Stefan Zweig Randolph J. Klawiter, 2020-05-01 Originally published in 1965 this volume presented the only comprehensive bibliography of the writings of the Austrian novelist journalist and playwright Stefan Zweig and of the books and articles about his work *The World of Yesterday's Humanist Today* Marion Sonnenfeld, 1984-06-30 Fifty years ago Stefan Zweig who committed suicide in 1942 was the most widely read and translated living writer in the world Zweig's Vienna was a world of bright brittle superficialities in which the bourgeoisie gradually elevated the eternal business of seeing and being seen to the purpose of the existence To break through the facades of this society Zweig developed a remarkable literary and psychological method In *The World of Yesterday's Humanist Today* thirty scholars of history literature and music share their studies of Zweig and their insight into his works **The World of Yesterday's Humanist Today** Stefan Zweig Symposium (1981: Fredonia, N.Y.), 1983-01-01 France 1837 was the third volume published in Cooper's *Gleanings in Europe* series but first in the chronology of his European experience Less sequential than his other travel narratives *France* distills his impressions of French and European culture during his first two years abroad Exhibiting many qualities of the familiar essay it considers a wide range of topics of interest to Cooper his friends and potential readers in the United States As a celebrity thoroughly at home in the brilliant society of Bourbon Paris Cooper was able to provide fascinating glimpses of personalities spectacles institutions and manners from his distinctly American perspective Indeed as Professor Philbrick remarks No other of Cooper's works perhaps brings us closer to his speaking voice or puts us more directly in contact with the man himself with all his idiosyncratic preoccupations his quick resentments his restless curiosity his surprising humor and his nobility of principle The reader of this edition is brought even closer to Cooper in the draft of a hitherto unpublished letter probably intended for this book which illustrates Cooper's grasp of the still finer points of French customs and attitudes *Marie Antoinette: The Portrait of an Average Woman* Stefan Zweig, 2019-08-09 Originally published in 1932 and for decades since one of Stefan Zweig's most popular biographies this portrait of an average woman betrothed at fourteen crowned queen at nineteen and beheaded at thirty seven aimed not to deify but to humanize Supplementing library and archival research with psychological insight *Marie Antoinette: The Portrait of an Average Woman* is a vivid narrative of France's most famous queen her relations with her mother Empress Maria Theresa her husband Louis XVI and her lover Swedish Count von Fersen set against the backdrop of the French and Austrian courts of the ancien régime the French Revolution and the Terror the biography to end all biographies on Marie Antoinette Zweig's book possesses all the qualities of the excellent biography directness frankness full exposition picturesqueness characterization color and delectable readableness *The New York Times* Powerful magnificent poignant *The New Republic* A stupendous and superb piece of work *Chicago Daily Tribune* **Three Masters: Balzac, Dickens, Dostoevsky** Stefan Zweig, 2019-08-16 In these early 20th century literary essays Stefan Zweig offers a Central European view of the writers he believed to be the three greatest

novelists of the 19th century Balzac Dickens and Dostoevsky In Zweig's view Balzac set out to emulate his childhood hero Napoleon Writing 20 hours a day Balzac's literary ambition was tantamount to monomania in its persistence its intensity and its concentration His characters each similarly driven by one desperate urge were more vital to Balzac than people in his daily life In Zweig's reading Dickens embodied Victorian England and its bourgeois smugness His characters aspire to A few hundred pounds a year an amiable wife a dozen children a well appointed table and succulent meats to entertain their friends with a cottage not too far from London the windows giving a view over the green countryside a pretty little garden and a modicum of happiness The ideal of middle class respectability suffuses Dickens fiction Dostoevsky drew on the struggles of his own life to illuminate the contradictions of the human soul In Zweig's view his heroes had no desire to be citizens or ordinary human beings While Balzac's heroes would gladly have subjugated the world Dostoevsky's heroes wished to transcend it

