Stepping Out:

Stepping Out Theresa King, 2002-09-18 From facing a 20 year sentence to standing in the pulpit proclaiming The Gospel From Crime to Christ Have you ever felt that your life is hopeless that there is no way out of your current situation Good News There s hope This is the story of a changed life I was sinking with no hope within but The Hand of Jesus found me now I m reaching to others

Stepping Out Mrinal Pande, 2003-05-06 Consider the following Eleven out of twelve abortions in India are illegal The 2001 Census showed a decline in the number of females per thousand males in the most literate and prosperous states especially in the 0 5 age group The Private sector has more doctors and fewer beds than government hospitals thereby emphasizing out patient care And while Indian traditions sanctify fertility and motherhood government policies and health care services are focused on controlling fertility These are some of the paradoxes of India s health care system Mrinal Pande encountered when she set out on her journey across several states to put together information on the health of Indian women She soon realized it could not be a mere documentation of the history of reproductive health in India and the state of India s public health care system Through listening to women s perspectives on their bodies when they came for treatment and conversations with dedicated health workers she gained an insight into larger realities The result is a patchwork quilt of narratives about women s lives how they are affected by their environment their perspectives on male and female sexuality the mystery of pregnancy the joy of birth the fear of infertility and pain of backroom abortions and the often bleak world of adolescent girls Mrinal Pande also discusses important issues like the population policies followed by the government over a half a century and the consequences of a welfare state abdicating its obligation to provide basic health for all in its pursuit of globalization and market economics Through it all she reveals enormous faith in the role of non governmental organizations in providing better health care services the dedicated doctors and attendants who are making a difference helping women step out from the dark bylanes and silences of their lives to create a socio cultural milieu which restores their basic dignity and rights

Stepping Out of the Brain Drain Michele R. Pistone, John J.
