Stephen Long And The American Frontier

Jay H. Buckley, Brenden W. Rensink

Stephen Long And The American Frontier:

Stephen Long and American Frontier Exploration Roger L. Nichols, 1995-04-01 Major Stephen H Long of the United States Army was the most important government sponsored explorer in the decade after the War of 1812 He led three major and several minor expeditions up the Mississippi Missouri and Arkansas rivers and the Red River of the north as well as exploring the central and southern Plains the Front Range of the Rocky Mountains and the Great Lakes His companions included engineers cartographers Naturalists ethnologists and artists and they gathered a wealth of scientific military and artistic data about the interior of North America For years Long s expeditions have been overlooked or misunderstood here for the first time they are placed in the context of American scientific development

Historical Dictionary of the American Frontier Jay H. Buckley, Brenden W. Rensink, 2015-05-05 The Historical Dictionary of the American Frontier covers early Euro American exploration and development of frontiers in North America but not only the lands that would eventually be incorporated into the United States it also includes the multiple North American frontiers explored by Spain France Russia England and others The focus is upon Euro American activities in frontier exploration and development but the roles of indigenous peoples in these processes is highlighted throughout The history of this period is covered through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on explorers adventurers traders religious orders developers and indigenous peoples This book is an excellent access point for students researchers and anyone wanting to know more about the development of the American frontier

How the West Was Drawn David Bernstein, 2018-08-01 How the West Was Drawn explores the geographic and historical experiences of the Pawnees the Iowas and the Lakotas during the European and American contest for imperial control of the Great Plains during the eighteenth and nineteenth centuries David Bernstein argues that the American West was a collaborative construction between Native peoples and Euro American empires that developed cartographic processes and culturally specific maps which in turn reflected encounter and conflict between settler states and indigenous peoples Bernstein explores the cartographic creation of the Trans Mississippi West through an interdisciplinary methodology in geography and history He shows how the Pawnees and the Iowas wedged between powerful Osages Sioux the horse and captive rich Comanche Empire French fur traders Spanish merchants and American Indian agents and explorers devised strategies of survival and diplomacy to retain autonomy during this era The Pawnees and the Iowas developed a strategy of cartographic resistance to predations by both Euro American imperial powers and strong indigenous empires navigating the volatile and rapidly changing world of the Great Plains by brokering their spatial and territorial knowledge either to stronger indigenous nations or to much weaker and conquerable American and European powers How the West Was Drawn is a revisionist and interdisciplinary understanding of the global imperial contest for North America s Great Plains that illuminates in fine detail the strategies of survival of the Pawnees the Iowas and the Lakotas amid accommodation to

predatory Euro American and Native empires *A Colorado History* Carl Ubbelohde, Maxine Benson, Duane A. Smith, 2006
For forty years *A Colorado History* has provided a comprehensive and accessible panoramic history of the Centennial State
From the arrival of the Paleo Indians to contemporary times this enlarged edition leads readers on an extraordinary
exploration of a remarkable place **Chronology of the American West** Scott C. Zeman, 2002-05-28 This four part
chronology presents the unfolding of the American West from 23 000 B C E to A D 2001 Not long ago the story of the
American West was an uncomplicated tale Its theme was The Winning of the West and its plot simply followed Euro
Americans as they galloped across the continent But throughout the last two decades historians like Scott C Zeman have
begun to examine the story and separate the myths from the facts Today the history of the American West is about the land
itself about conquest and colonization about migration and social change Its heroes are not only white men but also women
and children and peoples of African Asian Native American and European descent In this up to date chronology readers can
explore hundreds of political social and cultural plot points from the arrival of the continent s first migrants more than 20
000 years ago to the Wounded Knee Massacre in 1890 and from the completion of the trans Alaska pipeline in 1977 to the
shootings at Columbine High School in 2000 **Explorers of the American West** Jay H. Buckley, Jeffery D.
Nokes, 2016-03-28 With original primary source documents this anthology brings readers into the vast unknown 19th century
American West through the eyes of the explorers who saw it for the first time This volume brings together book excerpts
maps and illustrations from 12 explorers from the 19th century highlighting their lives and contributions Arranged
chronologically the 10 chapters focus on individual explorers with biographies and background information about and
document excerpts from each person The chapters offer analyses of each document s relevance to the historical period
geographic knowledge and cultural perspective This guide shares the important contributions from explorers like Lewis and
Clark Zebulon Pike Jedediah Smith James P Beckwourth John C Fremont Susan Magoffin and John Wesley Powell It also
nurtures readers historical literacy by modeling historians methods of analyzing primary sources Readers will see new and
familiar events from different perspectives including that of a woman traveling along the Santa Fe Trail one of the most
famous African American mountain men and a Civil War veteran among many others **A Companion to the American
West** William Deverell, 2008-04-15 *A Companion to the American West* is a rigorous illuminating introduction to the history of
the American West Twenty five essays by expert scholars synthesize the best and most provocative work in the field and
provide a comprehensive overview of themes and historiography Covers the culture politics and environment of the American
West through periods of migration settlement and modernization Discusses Native Americans and their conflicts and
integration with American settlers *The Natural History of the Long Expedition to the Rocky Mountains (1819-1820)*
Howard Ensign Evans, 1997 We accompany naturalist Edwin James as he becomes the first man to climb Pike s Peak and
roam with him in his role as botanist collecting a multitude of plant specimens 140 of which were described by him and