Married to Stefan Zweig Friderike Zweig, 2019-08-15 An essential companion piece to Stefan Zweig's classic *The World of Yesterday* this memoir addresses many of the questions that this internationally celebrated author raised but did not answer A professional journalist and researcher in her own right who first encountered Zweig in 1908 Friderike threads her story between what Zweig called the Scylla of exaggerated candor and the Charybdis of self love She paints a detailed portrait of her famous husband from his birth into a wealthy Jewish family in late 19th century Vienna to his suicide with his second wife in Brazil in 1942 *Married to Stefan Zweig* first published in 1946 under the title *Stefan Zweig* provides a thorough overview of the writer's poems plays stories biographies essays and articles his work habits and his relations with editors publishers friends mentors and protégés Friderike also illuminates facets of the tumultuous context of political and social upheaval in which Zweig worked during his years in Salzburg and London *Married to Stefan Zweig* is among the very small number of women's memoirs from 20th century Central Europe and an unusual portrait of a marriage anywhere anytime

The Struggle with the Daemon: Hölderlin, Kleist, Nietzsche Stefan Zweig, 2019-08-15 Stefan Zweig's literary portraits of three tormented giants of German literature Friedrich Hölderlin Heinrich von Kleist and Friedrich Nietzsche contrasts them with Goethe who was anchored in place by profession home and family For Zweig everyone whose nature excels the commonplace everyone whose impulses are creative wrestles inevitably with his daemon which Zweig describes as the incorporation of that tormenting leaven which impels our being towards danger immoderation ecstasy renunciation and even self destruction In these essays Zweig depicts the tragic and sublime lifelong struggle by three great creative minds with their respective daemons

Balzac Stefan Zweig, 2019-08-09 Zweig devoted ten years of research and writing to Balzac which he regarded as his crowning achievement This late work reads like a picaresque novel with Balzac's quest for a woman with a fortune and recurrent episodes of the author chasing an elusive pot of gold driving the story This biography of one classic author by another is filled with Zweig's characteristic psychological insights He portrays the energy and exuberance of imagination that produced some two thousand characters in *La comédie humaine* as well as the daily

details of the coffee chugging writer's life his manic writing schedule method of correcting proofs dealing with publishers and reviewers signing contracts doing marketing and publicity Balzac blends biography and literary history in a highly readable volume that will teach you French cultural history as you laugh out loud Balzac is sure to entertain instruct and charm It is a work of art alive with the teeming life of its model It is true both to facts and to the more elusive psychological and spiritual truth of a man who has remained one of the most mysterious of great creators Henri Peyre Sterling professor of French Literature Yale University The New York Times

The World of Yesterday Stefan Zweig, 2013-08-06 Stefan Zweig 1881-1942 was a poet novelist and dramatist but it was his biographies that expressed his full genius recreating for his international audience the Elizabethan age the French Revolution the great days of voyages and discoveries In this autobiography he holds the mirror up to his own age telling the story of a generation that was loaded down with a burden of fate as was hardly any other in the course of history Zweig attracted to himself the best minds and loftiest souls of his era Freud Yeats Borgese Pirandello Gorky Ravel Joyce Toscanini Jane Addams Anatole France and Romain Rolland are but a few of the friends he writes about

Reflections on Europe Hans-Åke Persson, 2007 When Dutch and subsequently French voters rejected the Draft Treaty for a Constitution for Europe in Spring 2005 many voices called for a pause for reflection This book is in part a result of that moment of reflection We wanted to contribute to the debate about Europe but crucially we sought to do so by taking a step back from the problem formation and agenda setting of Brussels For the authors of this volume one key to establishing critical distance has been the reappraisal of the historical perspective Another has been the problematisation of Europe as a space as opposed to looking for a definition of borders The authors also seek critical distance through a focus on the tension between Europe as a culture as a polity and as an economy These tensions have often been neglected or even ignored and the relationships have been seen as more or less synonymous and harmonious The aim of this volume then is two fold It wants developing a critical distance to the present Europe to contribute to the vivid academic research and debate on Europe which too often either develops distance without commenting on the present state of affairs or comments on the present without critical

distance *Adepts in Self-Portraiture: Casanova, Stendhal, Tolstoy* Stefan Zweig, 2019-08-16 Written in the 1920s Zweig's work of literary criticism and biography might today be titled *Masters of Memoir*. In it Stefan Zweig, one of the 20th century's most widely published writers, describes the creative process and work of authors for whom no subject is as compelling as the material of their own lives. *Adepts in Self-Portraiture* examines the lives and work of three men who represent in Zweig's view three levels of development in autobiographical writing. The first and most basic level is evinced by Giacomo Casanova, the Venetian womanizer who records his sexual and social conquests, adventures and escapes without attempting to analyze or even reflect on them. The second level of self-portraiture is exemplified by Stendhal, the French pioneer of psychological fiction who kept voluminous notebooks on his own experience of life and on whom no nuance of feeling seems to have been lost. Russian master Leo Tolstoy represents the third and highest level of autobiographical writing in which the psychological is imbued with the spiritual and ethical. In *Adepts in Self-Portraiture* Stefan Zweig examines the impulses that give rise to life writing and anticipates the current popularity of the memoir form.

