Still Following Percy:

Still Following Percy Lawson, Lewis A.,1996 In *Still Following Percy* a collection of interrelated essays Lewis Lawson studies the Percy canon to speculate that an earlier and more fundamental shaping of Walker Percy's character and fictional imagination was his sense of the inadequacy of the relationship which he as an infant had with his mother and of her early death Lawson argues that the sense of loss led to Percy's tendency to regression to his need to create his own life narrative in fiction after psychoanalysis had been insufficient as a means of reconstruction and to his conversion to Roman Catholicism Lawson interprets Percy's conversion as a statement of the possibility of reconciliation through the transcendent truth

Walker Percy's Sacramental Landscapes Allen Pridgen,2000 Sometimes oblivious to the sacramental signs of life sometimes clear eyed both Will at the end of *The Second Coming* and Tom at the end of *The Thanatos Syndrome* finally assent to the wondrous possibilities these signs signify They begin to believe in the possibilities for a life that waits for them on the horizon and down the road **BOOK JACKET** *Walker Percy's Voices* Michael Kobre,2000 Walker Percy's novels are fraught with characters struggling toward a destiny and purpose in life who must sort through conflicting inner voices and the voices of family friends therapists and mentors until they finally find their own paths Through trial error and retrial Percy's characters continuously reinvent themselves struggling until they reach solutions satisfaction and maturity In this multifaceted work Michael Kobre analyzes Walker Percy's major fiction works *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* in terms of the Russian philosopher and literary scholar Mikhail Bakhtin's critical theory Kobre begins with an introduction to Percy's view of language and consciousness and a clear accessible explanation of Bakhtin's ideas His subsequent discussion of the novels connects each work in turn with Percy's advancing career and explores the deepening conflict in Percy's fiction between his desire to express his own religious and moral beliefs and his commitment to the essential freedom of his art the play of many voices in his narratives **Walker**

Percy's Search for Community John F. Desmond,2004 In this criticism of Percy John F Desmond traces the writer's enduring concerns with community These concerns Desmond argues were grounded in the realism of such Scholastics as Aquinas and Duns Scotus *Still Following Percy* Lewis A. Lawson,2007-11-19 When critics first began to respond to the fiction of Walker Percy they frequently regarded it as a fiction of ideas The most significant themes were Percy's religious philosophical and cultural beliefs Such conceptions of the man were grounded in his own essays a genre which in his hands tended toward the impersonal and the abstract In time Percy critics like William Rodney Allen began to probe into Percy's biography for resources that verified their intense critical speculations about the background of Percy's fiction In his childhood was his father's suicide and its significant emergence in his fiction Percy's biographers have continued this investigation of the father's influence Jay Tolson deftly represent the theme of the paternal death as a vacuum Percy felt throughout his life while Bertram Wyatt Brown studied the Percy family ethos which he showed to be shadowed for two

hundred years by high expectations depression and self destruction Now in Still Following Percy a collection of interrelated essays Lewis Lawson studies the Percy canon to speculate that an earlier and more fundamental shaping of Walker Percy's character and fictional imagination was his sense of the inadequacy of the relationship with her as an infant had with his mother and of her early death Lawson argues that the sense of loss led to Percy's tendency to regression to his need to create his own life narrative in fiction after psychoanalysis had been insufficient as a means of reconstruction and to his conversion to Roman Catholicism Lawson interprets Percy's conversion as a statement of the possibility of reconciliation through the transcendent truth

The Intellectual in Twentieth-Century Southern Literature Tara Powell, 2012-01-09 Never in its long history has the South provided an entirely comfortable home for the intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed intellectuals from Flannery O'Connor's ironic view of intellectuals to Gail Godwin's southerners striving to feel at home in the academic world Although Walker Percy like his fellow Catholic writer O'Connor explicitly rejected the intellectual label for himself he nonetheless introduced the modern novel of ideas to southern letters Powell shows by placing sympathetic non-caricatured intellectuals at the center of his influential works North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia and Betts's fiction often includes dislocated academics while McLaurin's superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit Examining works by Ernest Gaines Alice Walker and Randall Kenan Powell traces the evolution of the black American literacy narrative from a stress on the post Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post civil rights era of literacy acts that may estrange educated blacks from the larger black community Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world a world in which all those markers inscribe isolation

Postmodernism Rightly Understood Peter Augustine Lawler, 1999-07-29 Postmodernism Rightly Understood is a dramatic return to realism a poetic attempt to attain a true understanding of the capabilities and limitations of the postmodern predicament Prominent political theorist Peter Augustine Lawler reflects on the flaws of postmodern thought the futility of pragmatism and the spiritual emptiness of existentialism Lawler examines postmodernism by interpreting the writings of five respected and best selling American authors Francis Fukuyama Richard Rorty Allan Bloom Walker Percy and Christopher Lasch Lawler explains why the alternatives available in our time are either a soulless niceness which Fukuyama Rorty and Bloom described as the result of modern success or a postmodern moral responsibility that accompanies love in the ruins as articulated by Percy and Lasch This is a fresh and compelling look at the crisis of the human soul and intellect accompanied by the onset of postmodernity

Fyodor Dostoevsky, Walker Percy, and the Age of Suicide John F. Desmond, 2019-01-09 Fyodor Dostoevsky Walker Percy and the Age of Suicide is a study of the

phenomenon of suicide in modern and post modern society as represented in the major fictional works of Fyodor Dostoevsky and Walker Percy In his study suicide is understood in both a literal and spiritual sense as referring to both the actual suicides in their works and to the broader social malaise of spiritual suicide or despair In the 19th century Dostoevsky called suicide the terrible question of our age For his part Percy understood 20th century Western culture as suicidal in both its social political and military behavior and in the deeper sense that its citizenry had suffered an ontological loss of self or deformation of being Likewise Thomas Merton called the 20th century an age of suicide Handbook of Literary Apologetics Thomas L. Martin, 2025-08-18 Literature's probative force travels across the realm of sense in this world to what lies beyond it When we speak of what is beyond our grasp in this world we think most immediately of the world of the spirit Shakespeare famously celebrates literature's power to explore the forms of things unknown How many great works of literature guide us through a familiar world to the edge of the spiritual unknown Not only Shakespeare but Dante Milton Dostoevsky Hopkins Eliot O'Connor and many others in these pages carry us there This book follows their quest Literary apologetics is the study of the characteristic moves by the authors who take readers on their journey of faith with them Most notably that tradition begins with Latin authors spreads across Europe in a continuous literary culture and extends over world literature to the present day While early apologetics is proclamation rhetoric philosophy and poetry above all it is witness to the faith manifesting itself in time The early faith community produces a distinct literary culture as Christian witness takes all these forms and more From then until now this kind of literature probes ultimate questions adumbrates numinous experience and extrapolates ethical outcomes of Christian teachings across a wide variety of literary forms The Handbook of Literary Apologetics provides an authoritative introduction to the scope of this tradition and its major figures
