one sexual predator I had many They had families to go home to where I had none I was forgotten about years and years ago and pretty much raised myself with only God's guidance since the age of thirteen I've been exploited trafficked raped held hostage kidnapped and more Then God stepped in when death was almost beating at my door He stepped in Sometimes I feel as if my life wasn't planned by me but by God Once you read my story I'm sure you'll understand You see all of my hopes dreams and plans for my life became sidetracked long ago due to many factors that took away so many of my plans my dreams for the future Through it all I've become an amazing woman Able to stand tall and strong finding my inspirations along the way and praising God for all of His Angels Saints and Prophets who've come along and saved me rescued me carried me and blessed my life so profoundly with their kind gentle caring ways Do you view human beings as just people or are you able to experience such a close relationship with God that you can view people as the little Gods they are Aren't we all supposed to be reflections of Our Lord and Savior Then why aren't you able to view those people for the Gifts they are Or are you able to see yourself and others how God sees you I hope you enjoy the journey of my life my story my testimony as much as I enjoyed writing it My story is a story of tragedy but yet it is also one full of inspiration hope strength courage family and love But mainly my story is about Life's Lesson's Learned Enjoy P J Taylor
