Still Horsin' Around Don Coldsmith,2002-06 Still Horsin' Around Stu Campbell,199? **Aren't You Bojack Horseman?** Harriet E.H. Earle,2024-01-04 When the final episode of BoJack Horseman aired on Netflix in 2020 it was to massive critical and popular acclaim Across six seasons viewers followed the exploits of a washed up sitcom actor and his wacky collection of friends set against the fading glitz of Hollywood and played out through a distinct cast of both human and anthropomorphic characters Before the series even concluded it was clear that it would be the topic of research and discussion long beyond its relatively short run This collection brings together essays about the ways this series handles complex and highly nuanced topics within three main themes mental health masculinity and the perils of celebrity With contributions from researchers across a broad range of fields these essays offer a variety of perspectives on these themes how they are represented within the show and the ways that both characters and viewers engage with them **Closures** Grace Lavery,2024-01-26 From The Mary Tyler Moore Show to Arrested Development to BoJack Horseman the American sitcom revolves around crises that must be resolved by episode s end with a new crisis to come next week In Closures Grace Lavery reconsiders the genre s seven decade history as an endless cycle of crisis and closure that formally and representationally frames heterosexuality as constantly on the verge of both collapse and reconstitution She shows that even the normiest family based sitcoms rely on queer characters like Alice The Brady Bunch and Steve Urkel Family Matters who highlight how the family is perpetually incomplete and unstable Analyzing the genre s techniques and devices such as the laugh track and the cringe pan Lavery also charts the shift to friend group and workplace sitcoms like Friends and The Office which she contends reflect a weakening of social ties in ways that place characters in an unending state of becoming With this capacious yet svelte queer and trans theorization of the sitcom Lavery demonstrates that the family ties that bind the genre s normative heterosexuality are far more tenuous than we have been led to believe *Traffic World* ,1953

Kubrick's Total Cinema Philip Kuberski, 2012-08-09 Whatever people think about Kubrick's work most would agree that there is something distinctive even unique about the films he made a coolness an intellectual clarity a critical edginess and finally an intractable ambiguity In an attempt to isolate the Kubrick difference this book treats Kubrick's films to a conceptual and formal analysis rather than a biographical and chronological survey As Kubrick's cinema moves between the possibilities of human transcendence dramatized in 2001 A Space Odyssey and the dismal limitations of human nature exhibited in *A Clockwork Orange* the filmmaker's style de-realizes cinematic realism while paradoxically achieving an unprecedented frankness of vision and documentary and technical richness The result is a kind of vertigo the audience is made aware of both the de-realized and the realized nature of cinema As opposed to the usual studies providing a summary and commentary of individual films this

Mark Z. Danielewski,2025-10-28 From the bestselling author of House of Leaves comes a magisterial novel about two friends determined to rescue a pair of horses set for slaughter This is an amazing work of fiction I absolutely loved it At the heart you ll find a blood drenched story of pursuit and two brave and resourceful children But there s so much more I immersed myself Have never read anything like it Stephen King Hard to figure how so much awful horror could ve started out with just them two horses and not a one yet named While folks still like to focus on the crimes that shocked the small city of Orvop Utah back in the fall of 1982 not to mention the trials that followed far more remember the adventure that took place beyond municipal lines For sure no one expected the dead to rise but they did No one expected the mountain to fall either but it did No one expected an act of courage so great and likewise so appalling that it still staggers the heart and mind of anyone who knows anything about the Katanogos massif to say nothing of Pillars Meadow As one Orvop high school teacher described that extraordinary feat just days before she died Fer sure no one expected Kalin March to look Old Porch in the eye and tell him You get what you deserve when you ride with cowards
