Steps To Spiritual Perfection Studies On Spiritual Progress In Evagrius Ponticus:

Steps to Spiritual Perfection Jeremy Driscoll, 2005 Steps to Spiritual Perfection gathers eight studies into a single work that can serve as a companion volume to *Ad Monachos* in the Ancient Christian Writers series Paulist Press The book treats the following major themes of fourth century Egyptian monasticism spiritual progress exegesis purity of heart and monastic prayer and thereby bridges the distance between ourselves and this treasure from another time **BOOK JACKET**

Mystics William Harmless, 2008 In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harmless's case study approach brings things down to earth restoring mystics to their historical context

The Practical Christology of Philoxenos of Mabbug David A. Michelson, 2014-11-06 Philoxenos of Mabbug c 440-523 was a prolific late antique theologian and polemicist who produced the largest literary corpus to have survived in Syriac He earned a reputation as the leading Syriac opponent of the Council of Chalcedon 451 and its two nature Christology In *The Practical Christology of Philoxenos of Mabbug* David A. Michelson offers a new understanding of Philoxenos one nature Christology by interpreting the post Chalcedonian doctrinal disputes through a holistic analysis of Philoxenos life and works Michelson's close reading of the entire Philoxenian corpus reveals a miaphysite perspective on the Christological controversies in which the intellectual clash was not primarily over defining doctrine As a metropolitan bishop sponsor of a revised New Testament and monastic theologian Philoxenos was principally concerned with matters of Christian praxis and the ascetic pursuit of divine knowledge This book shows how he opposed Chalcedonian Christology because he was convinced its intellectual theological method was inimical to the mystical pursuit of divine knowledge through liturgical and ascetic practice Philoxenos polemical engagement drew upon a theological epistemology that he had adapted from Pro-Nicene theologians including Ephrem the Cappadocians and Evagrius Philoxenos argued that divine knowledge was not to be achieved through human understanding or doctrinal inquiry Instead true divine knowledge was attained through practice specifically contemplation reading of scripture participation in the liturgical mysteries and ascetic discipline Michelson considers each of these practices in turn to show how Philoxenos thought of opposition to Chalcedon as part of a larger vision of ascetic and spiritual struggle In short for Philoxenos conflict over Christology was foremost a practical matter

Psychology, Religion, and Spirituality James M. Nelson, 2009-02-17 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental understandings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these

interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical background Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult

Inquiry about the Monks in Egypt Rufinus of Aquileia, 2019-12-10 From September 394 to early January 395 seven monks from Rufinus of Aquileia's monastery on the Mount of Olives made a pilgrimage to Egypt to visit locally renowned monks and monastic communities Shortly after their return to Jerusalem one of the party whose identity remains a mystery wrote an engaging account of this trip Although he cast it in the form of a first person travelogue it reads more like a book of miracles that depicts the great fourth century Egyptian monks as prophets and apostles similar to those in the Bible This work was composed in Greek yet it is best known today as *Historia monachorum in Aegypto* *Inquiry about the Monks in Egypt* the title of the Latin translation of this work made by Rufinus the pilgrim monks abbot The *Historia monachorum* is one of the most fascinating fantastical and enigmatic pieces of literature to survive from the patristic period In both its Greek original and Rufinus's Latin translation it was one of the most popular and widely disseminated works of monastic hagiography during Late Antiquity and the Middle Ages Modern scholars value it not only for its intrinsic literary merits but also for its status alongside Athanasius's *Life of Antony* the Pachomian dossier and other texts of this ilk as one of the most important primary sources for monasticism in fourth century Egypt Rufinus's *Historia monachorum* is presented here in English translation in its entirety The introduction and annotations situate the work in its literary historical religious and theological contexts

