housing as well as transformations in family life and in our attitudes to sex and death in later life This book provides a clear overview of the sociology of ageing It introduces students to demography as a sociological force of the future and to the perils and the promises of longevity as societies across the world approach the Hundred Year Life This book will be of interest to undergraduate students and early scholars in the social sciences particularly in sociology gerontology social policy and public health

**A Bitter Cup of Tea** Tim McDaniel, 2012-10 Andrew Rand of Wyland Ohio is a freshman Democratic representative at the start of the Obama administration Deep in the corridors of political power he will find a broken system a liberal party in power and out of control passing legislation that its constituents neither desire nor need with its members under constant political and personal pressure to fundamentally transform the nation Soon Andrew will struggle with the question of what he is willing to sacrifice in order to win reelection Meanwhile his wife Carolyn a brilliant apolitical woman from a family of radical academics will struggle not only with the emotional fallout of her husband's choices but with her own awakening conservative conscience as well Weaving contemporary political satire with an emotionally devastating plot novelist Tim McDaniel imagines the rise of the conservative Tea Party to national prominence a rise seen through the eyes of characters from all walks of American life a housewife who decides to challenge the powers that be in her home district a Texan radio host with a gift for caustic political insight a campaign manager concealing a secret romantic ambition student radicals disenchanted factory workers and more A Bitter Cup of Tea serves up a bitterly funny vision of contemporary America a land whose leaders have betrayed its people and whose people are beginning to fight back

**Hospital** Julie Salamon, 2008 A bestselling author and award winning journalist follows a year in the life of a big urban hospital painting a revealing portrait of how medical care is delivered in America today Most people agree that there are complicated issues at play in the delivery of health care today but those issues may not always be what we think they are In 2005 Maimonides Hospital in Brooklyn New York unveiled a new state of the art multimillion dollar cancer center Determined to understand the whole spectrum of factors that determine what kind of medical care people receive in this country bestselling author Julie Salamon spent one year tracking the progress of the center and getting to know the characters who make the hospital run Located in a community where sixty seven different languages are spoken Maimonides is a case study for the particular kinds of concerns that arise in institutions that serve an increasingly multicultural American demographic Granted an astonishing vantage point and all level of access by the hospital higher ups Salamon followed the doctors patients administrators nurses ambulance drivers cooks and cleaning staff She explored not just the action on the ground what happens between doctors and patients but also the financial ethical technological sociological and cultural matters that the hospital community encounters every day Drawing on her skills as interviewer observer and social critic Salamon presents the story of modern medicine uniquely viewed from the vantage point of those who make it run She draws out the internal and external political machinations that exist between doctors and staff as well as between hospital and community And she grounds the science

and emotion of medical drama in the financial realities of operating a huge private institution that must contend with issues like adapting to the specific needs of immigrant groups that make up a large and growing portion of our society Salamon exposes struggles of both the profound and humdrum variety There are bitter internal feuds warm personal connections comedy egoism greed love and loss There are rabbinic edicts to contend with as well as imams and herbalists and local politicians There are system foul ups that keep blood test results from being delivered on time careless record keepers shortages of everything except forms to fill recalcitrant and greedy insurance reimbursement systems and the surprising difficulty of getting doctors to wash their hands This is the dynamic universe of small and large concerns and personalities that taken together determine the nature of our care and assume the utmost importance As Martin Payson chairman of the board at Maimonides and ex Time Warner vice chairman puts it Hospitals have a lot in common with the movie business You ve got your talent entrepreneurs ambition ego stroking the business versus the creative part The big difference is that in the hospital you don t get second takes Movies are make believe This is real life