The Blitzkrieg Legend Karl-Heinz Frieser, 2013-04-11 Here for the first time in English is an illuminating new German perspective on the decisive Blitzkrieg campaign of 1940. Karl Heinz Frieser's account provides the definitive explanation for Germany's startling success and the equally surprising and rapid military collapse of France and Britain on the European continent. In a little over a month Germany decisively defeated the Allies in battle, a task that had not been achieved in four years of brutal fighting during World War I. First published in 1995 as the official German history of the 1940 campaign in the west, the book goes beyond standard explanations to show that German victory was not inevitable and French defeat was not preordained. Contrary to the usual accounts of the campaign, Frieser illustrates that the military systems of both Germany and France were solid and that their campaign planning was sound. The key to victory or defeat, he argues, was the execution of operational plans, both preplanned and ad hoc, amid the eternal Clausewitzian combat factors of friction and the fog of war. Frieser shows why, on the eve of the campaign, the British and French leaders had good cause to be confident and why many German generals were understandably concerned that disaster was looming for them. This study explodes many of the myths concerning German Blitzkrieg warfare and the planning for the 1940 campaign. A groundbreaking new interpretation of a topic that has long interested students of military history, it is being published in cooperation with the Association of the U.S. Army.

Mental Healers: Franz Anton Mesmer, Mary Baker Eddy, Sigmund Freud Stefan Zweig, 2019-08-16 This Plunkett Lake Press eBook is produced by arrangement with Viking, an imprint of Penguin Publishing Group, a division of Penguin Random House LLC. Health is natural; sickness is unnatural. At least so it seems to man. Is how Stefan Zweig begins his fascinating, often entertaining examinations of Franz Anton Mesmer, Mary Baker Eddy, and Sigmund Freud. Bodily suffering is not assuaged by technical manipulation but through an act of faith. *Mental Healers* is dedicated to Albert Einstein, the scientist who had won the Nobel Prize for Physics in 1921. It first appeared in 1931 as *Die Heilung durch den Geist* or *Healing Through the Spirit*. A

title that anticipates our current interest in alternative medicine and the placebo effect Zweig's first healer Franz Anton Mesmer 1734-1815 was a German physician who introduced animal magnetism to the world Viewed by many as a charlatan he died an outcast before he could properly understand and explain his discovery Zweig's second healer Mary Baker Eddy 1821-1910 was a New England matron who found her vocation only in middle age She established Christian Science an American Protestant system of religious practice that rejects medical intervention when she was almost 60 Zweig's third healer Sigmund Freud 1856-1939 was the Viennese Jewish physician who founded psychoanalysis Zweig who knew Freud and delivered a eulogy at his funeral describes Freud's then new ideas with the insight of an artist who lived in the same time and place Fluently written and psychologically astute *Mental Healers* is compelling cultural history and a valuable window onto the genesis of new ideas in healing Mesmer Eddy and Freud were critical figures alerting the modern world to the influences of the mental and emotional on health and illness Their impact was tremendous and Zweig's classic study provides a wonderful opportunity to engage with these significant innovators Ted Kaptchuk Professor of Medicine Harvard Medical School Director Program in Placebo Studies *Therapeutic Encounter* **Beethoven** Michael Spitzer, 2017-07-05 Our image of Beethoven has been transformed by the research generated by a succession of scholars and theorists who blazed new trails from the 1960s onwards This collection of articles written by leading Beethoven scholars brings together strands of this mainly Anglo American research over the last fifty years and addresses a range of key issues The volume places Beethoven scholarship within a historical and contemporary context and considers the future of Beethoven studies **Barcelona, Berlin, New York** Dietrich Bonhoeffer, Clifford J.