Dictionary of Christian Spirituality Zondervan, 2016-11-22 In recent decades Christian spirituality spiritual formation and spiritual theology have become important concepts in the global evangelical community Consequently an accessible and reliable academic resource is needed on these topics one that will offer a discerning orientation to the wealth of ecumenical resources available while still highlighting the distinct heritage and affirming the core grace centered values of classic evangelical spirituality The *Dictionary of Christian Spirituality* reflects an overarching interpretive framework for evangelical spiritual formation a holistic and grace filled spirituality that encompasses relational connecting transformational becoming and vocational doing dynamics At the same time contributors respectfully acknowledge the differences between Reformed Holiness and Pentecostal paradigms of the spiritual life And by bringing together writers from around the world who share a common orthodoxy this reference work is truly global and

international in both its topical scope and contributors Entries give appropriate attention to concepts concerns and formative figures in the evangelical tradition of spirituality that other reference work neglect They offer a discerning orientation to the wealth of ecumenical resources available exploring the similarities and differences between Christianity and alternate spiritualities without lapsing into relativism The Dictionary of Christian Spirituality is a resource that covers a wide range of topics relating to Christian spirituality and is biblically engaged accessible and relevant for all contemporary Christians

The Greek Historia Monachorum in Aegypto Andrew Cain,2016-05-12 The Greek Historia Monachorum in Aegypto was one of the most widely read and disseminated Greek hagiographic texts during Late Antiquity and the Middle Ages To this day it remains alongside Athanasius Life of Antony one of the core primary sources for fourth century Egyptian monasticism as well as one of the most fascinating yet perplexing pieces of monastic hagiography to survive from the entire patristic period However until now it has not received the intensive and sustained scholarly analysis that a monograph affords In this study Andrew Cain incorporates insights from source criticism stylistic and rhetorical analysis literary criticism and historical geographical and theological studies in an attempt to break new ground and revise current scholarly orthodoxy about a broad range of interpretive issues and problems [The Cambridge Companion to Orthodox Christian Theology](#) Elizabeth Theokritoff,2008-12-18 Orthodox Christian theology is often presented as the direct inheritor of the doctrine and tradition of the early Church But continuity with the past is only part of the truth it would be false to conclude that the eastern section of the Christian Church is in any way static Orthodoxy building on its patristic foundations has blossomed in the modern period This volume focuses on the way Orthodox theological tradition is understood and lived today It explores the Orthodox understanding of what theology is an expression of the Church s life of prayer both corporate and personal from which it can never be separated Besides discussing aspects of doctrine the book portrays the main figures themes and developments that have shaped Orthodox thought There is particular focus on the Russian and Greek traditions as well as the dynamic but less well known Antiochian tradition and the Orthodox presence in the West **Apatheia in the Christian Tradition** Joseph H. Nguyen SJ,2018-02-21 To many modern people apatheia being without suffering without passion sounds like cold heartedness and indifference to others a condition to be avoided However in the classical world and for many in the historic Christian church it was a spiritual state to aspire to What exactly is apatheia What is its origin How has it been used in spiritual writings throughout the centuries of Christian practice And how may it help us today to articulate a Christian understanding of the soul s spiritual well being The central aim of the book is twofold to rediscover the meaning and function of the Greek term apatheia as it was understood and employed by the Stoics in their philosophical and religious writings and to explore how the theologians of the church Origen Evagrius John Cassian Maximus and Ignatius of Loyola interpreted apatheia for their spiritual practice Nguyen argues that the concept of apatheia in the Christian spiritual tradition connotes the state of spiritual peace or well being of the human soul wherein excessive and negative emotions such

as lust excessive desire for food and drink anger envy resentment self love and pride are replaced by reasonable desires love and humility

