*Stephen of the Holy Mountain* Ronald E. Puhek, 1998-10      **The Holy Mountain** Constantine Cavarinos, 1973      *The Cult of Stephen in Jerusalem* Hugo Méndez, 2023-02-03 This study traces the rise of the cult of St Stephen in Jerusalem in the fifth century exploring such episodes as the fabrication of his relics the construction of a grand basilica in his honour and the multiplication of feast days as a conscious attempt to position Stephen as their patron saint and embodiment of Christian identity and power      The Eclectic Visual Culture of Medieval Moldavia Alice Isabella Sullivan, 2023-05-25 Winner of the 2023 Early Slavic Studies Book Prize from the Early Slavic Studies Association ESSA Best book Medieval Moldavia which was located within present day northeastern Romania and the Republic of Moldova developed a bold and eclectic visual culture beginning in the 15th century Within this networked Carpathian Mountain region art and architecture reflect the creativity and diversity of the cultural landscapes of Eastern Europe Moldavian objects and monuments ranging from fortified monasteries and churches enveloped in fresco cycles to silk embroideries delicately carved woodwork and metalwork as well as manuscripts gifted to Mount Athos and other Christian centers negotiate the complex issues of patronage and community in the region The works attest to processes of cultural contact and translation revealing how Western medieval Byzantine and Slavic traditions were mediated in Moldavian contexts in the post Byzantine period Winner of the 2023 Early Slavic Studies Book Prize awarded by the Early Slavic Studies Association ESSA for the best book published between Sept 1 2021 and August 31 2023 in the field of Early Slavic Studies pre 1800 The awarding committee praised the volume as the first English monograph to provide a comprehensive overview of Moldavia s artistic and architectural landscape during the 15th and 16th centuries locating the region as a significant facet in the global map of art history Official ESSA announcement      From the Holy Mountain William Dalrymple, 2012-10-02 In the spring of A D 587 John Moschos and his pupil Sophronius the Sophist embarked on a remarkable expedition across the entire Byzantine world traveling from the shores of Bosphorus to the sand dunes of Egypt Using Moschos s writings as his guide and inspiration the acclaimed travel writer William Dalrymple retraces the footsteps of these two monks providing along the way a moving elegy to the slowly dying civilization of Eastern Christianity and to the people who are struggling to keep its flame alive The result is Dalrymple s unsurpassed masterpiece a beautifully written travelogue at once rich and scholarly moving and courageous overflowing with vivid characters and hugely topical insights into the history spirituality and the fractured politics of the Middle East      Stephen the Great and Balkan Nationalism Jonathan Eagles, 2013-10-25 The defeat of the Ottoman Empire in the Balkans in 1475 at the Battle of Vaslui heralded the beginnings of a historic legacy The victor became known as Stephen the Great or Athleta Christi Champion of Christ Perceived as the founder of a Balkan identity Stephen the Great maintained Moldova s independence during periods of fierce Ottoman attack between 1457 and 1504 His Christian religious stance meant that in the eyes of Europe he had not only defeated a significant territorial threat but had elevated Christianity to a superior level as victors

over its Muslim opponents Here Jonathan Eagles seeks to unveil the mechanisms behind this legacy reviewing the state formations that allowed this national hero to emerge and explaining the methods that preserve his memory in the region today By combining the latest historical studies of the anti Ottoman resistance with new archaeological findings Stephen the Great and Balkan Nationalism engages with a fresh approach to the history of the Balkans and reinvigorates the study of the Ottoman Empire s impact in Europe This is an important book for those with an interest in medieval history Balkan history and the Ottomans

**From The Holy Mountain : A Journey** William Dalrymple,2004-02 In his third book William Dalrymple has dug deep to present the case of the Middle East s downtrodden Christians More hard hitting than either of his previous books From the Holy Mountain is driven by indignation While leavened with his characteristic jauntiness and humour it is also profoundly shocking Time and time again in the details of Dalrymple s discoveries I found myself asking why do we not know this The sense of unsung tragedy accumulates throughout the chapters of this book From the Holy Mountain is the most rewarding sort of travel book combining flashes of lightly worn scholarship with a powerful sense of place and the immediacy of the best journalism But more than that it is a passionate cri de coeur for a forgotten people which few readers will be able to resist Philip Marsden Spectator