others as new Citizen Explorer Jared Orsi, 2014 Life and times biography of a key explorer of the US West *Warrior Nations* Roger L. Nichols, 2013-10-08 During the century following George Washington's presidency the United States fought at least forty wars with various Indian tribes averaging one conflict every two and a half years *Warrior Nations* is Roger L. Nichols's response to the question Why did so much fighting take place Examining eight of the wars between the 1780s and 1877 Nichols explains what started each conflict and what the eight had in common as well as how they differed He writes about the fights between the United States and the Shawnee Miami and Delaware tribes in the Ohio Valley the Creek in Alabama the Arikara in South Dakota the Sauk and Fox in Illinois and Wisconsin the Dakota Sioux in Minnesota the Cheyenne and Arapaho in Colorado the Apache in New Mexico and Arizona and the Nez Perce in Oregon and Idaho Virtually all of these wars Nichols shows grew out of small scale local conflicts suggesting that interracial violence preceded any formal declaration of war American pioneers hated and feared Indians and wanted their land Indian villages were armed camps and their young men sought recognition for bravery and prowess in hunting and fighting Neither the U S government nor tribal leaders could prevent raids thievery and violence when the two groups met In addition to U S territorial expansion and the belligerence of racist pioneers Nichols cites a variety of factors that led to individual wars cultural differences border disputes conflicts between and within tribes the actions of white traders and local politicians the government's failure to prevent or punish anti Indian violence and Native determination to retain their lands traditional culture and tribal independence The conflicts examined here Nichols argues need to be considered as wars of U S aggression a central feature of that nation's expansion across the continent that brought newcomers into areas occupied by highly militarized Native communities ready and able to defend themselves and attack their enemies American Indians in U.S. History Roger L. Nichols, 2014-09-26 This one volume narrative history of American Indians in the United States traces the experiences of indigenous peoples from early colonial times to the present day demonstrating how Indian existence has varied and changed throughout our nation's history Although popular opinion and standard histories often depict tribal peoples as victims of U S aggression that is only a part of their story In *American Indians in U S History* Roger L. Nichols focuses on the ideas beliefs and actions of American Indian individuals and tribes showing them to be significant agents in their own history Designed as a brief survey for students and general readers this volume addresses the histories of tribes throughout the entire United States Offering readers insight into broad national historical patterns it explores the wide variety of tribes and relates many fascinating stories of individual and tribal determination resilience and long term success Charting Indian history in roughly chronological chapters Nichols presents the central issues tribal leaders faced during each era and demonstrates that despite their frequently changing status American Indians have maintained their cultures identities and many of their traditional lifeways Far from vanishing or disappearing into the melting pot American Indians have struggled for sovereignty and are today a larger stronger part of the U S population than they have been in several centuries **Wild by Nature** Andrea L.

