Steven Awalt

Steven Spielberg The Making Of His Movie:

Children in the Films of Steven Spielberg Adrian Schober, Debbie Olson, 2016-04-13 To say that children matter in Steven Spielberg's films is an understatement Think of the possessed Stevie in *Something Evil* TV Baby Langston in *The Sugarland Express* the alien abducted Barry in *Close Encounters* Elliott and his unearthly alter ego in *E.T.* the war damaged Jim in *Empire of the Sun* the little girl in the red coat in *Schindler's List* the mecha child in *A.I.* the kidnapped boy in *Minority Report* and the eponymous boy hero of *The Adventures of Tintin* There are many other instances across his oeuvre Contradicting his reputation as a purveyor of popcorn entertainment Spielberg's vision of children childhood is complex Discerning critics have begun to note its darker underpinnings increasingly fraught with tensions conflicts and anxieties But while childhood is Spielberg's principal source of inspiration the topic has never been the focus of a dedicated collection of essays The essays in *Children in the Films of Steven Spielberg* therefore seek to address childhood in the full spectrum of Spielberg's cinema Fittingly the scholars represented here draw on a range of theoretical frameworks and disciplines cinema studies literary studies audience reception critical race theory psychoanalysis sociology and more This is an important book for not only scholars but teachers and students of Spielberg's work and for any serious fan of the director and his career **Steven Spielberg**

Joseph McBride, 2011-01-04 Until the first edition of *Steven Spielberg A Biography* was published in 1997 much about Spielberg's personality and the forces that shaped it had remained enigmatic in large part because of his tendency to obscure and mythologize his own past But in this first full scale in depth biography of Spielberg Joseph McBride reveals hidden dimensions of the filmmaker's personality and shows how deeply personal even his most commercial work has been This new edition adds four chapters to Spielberg's life story chronicling his extraordinarily active and creative period from 1997 to the present a period in which he has balanced his executive duties as one of the partners in the film studio DreamWorks SKG with a remarkable string of films as a director Spielberg's ambitious recent work including *Amistad* *Saving Private Ryan* *A.I. Artificial Intelligence* *Minority Report* *The Terminal* and *Munich* has continually expanded his range both stylistically and in terms of adventurous often controversial subject matter *Steven Spielberg A Biography* brought about a reevaluation of the great filmmaker's life and work by those who viewed him as merely a facile entertainer This new edition guides readers through the mature artistry of Spielberg's later period in which he manages against considerable odds to run a successful studio while maintaining and enlarging his high artistic standards as one of America's most thoughtful sophisticated and popular filmmakers **Introduction to Steven Spielberg**

Gilad James, PhD, Steven Spielberg is an American filmmaker and producer widely recognized as one of the most influential directors in the history of cinema Born on December 18 1946 in Cincinnati Ohio Spielberg developed an early interest in filmmaking and began making amateur movies as a child He attended California State University and later transferred to the University of Southern California's School of Cinematic Arts where he directed his first short film *Amblin* which earned him critical acclaim Spielberg's breakthrough as a

filmmaker came in 1975 with the release of the film *Jaws* which became one of the most successful and revolutionary films of all time. Over the course of his career Spielberg has directed numerous blockbuster hits including *Close Encounters of the Third Kind*, *E.T. the Extra Terrestrial*, *Raiders of the Lost Ark*, *Jurassic Park*, and *Saving Private Ryan*. Spielberg's work has earned him numerous accolades including three Academy Awards for Best Director, and his films have grossed more than 10 billion worldwide, making him one of the highest grossing directors of all time. In addition to his filmmaking career, Spielberg has also been involved in philanthropic work, including his establishment of the Shoah Foundation in 1994, which is dedicated to preserving the testimonies of Holocaust survivors via recorded interviews. His work has had a profound impact on the film industry and popular culture, with his films often exploring themes of humanity, identity, and social issues. As one of the most renowned and respected filmmakers of all time, Steven Spielberg's work continues to captivate and inspire audiences around the world.

A Companion to Steven Spielberg Nigel Morris, 2017-02-15 *A Companion to Steven Spielberg* provides an authoritative collection of essays exploring the achievements and legacy of one of the most influential film directors of the modern era. Offers comprehensive coverage of Spielberg's directorial output from early works including *Duel*, *The Sugarland Express*, and *Jaws* to recent films. Explores Spielberg's contribution to the development of visual effects and computer games, as well as the critical and popular reception of his films. Topics include in-depth analyses of Spielberg's themes, style, and filming techniques; commercial and cultural significance of the Spielberg brand; and his parallel career as a producer and collaborative projects with artists and composers. Brings together an international team of renowned scholars and emergent voices, balancing multiple perspectives and critical approaches. Creates a timely and illuminating resource which acknowledges the ambiguity and complexity of Spielberg's work and reflects its increasing importance to film scholarship.

