Teaching With Heart Making Healthy Connections With Students:

Teaching With Heart Judith A. Deiro, 1996-04-18 Demystifies caring by describing a set of practices that any high school teacher can use Deiro shows that it is possible to develop healthy bonds with students without becoming intimate Some of the practices may surprise you all are compellingly illustrated by case examples A must read for teacher education professionals as well as for novice and experienced teachers Thomas J Sergiovanni Lillian Professor of Education and Administration Trinity University San Antonio Texas Teaching With Heart is a book of great clarity and wisdom I plan to recommend it widely E Timothy Burns Author Educator and Presenter Santa Fe New Mexico An inspiring book one that reaffirms what I know I m doing well and encourages me to keep finding ways to show respect for my students Shellie Mueller Teacher Sunnycrest Elementary School Lake Stevens School District Washington Examines the methods that outstanding teachers use to develop healthy caring relationships with their students without turning into counselors or parents Identifies and discusses the teacher behaviors that sustain and support students while helping them learn Here you ll find case studies that illustrate how you can begin to foster caring and closeness in your school or classroom Learn to make real connections with your students to help buffer them against self defeating behaviors common among young people Develop these six effective strategies Learn how to listen to their points of view Set high standards for yourself and for your students Encourage students to be individualistic and independent Learn how to treat students with dignity and respect Use discipline with humor Make it safe for your students to learn Deiro describes the personal and workplace resources that will encourage sustain and support you as you work to create caring relationships with your students She provides a valuable framework you can use right now to begin building closer bonds in your school or classroom If you are a classroom teacher who wants to learn to be more caring or a teacher educator or administrator who wants to teach novices or experienced staff how they can be more caring teachers this book is the place to start

Teacher-Student Relationships: Toward Personalized Education Beth Bernstein-Yamashiro, Gil G. Noam, 2013-04-16 Explore the complexity of teacher student relationships in secondary school settings and learn how these largely unscripted relationships function for students and teachers in their learning and socioemotional development For teachers the relationships provide a foundation for pedagogical and curricular endeavors and lead to their increased investment in students growth development and academic success Students who have such relationships feel more comfortable in their learning environments interested in the material and motivated to perform well We discuss what these relationships look like from the perspectives of teacher and student Topics include Drawing appropriate boundaries School provided guidelines and guidance Formats for supporting teachers A whole school approach to working on students emotional challenges Relationships in after school programs The voices of teachers and students in this volume show how much young people want to feel known and engage with teachers and how much teachers feel rewarded and invigorated by taking the step to connect with students on this level This is the 137th

volume of New Directions for Youth Development the Jossey Bass quarterly report series dedicated to bringing together everyone concerned with helping young people including scholars practitioners and people from different disciplines and professions

Strategies That Promote Student Engagement Ernestine G. Riggs, Cheryl R. Gholar, 2008-08-01 A captivating topic for teachers as we all have students who are capable and yet choose not to learn Melissa Miller Sixth Grade Teacher Lynch Middle School Farmington AR The authors are clearly passionate about the need to uncover and build upon students desire and motivation to learn Paul Parkison Assistant Professor of Teacher Education University of Southern Indiana Discover how to release the will to learn in all students Students who have a strong sense of self worth and know what they can achieve are more likely to be fully engaged in the learning process and capable of significant academic achievements This updated edition of Connecting With Students Will to Succeed offers practical lessons to help all students channel their emotions and energy into becoming positive self motivated and self directed learners Focusing on the concept of conation the internal drive that pushes one beyond ordinary expectations and accomplishments the authors offer research based strategies that enable teachers to nurture self esteem in students and inspire learners with low expectations to strive for excellence This revised resource offers Updated research that informs teaching methods Chapter opening quotes from teachers and students Additional grade specific individual and group activities that include instructional objectives for specific content areas Suggestions for both formal and informal assessments in each chapter Strategies That Promote Student Engagement is a road map for connecting the heart mind and will of teachers and students to the lifelong pursuit of learning

Managing the Adolescent Classroom Glenda Beamon Crawford, 2004-04-29 Uncover the secrets of teachers who are recognized as outstanding classroom managers Through fourteen case studies of exemplary teachers Crawford showcases adolescent classroom management at its best Teachers can draw from this rich store of individual tips secrets and procedures and adapt these management solutions immediately Along with these variations on classic elements of success Crawford also provides many new entry points for new and experienced teachers to improve their own management Reflective chapter questions and discussion prompts make this a productive resource for study groups and mentors as well as classroom teachers Managing the Adolescent Classroom demonstrates how to triangulate great management around three essential factors Physical leveraging time space and a structured environment Affective strategies to promote positive personal and interpersonal development Cognitive use of instructional pace and engagement to motivate behavior and commitment to learning By successfully managing the physical social emotional and academic dimensions of the classroom environment teachers can create an essential foundation for a learning community of young adolescents that will promote relationships belonging and achievement