Smalley,2017-06-29 How did efforts to control wild animals affect colonization Winner of the CHOICE Outstanding Academic Title of the Choice ACRL From the time Europeans first came to the New World until the closing of the frontier the benefits of abundant wild animals from beavers and wolves to fish deer and bison appeared as a recurring theme in colonizing discourses Explorers travelers surveyors naturalists and other promoters routinely advertised the richness of the American faunal environment and speculated about the ways in which animals could be made to serve their colonial projects In practice however American animals proved far less malleable to colonizers designs Their behaviors constrained an English colonial vision of a reinvented and rationalized American landscape In *Wild by Nature* Andrea L Smalley argues that Anglo American authorities unceasing efforts to convert indigenous beasts into colonized creatures frequently produced unsettling results that threatened colonizers control over the land and the people Not simply acted upon by being commodified harvested and exterminated wild animals were active subjects in the colonial story altering its outcome in unanticipated ways These creatures became legal actors subjects of statutes issues in court cases and parties to treaties in a centuries long colonizing process that was reenacted on successive wild animal frontiers Following a trail of human animal encounters from the seventeenth century Chesapeake to the Civil War era southern plains Smalley shows how wild beasts and their human pursuers repeatedly transgressed the lines lawmakers drew to demarcate colonial sovereignty and control confounding attempts to enclose both people and animals inside a legal frame She also explores how to possess the land colonizers had to find new ways to contain animals without destroying the wildness that made those creatures valuable to English settler societies in the first place Offering fresh perspectives on colonial legal environmental and Native American history *Wild by Nature* reenvision the familiar stories of early America as animal tales *We Never Retreat* Edward A. Bradley,2015-02-09 The term filibuster often brings to mind a senator giving a long winded speech in opposition to a bill but the term had a different connotation in the nineteenth century invasion of foreign lands by private military forces Spanish Texas was a target of such invasions Generally given short shrift in the studies of American based filibustering these expeditions were led by colorful men such as Augustus William Magee Bernardo Gutierrez de Lara John Robinson and James Long Previous accounts of their activities are brief lack the appropriate context to fully understand filibustering and leave gaps in the historiography Ed Bradley now offers a thorough recounting of filibustering into Spanish Texas framed through the lens of personal and political motives why American men participated in them and to what extent the US government was either involved in or tolerated them *We Never Retreat* makes a major contribution by placing these expeditions within the contexts of the Mexican War of Independence and international relations between the United States and Spain *Colorado Day by Day* Derek Everett,2020-03-16 Copublished with History Colorado *Colorado Day by Day* is an engaging this day in history approach to the key figures and forces that have shaped Colorado from ancient times to the present Historian Derek R Everett presents a vignette for each day of the calendar year exploring Colorado s many facets through distilled tales of people places events

and trends Entries incorporate tales from each of the state s sixty four counties and feature both well known and obscure cultural moments including events in Native American African American Asian American Hispano and women s history Allowing the reader to explore the state s heritage as individual threads or as part of the greater tapestry Colorado Day by Day recovers much lost history and will be an entertaining and useful source of lore for anyone who enjoys or is curious about Colorado history

Surveying the Record Edward Carlos Carter,1999 Papers given at a conference on Scientific Exploration in North America to 1930 with topics including Cartography Oceanic Exploration Art Anthropology Lewis and Clark and the West This book adds much to our quest for knowledge of who and where we are by illuminating such themes as the role of maps and mapmaking in defining our national identity the origins of Western exploration the cultural clash found in the best selling account of a 19th century physician explorer with Arctic peoples the role of art in the service of science in bringing these newly discovered places and peoples into the Amer parlor and the impact of Mormon farming techniques on John Wesley Powell s famed 1878 Arid Region Report Black and white maps and illus *The U.S. Army Corps of Engineers*,2008 Product Description This illustrated book highlights the U S Army Corps of Engineers history from the battle of Bunker Hill to the war on terrorism an introduction to aspects and events in engineer history The Corps has a wealth of visual information drawings artwork photographs maps plans models and this book contains a montage of historical images from the Revolutionary War to the present in addition to many newly written articles This new history also features an extensive index to aid in finding a specific subject and researchers and interested individuals can be sure that they will find a solid historical perspective

Engraved Prints of Texas Mavis Parrott Kelsey,Robin Brandt Hutchison,2005 A collection of illustrated black and white engravings depicting the history of Texas from 1554 to 1900 presented chronologically and featuring a brief introduction to the historical background of each era Place of refuge for all time James A. Clifton,1975-01-01 This monograph contains a study of the movement of a large portion of the Potawatomi tribe from the states of Indiana Illinois Wisconsin and Michigan into Upper Canada in the period 1830 1850 It also examines the Canadian evidence to shed some light on not well understood features of Potawatomi social organization and ecological adaptations in the first decades of the nineteenth century Published in English The Oxford Handbook of Environmental History Andrew C. Isenberg,2017 The Oxford Handbook of Environmental History draws on a wealth of new scholarship to offer diverse perspectives on the state of the field

The Last American Frontier Frederic Logan Paxson,1910

Whispering the Strategies of Language: An Emotional Journey through **Stephen Long And The American Frontier**

In a digitally-driven earth where displays reign supreme and quick connection drowns out the subtleties of language, the profound secrets and psychological subtleties concealed within phrases usually move unheard. However, nestled within the pages of **Stephen Long And The American Frontier** a captivating literary value blinking with raw feelings, lies a fantastic journey waiting to be undertaken. Written by an experienced wordsmith, that marvelous opus invites readers on an introspective trip, delicately unraveling the veiled truths and profound impact resonating within ab muscles cloth of every word. Within the emotional depths of this moving evaluation, we can embark upon a genuine exploration of the book is core subjects, dissect their charming writing design, and succumb to the strong resonance it evokes deep within the recesses of readers hearts.
