Still Life with Bombers David Horovitz,2007-12-18 When peace talks between Palestinian and Israeli leaders collapsed at Camp David in 2000 a conflict as bloody as any that had ever occurred between the two peoples began Now David Horovitz editor of The Jerusalem Report explores the quotidian and profound effects this conflict and its attendant terrorism have had on the lives of ordinary men women and children Horovitz describes the grim lottery of life in Israel since 2000 He makes clear that far from becoming blas or desensitized its citizens respond with deepening horror every time the front pages are disfigured by the rows of passport portraits presenting the faces of the newly dead He takes us to the funeral of a murdered Israeli where the presence of security personnel underlines that nowhere is safe He describes how his wife must tell their children to close their eyes when they pass a just exploded bus on the way to school so that the images of carnage won t haunt them He talks with government officials on both sides of the conflict with relatives of murdered victims with Palestinian refugees and with his own friends and family letting us sense what it feels like to live with the constant threat and the horrific frequency of shootings and suicide bombings Examining the motives behind the violence he blames mistaken policies and actions on the Israeli as well as the Palestinian side and details the suffering of Palestinians deprived of basic freedoms under strict Israeli controls But at the root of this conflict he argues is terrorism and Yasser Arafat s deliberate use of it after spurning a genuine opportunity for peace at Camp David and then misleading his people and much of the world about what was on offer there He describes how the world s press has too often allowed prejudgment to replace fair minded reporting And finally Horovitz makes us see the vast depth and extent of the mistrust between Israelis and Palestinians and the enormous challenges that underlie new attempts at peacemaking Human and harrowing and yet projecting an unexpected optimism *Still Life with Bombers* affords us a remarkably balanced and insightful understanding of a seemingly intractable conflict

Life Valentin Matcas,2014-04-20 You are an intelligent living human being and in order to assure your meaning and success throughout life you have to know everything about life everywhere in all forms and realities You have to learn everything about nature society and organic life about the true origins of life about creating life and about the divine and about your own meaning in life and in the world as an intelligent living human being While these are not random ideas but these specific needs for higher knowledge are embedded continuously within your own higher level intelligent needs and meanings just because this is the case with all intelligent life But is this important knowledge about life actually available to you and everyone else Yes or no since there are many instances to consider Yet when you are capable to find the necessary knowledge about life meaning society and the world you are truly capable to live your life at the intelligent human level While if you cannot find it you keep on searching since your own higher level needs and meanings never leave you alone until you learn everything necessary in life and in the world And so you do otherwise you end up living your life on lower developmental levels addicted in servitude or only intuitively through animal instincts And it certainly matters just because you are an intelligent living human being by nature now forced to live life below your level unfulfilled and even punished intrinsically for your continuous failure But where exactly can you find this important knowledge Who can shine a living light on the accurate truth Do you still wait for science to do so when science had already offered you everything that it knows since high school Throughout this book we model life in all significant details as we study everything alive and intelligent from the smallest cellular components to the entire human body mind and spirit and to all forms of life because everything is alive and meaningful in the world If you want to learn more about life in all forms and realities this book is for you

Podoroga, 2022-08-09 Valery Podoroga was one of the most important thinkers of his generation. Here his most famous work is translated into English for the first time. In it, he gives a panorama view of Russian writing focusing in on the work of Nikolai Gogol, Fyodor Dostoevsky, and Andrei Bely. He identifies these authors as pioneers in creating a new literature. This constituted a new form of mimesis or vision of the world in opposition to the Imperial and national myths. In *Mimesis*, Podoroga develops and elaborates his analytic anthropological approach on these authors with startling effect, excavating the identities and forms of Russian literature and society. He places an emphasis on how a literary work is a process of world building both internally by creating a fictive world but also how it reflects the wider world in which it was produced and the power with which it changes the world. Finally, the literary work's ability to exist in a time that is other than its own time, a time where it does not have a contemporary reader and an author who exercises his will but where it nonetheless continues to mean something. *Mimesis* is rightly seen as the masterwork of one of the world's leading literary thinkers.
