Life Equity Marsha Blackburn, 2008-12-30 The life you ve led has prepared you for the life you dream of For too long and for too many the word leadership has had a masculine ring to it Because women are such natural team players and consensus builders many may simply view a strong desire to lead as well a bit rude What we ve failed to realize is if you define leadership as the art of getting a group of people working together effectively toward a common goal then women bring some mighty powerful leadership skills to the table So why don t we jump in We long to dive into the challenges and make a difference but holding us back are questions and self doubt Do I have anything left to offer after my kids are grown What if I fall on my face Will anyone recognize what I have to offer Do I have what it takes to make a real difference How do I break into or get around the good ol boy network Whether you re a new college graduate an empty nester a divorce starting life on your own again or a discontented cubical worker Congressman Marsha Blackburn says you are an amazing talented woman Here is exciting news there is a key truth that will unlock extraordinary possibilities for you The simple but powerful truth is that your accumulated skills go with you The ordinary everyday tasks you have been performing are actually the foundation for getting you where you want to go In even

the most unglamorous roles you have built real leadership ability that has prepared you for bigger things Today more than ever the world needs leaders for jobs big and small and women have been training for these tasks their whole lives They can make a difference in their own lives and in our culture and you can too
