Orwell D. J. Taylor,2015-07-28 Winner of the Whitbread Biography Award A profoundly moving and definitive portrait of George Orwell author of 1984 and larger than life literary genius The Daily Telegraph It was not easy to bury George Orwell After a lifetime of iconoclasm during which he professed no interest in religion and no affiliation with any church he asked to be buried in an Anglican churchyard but none would have him Orwell s friends fought for him to have a proper grave however and the author of 1984 Animal Farm and Homage to Catalonia among other brilliant works of prose poetry and journalism was laid to rest in a quiet country cemetery Almost immediately his legacy was in dispute Orwell did not want any biographies written of him but that has not stopped scholars from trying Of all those published since the author s death in 1950 D J Taylor s prize winning book is considered the most definitive Born in India Orwell spent his forty six years of life traveling the British Empire and confronting the world head on From the trenches of Spain to the top of bestseller lists Taylor presents Orwell fully as a writer social critic and human being **Into the Heart of the Fire** James K. Hopkins,1998

This book examines the experience of the British volunteers in the Spanish Civil War and places them in a broad intellectual political social and cultural framework *Telling Lies in Modern American Autobiography* Timothy Dow Adams,2017-10-10 All autobiographers are unreliable narrators Yet what a writer chooses to misrepresent is as telling perhaps even more so as what really happened Timothy Adams believes that autobiography is an attempt to reconcile one s life with one s self and he argues in this book that autobiography should not be taken as historically accurate but as metaphorically authentic Adams focuses on five modern American writers whose autobiographies are particularly complex because of apparent lies that permeate them In examining their stories Adams shows that lying in autobiography especially literary autobiography is not simply inevitable Rather it is often a deliberate highly strategic decision on the author s part Throughout his analysis Adams s standard is not literal accuracy but personal authenticity He attempts to resolve some of the paradoxes of recent autobiographical theory by looking at the classic question of design and truth in autobiography from the underside with a focus on lying rather than truth Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of

Miniature Monuments Helmut Puff, 2014-09-23 Miniature Monuments Modeling German History offers a series of essays on small scale models of bombed out cities Created between 1946 and the present these plastic renderings of places provide eerie glimpses of destruction and devastation resulting of the air war This study thus permits fresh angles on post war responses to the compounded losses of WW II and it does so through considering these miniature monuments of among others Frankfurt Munich Schwetzingen Heilbronn and Hiroshima in a deep cultural history that interlaces the sixteenth eighteenth and twentieth centuries Three dimensional renderings in diminutive size have rarely been subjected to rigorous theoretical reflection Conventionally models whether of ruins or intact spaces have been assumed to be easily legible that is they have been assumed to be vehicles of the authentic Yet rubble and other models should be theorized as complex simulacra of abstract realities and catalysts of memories Miniature Monuments thus tackles a haunting paradox building ruins The book elucidates how utterly contingent processes of crumbling and collapse the English words for the Latin ruina came to command such great interest in modern Europe that tremendous efforts were taken to uncover render and most of all recreate ruins

Romantic Moderns: English Writers, Artists and the Imagination from Virginia Woolf to John Piper Alexandra Harris, 2010-11-01 Winner of the 2010 Guardian First Book Award a groundbreaking reassessment of English cultural life in the thirties and forties In the 1930s and 1940s while the battles for modern art and modern society were being fought in Paris and Spain it seemed to some a betrayal that John Betjeman and John Piper were in love with a provincial world of old churches and tea shops Alexandra Harris tells a different story eclectically passionately wittily urgently English artists were exploring what it meant to be alive at that moment and in England They showed that the modern need not be at war with the past constructivists and conservatives could work together and even the Bauhaus migr L szl Moholy Nagy was beguiled into taking photos for Betjeman s nostalgic An Oxford University Chest A rich network of personal and cultural encounters was the backdrop for a modern English renaissance This great imaginative project was shared by writers painters gardeners architects critics and composers Piper abandoned purist abstracts to make collages on the blustery coast Virginia Woolf wrote in her last novel about a village pageant on a showery summer day Evelyn Waugh Elizabeth Bowen and the Sitwells are also part of the story along with Bill Brandt and Graham Sutherland Eric Ravilious and Cecil Beaton
