Webb,2010-09-01 In this important book Webb makes two central claims First that effective preaching without a manuscript is not a matter of talent as much as it is a matter of preparation Preachers can learn the practices and disciplines that make it possible to deliver articulate thoughtfully crafted sermons not from a written page but as a natural spontaneous act of oral communication Throughout the book the author offers specific examples including a transcript of a sermon preached without manuscript or notes Second that the payoff of learning to preach without a manuscript is nothing less than sermons that more effectively and engagingly give witness to the good news      *Inductive Preaching* Ralph L. Lewis,Gregg Lewis,1983 This book gives workable ideas that will help preachers capture and maintain the interest of their listeners without sacrificing the spiritual content of their message      **Speaking to Life's Problems** Lloyd Perry,Charles Sell,1983-04-05 Don t just preach the Bible preach it to people Your parishioners are hurting They have practical urgent problems They re asking tough questions Are your sermons answering those questions meeting those needs speaking to those problems More than a textbook on sermon preparation *Speaking to Life s Problems* gives you biblical and psychological insight into contemporary problems like anxiety guilt fear failure indecision and loneliness Rich in illustrations *Speaking to Life s Problems* is filled with short sermons and ideas that can be developed and fitted to your particular congregation or class making your lessons more engaging relevant and meaningful The best sermons are those that speak to the heart not just the mind These insights will help you deliver sermons that resonate with the whole person thus making a greater impact You can preach sermons that capture the attention of your

congregation speak effectively on subjects that matter to them and help resolve their tensions relieve their pressures and lighten their despair Helpful features include Extensive bibliography and sermon sources to help you find to relevant material Scriptural passages on each problem useful as sermon texts Spiritual guidance for preparing messages      **The Witness of Preaching** Thomas G. Long, 2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions      Planning Your Preaching Stephen Nelson Rummage, A pastor created and field tested easily adaptable method for planning a comprehensive preaching ministry
