new way At the end of their journey the lighthouse appears out of the darkness shining brighter than before to lead them back to shore It is a moving reflection of how harmony and purpose can bring light The big guy in The Tiny People s Lighthouse says goodbye to the tiny people with a lot of love His promise to himself is that he will always remember how they taught him to be brave kind and friendly The locals go back to their homes knowing that their lighthouse will always be there to guide anyone who gets lost not just them This interesting book teaches kids a very important lesson by being brave and kind everyone no matter how big or small can make a big difference Chapter 1 The Small Town In a corner of a world that is very different from ours there is a secret alcove that can t be seen by people who look down from high places and take very big steps There are people living here but there aren t a lot of big buildings and loud noises Instead it s a small group of people who are so small that you would miss them even if you were right next to them These small groups of people have made their homes in perfect harmony with nature They sometimes hide from the mushroom caps that look like tiny umbrellas in the landscape either inside the hollows of old tree trunks or under the leaves of big trees They are happy with their lives and the small people who live in their secret world They are a clever and innovative group of people who make their own tools out of things they can find in nature They use sand grains as building blocks branches to make the beams for their homes and flowers to make the comfortable beds they sleep on Firefly lamps give off a soft glow that lights up every home in their world Spun spider silk windows let in warm light that makes a kaleidoscope of natural beauty A lighthouse is the most important thing in their town and a huge source of pride for their small community Compared to the grand lighthouses we re used to seeing this one is just a dot in the middle of their remote cove For the little people though it s a beautiful tower made of pebbles leaves and nut shells that the locals put together with great skill and spider silk When it gets dark the lighthouse always shines brightly showing the way and keeping people safe It gets its magical light from the glowworms that the little people take great care of Not only is this light a beacon but it s also a beautiful sparkling sign of how the little people work together to protect and guide each other The way people live in the small village is set by natural forces The tiny people rise along with the sun as it shines through their leafy canopy making a mosaic of light and shade All day long they can hear soft sounds from nature like streams running nearby the wind whispering and bees buzzing Their days are spent taking care of their gardens which are full of little vegetables and flowers of every color It always smells like sweet baking and sounds like happy kids singing Communities like theirs are very close and are based on trust and respect Each person makes a choice while sitting in the middle of town under the stars and the soft light of their lighthouse Each little person has a job to do and makes the town a better place to live Everyone s work is appreciated from farmers who take care of the land so that it yields lots of crops to workers who make clothes and blankets out of silk The little people are brave even though they are small They often go out into the vast wilderness that surrounds their town They move through streams on the backs of friendly bugs and use sticks as bridges to get across gaps Their world is full of fun things to do but their lighthouse always leads them

back to their safe town The soothing light from the tower makes you think of home and safety It talks about shared meals nights of laughter and how nice it is to be close to people you care about It s more than just a building it represents the little people s love determination and connection to the outside world The small town does well in this faraway part of the world showing what can be done when people work together toward a common goal Even though they are small tiny people have big hearts and goals People who see their lighthouse are given hope and it also serves as a warning that even a small light can get you through the darkest night Everything in this world is amazing every moment is loved and the lighthouse s soft glow at night makes every night better

Chapter 2 The Tall Man Who Got Lost

One very foggy evening a tall man was walking around and the mist was so thick that it looked like it covered the whole world in white This wanderer wasn t like most he was taller than all the small houses and trees that made up the hidden village of little people A tall one as the little people called him from the world outside their secret nook where the sky was big and the land was empty With his big steps and long legs the tall guy had pretty much stumbled upon the small people s secret town He was not only nearby but he was also totally lost and didn t know how to find his way home He was walking through the tall wild trees that surrounded the small town when all of a sudden fog came in and caught him off guard The trees were usually friendly and easy to spot but now they looked like huge shadows that were scary and bent in strange ways He felt like he was the only person in a huge never ending cloud of mist Paths that were visible during the day were now hidden He yelled hoping someone would answer but the fog made it impossible for him to speak Even though he was a big guy he felt small at that moment which is something that smaller people bravely deal with every day Instead of being excited about a trip his heart was racing with worry He only wanted the comfort of home even though he had always been an explorer eager to find new ways to do things and share stories He had been able to walk on these feet before but now they seemed shaky with each step they shook as if they were wondering Which way do we go As the evening went on the tall man s situation got worse It was hard to tell the difference between the sky and the ground because of the thick steady fog It looked like all directions were equal He had no sun or stars to help him find his way He had never been so lost before He wasn t only lost but he also felt cut off from everything he knew and held dear including his family and friends To see through the fog he lit a small lamp that was in his pocket But it looked like the light was hidden by the fog so it didn t offer much comfort or direction He thought about his home the people he loved the safety of his bed and the fire in the fireplace He thought about them wondering where he was and was getting more worried by the minute These thoughts didn t make him feel better instead they made him realize how far away he was from his own home Even though he was getting more and more down the tall guy kept going He chose to keep moving because he thought he would eventually find his way He told himself words of hope and encouragement with each step pleading with the world to lead him back to a place he knew He thought back to stories he had read about travelers who got through the hardest terrain by following the smallest clues and wonders People who got lost in those stories always found