*Mountain Dialogues from Antiquity to Modernity* Dawn Hollis,Jason König,2021-05-06 Throughout the longue dure of Western culture how have people represented mountains as landscapes of the imagination and as places of real experience In what ways has human understanding of mountains changed or stayed the same Mountain Dialogues from Antiquity to Modernity opens up a new conversation between ancient and modern engagements with mountains It highlights the ongoing relevance of ancient understandings of mountain environments to the postclassical and present day world while also suggesting ways in which modern approaches to landscape can generate new questions about premodern responses It brings together experts from across many different disciplines and periods offering case studies on topics ranging from classical Greek drama to Renaissance art and from early modern natural philosophy to nineteenth century travel writing Throughout essays engage with key themes of temporality knowledge identity and experience in the mountain landscape As a whole the volume suggests that modern responses to mountains participate in rhetorical and experiential patterns that stretch right back to the ancient Mediterranean It also makes the case for collaborative cross period research as a route both for understanding human relations with the natural world in the past and informing them in the present

**Mount Sinai** Joseph J. Hobbs,2014-02-19 This study of the Egyptian mountain widely believed to be Mount Sinai examines its geographical features sacred sites and the effects of rising tourism Amid the high mountains of Egypt s southern Sinai Peninsula stands Jebel Musa Mount Moses which many Christians and Muslims revere as Mount Sinai In this fascinating study Joseph Hobbs draws on geography and archaeology Biblical and Quranic accounts and a wide array of personal experiences from Christian monks to Bedouin shepherds medieval Europeans and casual tourists to explore why this mountain came to be considered a sacred place He also shows how that very perception now

threatens its fragile ecology and inspiring solitude After discussing the physical and geographic characteristics of Jebel Musa that suggest it as the most probable Mount Sinai Hobbs fully describes all Christian and Muslim sacred sites around the mountain He also views Mount Sinai from the perspectives of the Jabaliya Bedouins and the monks of the St Katherine Monastery both of whom have inhabited in the region for centuries Hobbs concludes his account with the international debate over whether to build a cable car on Mount Sinai and with an unflinching description of the negative impact of tourism on the delicate desert environment His book raises important troubling questions for everyone concerned about the fate of the earth's wild and sacred places

*Byzantine Sources for the Crusades, 1095-1204* Georgios Chatzelis, Jonathan Harris, 2024-11-14 The Christian Greek speaking Byzantine empire was placed rather uneasily between western Christendom and the Islamic world during the Crusade era Like all historical topics particularly medieval sources on the crusades give a variety of perspectives and accounts but Byzantine writers provide a unique outlook on these crucial events *Byzantine Sources for the Crusades 1095-1204* brings together important sources on the Crusades into one volume The texts translated here include established accounts such as selections from Anna Komnene's description of the passage of the First Crusade in 1096-8 John Kinnamos' writings on the Second Crusade and Niketas Choniates' studies on the Second and Third Crusades particularly covering the passage of German emperor Frederick I Barbarossa during the latter However less well known accounts are also translated and provided such as Zonaras and the contemporary letters of the archbishop of Ohrid during the First Crusade various poems and speeches recorded throughout the reigns of John II and Manuel I Komnenos and smaller accounts about crusaders passing through the Byzantine Empire This book covers up to the Fourth Crusade in which Niketas Choniates was an eye witness to the Siege of Constantinople in 1204 and later a refugee in Nicaea writing a series of speeches about the capture of the Byzantine capital and rallying the Byzantines to recover the city from the newly created Latin Empire This book will appeal to scholars and students alike studying the era of the Crusades in the East and the perspectives and accounts of Byzantine writers both at the time and after as well as all those interested in the history of the Byzantine Empire in the 11th, 12th and 13th centuries
