Anthony Burgess Kingsley and Martin Amis and John Updike is at the front line of contemporary literary debate Whether castigating the bland cabal he refers to as McCanlit poking fun at the trendy ephemera of intellectual fashion or arguing for his own unique fictional aesthetic Robertson pulls no punches and suffers no fools The Letters of Stephen Leacock Stephen Leacock, David Staines, 2006 Widely recognized as Canada's finest literary humorist Stephen Leacock was a prolific author publishing over sixty books during his lifetime in addition to countless articles and pamphlets He was also a devoted correspondent writing hundreds of letters to friends relatives and business associates Illustrated with several original photographs The Letters of Stephen Leacock brings together over 800 letters most of them never before published Together they give a vivid picture of one of the twentieth century's most distinguished men of letters a man who was honest compassionate and committed to his craft From the brief unpolished lines he wrote as a boy to his father to the final letters he wrote before his death Leacock's correspondence reveals much about the man behind the humour the devoted son husband and father the distinguished McGill professor the proud Canadian the generous uncle the social critic and the private citizen consumed and deeply troubled by the two world wars Fans of Leacock's many books of humour will find glimpses of his trademark wit in letters on subjects ranging from the Scottish penchant for whiskey to the beauty of the west serious works on many topics including political economy education and social reform and many of his strong views on these subjects are laid out plainly in letters to associates and friends He was also an astute businessman and was as letters to numerous publishers show a writer by profession As Leacock himself wrote of his letters to a friend and associate We wrote in the plain straightforward way only possible in such an interchange of letters about what we thought of this new world that seemed to overwhelm us in our old age These are the letters of a gentleman written with charm grace and humour occasionally blunt and assertive in dealings with publishers but in keeping with his humour never mean spirited or designed to injure Together they represent a fascinating collection that will captivate anyone who enjoys Canadian fiction or history David Staines has spent 15 years bringing together Leacock's letters many of them from private collections in Britain the United States and Canada letters in the context of Leacock's life and work Stephen Leacock David Staines, 1986 This collection of essays explores the many dimensions of the writings of Stephen Leacock the well loved Canadian author of Sunshine Sketches of a Little Town Published in English Early Poems A. cycle is a short story cycle made up in most cases of only two or three stories This study looks at mini cycles spanning the period from Anton Chekhov's little trilogy 1898 to the Alphinland stories in Margaret Atwood's Stone Mattress 2014 including texts by such authors as Stephen Leacock Alice Munro Robert Olen Butler and Clark Blaise Consideration is also given to marginal examples like Sherwood Anderson's Godliness A Tale in Four Parts 1919 which can be seen as one story or four distinct texts unified under one title and to what is called the exploded mini cycle one whose component stories are published with intervening stories between them rather than consecutively For each mini cycle the analysis is based on close reading of both the linking elements character imagery symbolism and so forth and the rhetorical and aesthetic effects of the mini cycle's being made up of distinct stories rather than constructed as one long narrative You Can't Get There From Here Ryan Porter, 2019-04-08 Rather than reading small town representations in Canadian literature as portraits of a parochial past or a lost golden age this book claims that they are best understood as sophisticated statements on the effects of modernity in an ever more cosmopolitan world In Ontario as urbanization increased over the past century small towns became a popular literary trope and Ryan Porter argues that literary small towns are reflections and even sublimated explorations of contemporary life Referencing the theories of heritage scholars who view popularly understood pasts as constructions shaped by changing sensibilities You Can't Get There from Here argues that the literary small town Ontario past is malleable consisting of attempts to come to terms with the present in which the narrators find themselves The book focuses on four key Ontario authors Stephen Leacock Robertson Davies Alice Munro and Jane Urquhart as well as many secondary authors and links the readings to much broader trends in actual Ontario towns and in popular culture Sir Andrew Macphail Ian Ross Robertson, 2008-10-17 Sir Andrew Macphail 1864 1938 a professor of the history of medicine at McGill University was best known as an essayist of international renown and founding editor of The University Magazine and the Canadian Medical Association Journal **J.W. philanthropists of his time His life story told in uncompromising detail by William Fong is a study of raising spending and giving away money on the grandest scale *Thinkers and Dreamers* Gerald Friesen, Doug Owram, 2011-01-01 *Thinkers and Dreamers* honours Carl C Berger professor of Canadian history at the University of Toronto for more than forty years and author of influential works on Canadian intellectual history In this collection Professor Berger's colleagues and former students explore the currents of intellectual life in North America since the mid nineteenth century Broad in scope the essays range in content from a commentary on works in intellectual history to analyses of the development of particular disciplines and distinctive cultural institutions Several of the contributions provide sharp critiques of historical thought including a discussion of professional scholarship and an analysis of the field of intellectual history Others address issues that combine institutional and cultural history such as an examination of Victorian Canada and a discussion of immigration and citizenship These varied reflections aptly convey Berger's contributions to the study of Canadian history