their way back because they believed in the strange and impossible Choosing and Using Curriculum Joyce Herzog,2015-03-16 Have you ever asked yourself any of these questions What am I doing Why am I doing it that way Are there other ways Which way is best for my family Where do I get the resources I need to make it happen How do I avoid over spending on curriculum This book is a wealth of information Topics and chapters include Comparison of reading programs Comparison of math programs Developing written expression Adapting materials for special situations General homeschooling resources Resources for blind deaf and speech language Curriculum types and styles How to take a snapshot of your child s progress This book is a two hour read that will provide you with direction comfort and the means to make your homeschool some together in the ways you dream of It will help you clear your brain and know your mind and then find the resources you need to carry out your newly discovered vision You don t want to start homeschooling without it **Stepping Stones of Faith** Anita Edlund,2010-10-01 This Collection of preschool lessons examines twelve stepping stones of faith for preschoolers and develops them into complete lessons including a Bible story for each stepping stone activities snacks and music *Stepping Stones to Personal Empowerment* Rodney Groves,2009-06 In the book *Stepping Stones to Personal Empowerment* Rodney Groves takes a journey through history along with some of the greatest minds the world has produced to discover the hidden secrets to our mortal existence Combining the wisdom of contemporary and ancient philosophers along with spiritual leaders from all parts of the globe he presents a unique and in depth look at our human condition and what it takes to find inner peace enlightenment and meaning in our lives This is a sensible and easy to read book that the spiritual seeker will find enriches their life Here Rodney addresses key issues that we encounter in our every day living and shows us how to better understand ourselves and others He shows us the unique connection that each of us has with each other and with the living experience itself **Forthcoming Books** Rose Arny,1996-06 *Stepping Stones in Faith* Andrew Joosse,2020-11-30 In a world marked by bias and prejudice and a blatant disregard for truth Andrew Joosse writes of faith the hope and assurance which it brings He conveys that in the words of Martin Luther Life is not righteous but growth in righteousness is not health but healing we are not yet what we shall be but we are growing toward it In believing we find what we see is not all there is we are not yet what we shall be but we are growing toward it In faith we find assurance about what we do not see Hebrews 11 1 We see this faith portrayed in the Gospel in what Jesus was about It is not produced in moral living but it results in moral living It is captured not by good intentions but by love and respect for the people with whom we rub elbows on the street in the workplace in the home It is offered freely when we turn to God and confess our need and it is marked by trust that the One who gives faith is also faithful **Children's Books in Print** R R Bowker Publishing,Bowker,1999-12 **Baptist Bulletin** ,1996 Faith Over Fear Mandy Schaniel,2023-10-26 Fear that pesky four letter word drives so much of our life But what if we told our minds and our hearts to exchange fear for an even more powerful five letter word Faith Retired before age forty after climbing the ladder of many business industry titans like

Windows to the Heart of People of Faith Chris Anianwu,2013-04 The people who wrote their names in gold in the sight of God were people of faith Those ordinary people changed their world by believing God in the face of incredible odds Each of them passed through unimaginable circumstances but because they held unto God He moved in their favor To prove God as they did or to excel their exploits in the field of faith it is important for us to peep into their mindset when they were in the eyes of the storms of life The problem is that if we fail to walk in faith we miss God On the other hand if we fail to learn from people of faith we stand to lose A close look at what people of faith said or did when they were in the battlefield will help anybody who wants to travel far with God A good understanding of how they were feeling and proper appropriation to our circumstances will give us the much needed victory If they succeeded with few examples to guide them we can do better The ball is in our court

My Journey Linda Walker,2012-07-20 Throughout history God has used dreams visions and the prophetic word to instruct and encourage His people He still uses these methods to communicate with us today all we have to do is listen My Journey is a collection of revelations the Lord has given Linda Walker over the years Some of these prophetic words offered direction or warning while others were simply messages of love from the heavenly Father to His beloved child Although Linda did not immediately understand some of these messages looking back she can clearly see how God used each word to keep her on the right path God speaks to each of us in unique ways We must learn to listen for His voice My Journey will bless and encourage you to