The Oxford Handbook of Maximus the Confessor Pauline Allen, Bronwen Neil, 2015-03-26 Maximus the Confessor c 580 662 has become one of the most discussed figures in contemporary patristic studies This is partly due to the relatively recent discovery and critical edition of his works in various genres including *On the Ascetic Life* *Four Centuries on Charity* *Two Centuries on Theology and the Incarnation* *On the Our Father* two separate *Books of Difficulties* addressed to John and to Thomas *Questions and Doubts* *Questions to Thalassius* *Mystagogy* and the *Short Theological and Polemical Works* The impact of these works reached far beyond the Greek East with his involvement in the western resistance to imperial heresy notably at the Lateran Synod in 649 Together with Pope Martin I 649 53 CE Maximus the Confessor and his circle were the most vocal opponents of Constantinople's introduction of the doctrine of monothelitism This dispute over the number of wills in Christ became a contest between the imperial government and church of Constantinople on the one hand and the bishop of Rome in concert with eastern monks such as Maximus John Moschus and Sophronius on the other over the right to define orthodoxy An understanding of the difficult relations between church and state in this troubled period at the close of Late Antiquity is necessary for a full appreciation of Maximus' contribution to this controversy The editors of this volume aim to provide the political and historical background to Maximus' activities as well as a summary of his achievements in the spheres of theology and philosophy especially neo Platonism and Aristotelianism

Salvation Through Temptation

Benjamin E. Heidgerken, 2021-06-04 *Salvation through Temptation* describes the development of predominant Greek and Latin Christian conceptions of temptation and of the work of Christ to heal and restore humankind in the context of that temptation focusing on Maximus the Confessor and Thomas Aquinas as well developed examples of Greek and Latin thought on these matters Maximus and Thomas represent two trajectories concerning the woundedness of human emotionality in the wake of the primordial human sin Heidgerken argues that Maximus stands in essential continuity with earlier Greek ascetic theology which conceives of the weakness of fallen humankind in demonological categories so that the Pauline law of sin is bound to external demonic agents that act upon the human mind through thoughts desires and sensory impressions For Thomas on the other hand this wound consists primarily of an internal disordering of the faculties that results from the withdrawal of original grace concupiscence or the fomes peccati Yet even in this framework the devil plays a significant role in Thomas's account of postlapsarian temptation On the basis of these differing frameworks for human temptation Heidgerken demonstrates the centrality of Christ's exemplarity in the Greek account and the centrality of Christ's moral perfections in the Latin account As a consequence of these emphases the Greek tradition of Maximus places distinct limits on the ability of human emotionality even that of Christ to be perfected in this life whereas Thomas's approach allows Christ to completely embody a perfected form of human emotionality in his earthly life Reciprocally Thomas's account of Christ's moral perfections and virtue places distinct limits on his affirmation of Christ's experience of postlapsarian temptation

whereas Maximus's account allows for Christ to experience interior forms of temptation that more closely mirror the concrete moral experiences and circumstances of fallen human beings. Salvation through Temptation recommends a retrieval of early ascetic theology and demonology as the best contemporary systematic and ecumenically viable approach to Christ's temptation and victory over the devil. **The Encyclopedia of Christian Literature** George Thomas Kurian, James D.

Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience. As vigorous in the 1st century as it is in the 21st, Christian literature has had a significant function in history, and teachers and students need to be reminded of this powerful literary legacy. Covering 2,000 years, *The Encyclopedia of Christian Literature* is the first encyclopedia devoted to Christian writers and books. In addition to an overview of the Christian literature, this two-volume set also includes 40 essays on the principal genres of Christian literature and more than 400 biobibliographical essays describing the principal writers and their works. These essays examine the evolution of Christian thought as reflected in the literature of every age. The companion volume also features bibliographies, an index, a timeline of Christian Literature, and a list of the greatest Christian authors. The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools, as well as to the growing body of Christian readers and bibliophiles. *Divine Scripture and Human Emotion in Maximus the Confessor* Andrew J. Summerson, 2020-12-29

In *Exegesis of the Human Heart*, Andrew J. Summerson explores how Maximus the Confessor uses biblical interpretation to develop an account of human passibility from fallen human passions to perfected human emotions among the divinized. This book features Maximus's role as a creative interpreter of tradition. Maximus inherits Christian thinking on emotion, which revises Stoic and Platonic thought according to biblical categories. Through a close reading of *Quaestiones ad Thalassium* and a wide selection of Maximus's works, Andrew J. Summerson shows that Maximus understands human emotion in an exegetical milieu and that Maximus places human emotion at the heart of his soteriology. Christ redeems passibility so the divinized can enjoy perfected emotional activity in the ever-moving repose of eternal life. *The Pelagian Controversy* Stuart

