Stickin To The Union Local 2224 Vs John Buhler:

Stickin' to the Union Doug Smith,2004 **Stickin' to the Union** Doug Smith,2004 This narrative of the nine month battle between the striking workers at Versatile Industries and their eccentric wealthy employer John Buhler is critical reading for anyone seeking to understand the state of contemporary labor relations and the failure of governments to protect ordinary people and their communities Our Union Jason Russell,2011 The post war period witnessed dramatic changes in the lives of working class families Wages rose working hours were reduced pension plans and state social security measures offered greater protection against unemployment illness and old age the standard of living improved and women and members of immigrant communities entered the labour market in growing numbers Existing studies of the post war period have focused above all on unions at the national and international levels on the post war settlement including the impact of Fordism and on the chiefly economic issues surrounding collective bargaining while relatively scant attention has been paid to the role of the union local in daily working class experience In *Our Union* Jason Russell argues that the union local as an institution of working class organization was a key agent for the Canadian working class as it sought to create a new place for itself in the decades following World War II Using UAW CAW Local 27 a broad based union in London Ontario as a case study he offers a ground level look at union membership including some of the social and political agendas that informed union activities As he writes in the introduction This book is as much an outgrowth of years of rank and file union activism as it is the result of academic curiosity Drawing on interviews with former members of UAW CAW Local 27 as well as on archival sources Russell offers a narrative that will speak not only to labour historians but to the people about whom they write *Shifting Gears* Stephanie Ross,Larry Savage,2024-09-03 In the decades following the Second World War autoworkers were at the forefront of the labour movement Their union urged members to rally in the streets and use the ballot box to effect change for all working class people But by the turn of this century the Canadian Auto Workers union had begun to pursue a more defensive political direction *Shifting Gears* traces the evolution of CAW strategy from transformational activism to transactional politics Class based collective action and social democratic electoral mobilization gave way to transactional partnerships as relationships between the union employers and governments were refashioned This new approach was maintained when the CAW merged with the Communications Energy and Paperworkers Union in 2013 to create Unifor Canada s largest private sector union Stephanie Ross and Larry Savage explain how and why the union shifted its political tactics offering a critical perspective on the current state of working class politics Defying Expectations Jason Foster,2018-01-26 In October 2005 Jason Foster then a staff member of the Alberta Federation of Labour was walking a picket line outside Lakeside Packers in Brooks Alberta with the members of local 401 It was a first contract strike And although the employees of the meat packing plant many of whom were immigrants and refugees had chosen an unlikely partner in the United Food and Commercial Workers local the newly formed alliance allowed the workers to stand

their ground for a three week strike that ended in the defeat of the notoriously anti union company Tyson Foods It was but one example of a wide range of industries and occupations that local 401 organized over the last twenty years In this study of UFCW 401 Foster investigates a union that has had remarkable success organizing a group of workers that North American unions often struggle to reach immigrants women and youth By examining not only the actions and behaviour of the local s leadership and its members but also the narrative that accompanied the renewal of the union Foster shows that both were essential components to legitimizing the leadership s exercise of power and its unconventional organizing forces
