Teaching Scripture From An African American Perspective:

Teaching Scripture from an African-American Perspective Joseph V. Crockett, 1990
Teaching Scripture from and African American Perspective Joseph V Crockett, 1991-01-01
Religious Education in the African American Tradition Kenneth H. Hill, 2012-11
Schweitzer's goal in this book is to explore what postmodernity actually means for theology and how theology and the church may respond to its challenges. He focuses on the life cycle as it is changing with the advent of postmodernity, looking sequentially at segments of the life cycle using different lenses: modernity, postmodernity, and responses from church and theology. Schweitzer concludes with a theology of the life cycle.
Teaching African American Religions Carolyn M. Jones Medine, 2005
The variety and complexity of its traditions make African American religion a difficult topic to teach at undergraduate level. The essays in this volume offer practical, innovative ways to teach this subject in a variety of settings.
Using Scripture in the Grief Process Willie L. Johnson, 2010-02-01
The Hilltop United Methodist Church of Columbus, Ohio, directly inspired this project because of the significant loss of elderly membership. The elderly were dying at an alarming rate. It became necessary to aid the church with grief counseling. Many members of the church were still grieving over lost loved ones and needed healing to move on with their lives, church life, and private life. The author and context associates agreed on the design and implementation of the model to be used for grief healing. The methodology to be used was a tool for pastoral counseling and focused on grief issues. The design and implementation included seven sermons, five lectures, and three interviews. Pre and post questionnaires were distributed before and after each sermon. After each lecture, time was allotted for questions and answers. Both questionnaires were used to measure responses of the listeners. A final evaluation was made to determine overall effectiveness.
How to Equip the African American Family
George Abatso, Yvonne Abatso, 1991
The companion to *How to Equip the African American Family*, the Leader's Guide offers suggestions for using biblical guides to enhance the study. The Guide also contains answers to study questions.

Philosophy of Religion and the African American Experience John H. McClendon III, 2017-07-03
Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large. The fact remains that Howard Thurman, James H. Cone, and William R. Jones, among others, have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion. Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion. Neglect and ignorance of African American Studies is widespread in the academy. By including chapters on Thurman, Cone, and Jones, the present book functions as a corrective to this scholarly lacuna.
Liberating Black Theology Anthony B. Bradley, 2010-02-03
When the beliefs of Barack Obama's former pastor, Rev. Jeremiah Wright, assumed the spotlight during the 2008 presidential campaign, the influence of black liberation theology became hotly debated, not just within theological circles but across cultural lines. How many of today's African American congregations and how many

Americans in general have been shaped by its view of blacks as perpetual victims of white oppression In this interdisciplinary biblical critique of the black experience in America Anthony Bradley introduces audiences to black liberation theology and its spiritual and social impact He starts with James Cone s proposition that the victim mind set is inherent within black consciousness Bradley then explores how such biblical misinterpretation has historically hindered black churches in addressing the diverse issues of their communities and prevented adherents from experiencing the freedoms of the gospel Yet Liberating Black Theology does more than consider the ramifications of this belief system it suggests an alternate approach to the black experience that can truly liberate all Christ followers

In Search of Wisdom Prof. Anne E. Streaty Wimberly, Evelyn L. Parker, 2011-07-01 edited by Anne E Streaty Wimberly A guide for pastors church leaders and all who help African Americans in their search for a meaningful Christian lifestyle Forming Christians leading fallen and flawed human beings into the path of discipleship to a crucified and risen Lord is one of the central if not the central tasks of all Christian churches It is a difficult enough task anywhere but for African Americans beset by racial conflict personal crises generational separation and other concerns it is especially so African American churches must work particularly hard to counter the messages their members receive from the dominant and often unfriendly culture This book employs the biblical text and African tradition to draw on the idea of the search for wisdom as a potent way to help African Americans in their pursuit of genuine Christian discipleship Wisdom in African American tradition is not simply knowledge rather it is those insights attitudes beliefs behaviors and practices that create and sustain a life of hope and that produce an inherent sense of the worth of one s self If their members are to engage in the search for wisdom African American churches must build an intentional ministry of faith formation Wisdom can be gained the authors argue when African Americans listen to the black oral tradition with its proverbial sayings revered Bible stories songs and narratives from the lives of exemplary individuals The book offers several similar avenues for the search for wisdom including helpful models of black males mentoring younger black males as a remedy to the destructive effects that contemporary culture has on this segment of the African American community

Black Theology in Transatlantic Dialogue A. Reddie, 2006-09-16 In this book Anthony G Reddie creates a dynamic conversation between black theologies in the US and in the UK comparing and highlighting divergences in the respective movements