Squires, 2019-10-02 The Pelagian Controversy (411-431) was one of the most important theological controversies in the history of Christianity. It was a bitter and messy affair in the evening of the Roman Empire that addressed some of the most important questions that we ask about ourselves: Who are we? What does it mean to be a human being? Are we good or are we evil? Are we burdened by an uncontrollable impulse to sin? Do we have free will? It was comprised by a group of men who were some of the greatest thinkers of Late Antiquity, such as Augustine, Jerome, John Cassian, Pelagius, Caelestius, and Julian of Eclanum. These men were deeply immersed in the rich Roman literary and intellectual traditions of that time, and they along with many other great minds of this period tried to create equally rich Christian literary and intellectual traditions. This controversy, which is usually of interest only to historians and theologians of Christianity, should be appreciated by a wide audience because it was the primary event that shaped the way Christians came to understand the human person for the next

1 600 years It is still relevant today because anthropological questions continue to haunt our public discourse **Moral Formation and the Virtuous Life** Paul M. Blowers, 2019-07-02 In *Moral Formation and the Virtuous Life* volume editor Paul M Blowers has translated and gathered several key texts from early Christian sources to explore the broad themes of moral conscience and ethics Readers will gain a sense of how moral formation was part of a process sustained by pastoral instruction and admonition based on ritual practice baptism eucharist and liturgy as well as learned ethical behaviors related to moral issues such as sexual ethics marriage and celibacy wealth and poverty pagan entertainment military service and more *Moral Formation and the Virtuous Life* is part of *Ad Fontes Early Christian Sources* a series designed to present ancient Christian texts essential to an understanding of Christian theology ecclesiology and practice The books in the series will make the wealth of early Christian thought available to new generations of students of theology and provide a valuable resource for the Church Developed in light of recent Patristic scholarship the volumes will provide a representative sampling of theological contributions from both East and West The series aims to provide volumes that are relevant for a variety of courses from introduction to theology to classes on doctrine and the development of Christian thought The goal of each volume is not to be exhaustive but rather representative enough to denote for a non specialist audience the multivalent character of early Christian thought allowing readers to see how and why early Christian doctrine and practice developed the way it did **Palladius of Helenopolis** Demetrios S. Katos, 2011-11-17 This book examines the life work and thought of Palladius of Helenopolis ca 362 420 an important witness of late antique Christianity and author of the *Dialogue on the Life of St John Chrysostom* and the *Lausiac History* These compositions provide rich information concerning the downfall of John Chrysostom the Origenist controversy and many notable personalities such as John Chrysostom Theophilus of Alexandria Jerome Evagrius of Pontus and Melania the Elder The book examines Palladius role as an advocate on behalf of John Chrysostom and it employs late antique theories of judicial rhetoric and argumentation issue or stasis theory the significance of which is only now becoming apparent to late antique scholars and elicits new insights from the *Dialogue* regarding the controversy that resulted in the death of John Chrysostom The book also demonstrates that the *Lausiac History* promoted to the imperial court of Pulcheria the ascetic practices of his ascetic colleagues whom Jerome had recently decried as Origenists The book delineates Palladius understanding of asceticism Scripture contemplation prayer human freedom and theodicy to demonstrate a dependence upon the spirituality of his mentor Evagrius of Pontus and upon the broader theological legacy of Origen *The Fourfold Gospel, Volume 3* John DelHousaye, 2023-07-25 In the spirit of Ludolph of Saxony c 1295 1378 and Ignatius of Loyola 1491 1556 *The Fourfold Gospel* invites the reader into the mystery of God s redemption in Jesus Christ All the parallel passages in the Gospels are glossed together along with the unique material using a medieval interpretive approach called the Quadriga or the acronym PaRDeS in Hebrew Meditating on the literal canonical moral and theological senses of Scripture offers a scaffolding for the spiritual formation of the reader This volume focuses on the illuminative stage