Steven Spielberg's America Frederick Wasser, 2013-05-07 Steven Spielberg is known as the most powerful man in New Hollywood and a pioneer of the contemporary blockbuster. America's most successful export, his career began a new chapter in mass culture. At the same time, American post-war liberalism was breaking down. This fascinating new book explains the complex relationship between film and politics through the prism of an iconic filmmaker. Spielberg's early films were a triumphant emergence of the Sunbelt aesthetic that valued visceral kicks and basic emotions over the ambiguities of history. Such blockbusters have inspired much debate about their negative effect on politics and have been charged as being an expression of the corporatization of life. Here Frederick Wasser argues that the older Spielberg has not fully gone this way, suggesting that the filmmaker recycles the populist vision of older Hollywood because he sincerely believes in both big time moviemaking and liberal democracy. Nonetheless, his stories are burdened by his generation's hostility to public life, and the book shows how he uses filmmaking tricks to keep his audience with him and to smooth over the ideological contradictions. His audiences have become more global as his films engage history. This fresh and provocative take on Spielberg in the context of globalization, rampant market capitalism, and the hardening socio-political landscape of the United States will be

fascinating reading for students of film and for anyone interested in contemporary America and its culture **Steven Spielberg** George C. Perry, 1998 Chronicles the making of Spielberg's films and includes unabridged reviews and full credit lists for each film Steven Spielberg Philip M. Taylor, 1999 On Spielberg's life and works *Steven Spielberg's Children* Linda Ruth Williams, 2025-08-12 Why has Steven Spielberg's work been so often identified with childhood and children How does the director elicit such complex performances from his young actors Steven Spielberg's Children is the first book to investigate children childhood and Spielberg's employment of child actors together and in depth Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as E.T. The Extra Terrestrial A.I. Artificial Intelligence and Empire of the Sun as well as less discussed roles in films such as War of the Worlds The BFG and Jurassic Park this book shows children to be key players in the director's articulation of childhood since the 1970s Steven Spielberg's Children presents children and childhood in some surprising ways not only analyzing boyhood and girlhood according to Spielberg but considering children as alien adult children who refuse to grow up and children who aren't even human It discusses the way in which children have served to cast Spielberg as a sentimentalist but also how they are more frequently framed as complex cruel and canny The child might be dangled as bait in an exploitation horror scenario Jaws might become the image of universal higher beings Close Encounters of the Third Kind or might be a young cultural creator like the director was himself The Fabelmans born with a camera glued to his eye The child on both sides of the camera is a resonant image signifying all that adult culture wants it to be yet resisting this through authorship of their own stories The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema and how Spielberg's children have fared as performers and celebrities **Roy Scheider** Diane C. Kachmar, 2002-01-01 Over his 30 plus year acting career Roy Scheider has redefined America's idea of a leading man thanks to his talent for playing an urban everyman that audiences relate to and root for despite his flaws and failures He rose to fame in the early 1970s in the Oscar winning films Kluge and The French Connection his first Oscar nomination Roy garnered more critical acclaim in Jaws and Marathon Man as well as a second Oscar nomination for All That Jazz Scheider's life and career are chronicled in this work Beginning with his childhood in New Jersey which included a somewhat rocky relationship with his father and three bouts of rheumatic fever it then traces his development from a community theater actor to a world renowned movie star It covers his most recent activities including work in the Golden Globe winning RKO 281 released in 2000 and the Shakespearean drama King of Texas released in 2002 Includes a complete filmography **New York Magazine** , 1986-03-24 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Steven Spielberg Steven

Spielberg, 2000 Spanning 25 years of Spielberg's career this book explores the issues, themes and financial considerations surrounding his works. The blockbuster creator of E.T., Jaws and Schindler's List talks about dreams and the almighty dollar. Includes 10 film stills, chronology, filmography and index. Steven Spielberg and Duel Steven Awalt, 2014-03-14 Since the early 1970s Steven Spielberg has directed more than two dozen films, many of which have achieved classic status. In addition to critical and commercial successes that include E.T., the Extra Terrestrial, Schindler's List, Saving Private Ryan and Lincoln, Spielberg's name has become synonymous with such thrilling adventure films as Jaws, Raiders of the Lost Ark, Jurassic Park and Minority Report. Before he became a world renowned filmmaker, however, Spielberg established himself on television, helming episodes of Rod Serling's Night Gallery, Marcus Welby, M.D. and Columbo. But it was the small screen version of a Richard Matheson short story that brought the young director's work to the attention of critics and viewers alike. In Steven Spielberg and Duel: The Making of a Film Career, Steven Awalt provides an exhaustive study commemorating the film that decisively launched the career of a major film artist. Through in-depth research and interviews with the film's creative and technical crew, the author tracks the film from genesis through production to release. Awalt conducted lengthy one-on-one interviews with Spielberg, Matheson, assistant director James Fargo, editor Frank Morrice, composer Billy Goldenberg, former MCA Universal president Sidney J. Sheinberg and writer/producer Steven Bochco, among others. Spielberg provided access to many rare documents from his archives, including multiple drafts of *Duel*'s teleplay, the shooting schedule, shooting logistics breakdowns and production correspondence. The first book-length examination of this important production in the director's early career, Steven Spielberg and Duel also includes the original teleplay by Matheson, four additional scenes created for the international theatrical release of the film, photos and storyboards of the film's final sequence. A fascinating look behind the scenes of an acclaimed work, this book will interest not only scholars and film historians but anyone interested in the work of Richard Matheson and Steven Spielberg. *Hollywood and the Baby Boom* James Russell, Jim Whalley, 2017-12-28 Between 1946 and 1964, seventy-five million babies were born, dwarfing the generations that preceded and succeeded them. At each stage of its life cycle, the baby boom's great size has dictated the terms of national policy and public debate. While aspects of this history are well documented, the relationship between the baby boom and Hollywood has never been explored. And yet for almost 40 years, baby boomers made up the majority of Hollywood's audience, and since the 1970s boomers have dominated movie production. *Hollywood and the Baby Boom* weaves together interviews with leading filmmakers, archival research and the memories of hundreds of ordinary filmgoers to tell the full story of Hollywood's relationship with the boomers for the first time. The authors demonstrate the profound influence of the boomers on the ways that movies were made, seen and understood since the 1950s. The result is a compelling new account that draws upon an unprecedented range of sources and offers new insights into the history of American movies.
