Releasing the Prophetic Destiny of a Nation Dutch Sheets, Chuck Pierce, 2005-05 At the same moment God issued a separate call to two men prophet Chuck Pierce and pastor Dutch Sheets to heal the United States As a prophetic act to realign our country to His covenant plan the duo rallied apostles prophets and intercessors from state to state to break the grip of demonic strongholds Releasing the Prophetic Destiny of a Nation is the remarkable story behind their 50 state roadtrip to restore revival to America Endowed with God given keys of authority to reconcile America to its heavenly mandate the two chronicle their efforts to purge the land of territorial and generational sin Now is the time and season for a warfare anointing to rest upon America *Releasing the Prophetic Destiny of a Nation [Second Edition]* Dutch Sheets, 2024-07-02 How You Pray or Don't Pray Today Impacts Generations to Come What words do you speak over America As you see evil glorified both in the media and in the lives around you do despair and pessimism rise in your heart Or do holy expectancy and anticipation Despite the staggering moral freefall and societal chaos heralded from the highest offices and courts in our land there is a higher Court yet and it is decreeing a divine design for America Which court do your prayers align with In this dynamic and deeply prophetic hands on prayer manual bestselling authors and frontline prophetic voices Dutch Sheets Chuck Pierce and Tim Sheets shift your concern for our country into prevailing prayers and Heaven sent declarations that break our nation's strongholds shift the spiritual balances of power and reshape the course of America's destiny With timely supernatural insight and immediate practical application this landmark book equips you with a prophetic blueprint for victory including strategic prayers prophetic words and revelatory teaching for each of the 50 states and empowers you to Target your prayers for maximum effect Purge the land of generational sin and strongholds Overthrow the principalities and powers entrenched in every state Boldly declare what Heaven says about your state and nation And more The days ahead are destined for awakening and glory not doom and gloom It's time to arise and declare what Heaven has decreed and to once again become one nation under God **Quantrill at Lawrence** Paul R. Petersen, 2011-04-26 The Lawrence raid of August 21 1863 was considered one of the bloodiest events of the Civil War The actions that brought on the raid are researched and explored in depth here for the very first time What is discovered is a collusion in a legacy of lies that surrounded the stories of the raid *The Border Between Them* Jeremy Neely, 2007 The most bitter guerrilla conflict in American history raged along the Kansas Missouri border from 1856 to 1865 making that frontier the first battleground in the struggle over slavery That fiercely contested boundary represented the most explosive political fault line in the United States and its bitter divisions foreshadowed an entire nation torn asunder Jeremy Neely now examines the significance of the border war on both sides of the Kansas Missouri line and offers a comparative cross border analysis of its origins meanings and consequences A narrative history of the border war and its impact on citizens of both states *The Border between Them* recounts the exploits of John Brown William Quantrill and other notorious guerrillas but it also uncovers the stories of

everyday people who lived through that conflict Examining the frontier period to the close of the nineteenth century Neely frames the guerrilla conflict within the larger story of the developing West and squares that violent period with the more peaceful though never tranquil periods that preceded and followed it Focusing on the countryside south of the big bend in the Missouri River an area where there was no natural boundary separating the states Neely examines three border counties in each state that together illustrate both sectional division and national reunion He draws on the letters and diaries of ordinary citizens as well as newspaper accounts election results and census data to illuminate the complex strands that helped bind Kansas and Missouri together in post Civil War America He shows how people on both sides of the line were already linked by common racial attitudes farming practices and ambivalence toward railroad expansion he then tells how emancipation industrialization and immigration eventually eroded wartime divisions and facilitated the reconciliation of old foes from each state Today the border war survives in the form of interstate rivalries between collegiate Tigers and Jayhawks allowing Neely to consider the limits of that reconciliation and the enduring power of identities forged in wartime The Border between Them is a compelling account of the terrible first act of the American Civil War and its enduring legacy for the conflict s veterans victims and survivors as well as subsequent generations *Quantrill of Missouri* Paul R. Petersen, 2003 One will not find the name of William Clarke Quantrill in the pantheon of noble Civil War personalities but rather listed near the top of the list of its notorious scoundrels He has been demonized as the devil incarnate and most historical accounts portray him as a sadistic pitiless bloodthirsty killer That image however did not ring true to Paul R Petersen when he weighed it against the man s wartime accomplishments When he began researching Quantrill of Missouri he found that much of the lore that has been accepted as fact had been recorded by those who fought against Quantrill In short the victors wrote the history Petersen asks How could this so called fiend have been a respected schoolteacher How could he have organized and led up to four hundred men in the most noted band of guerrilla fighters known to history How could he be so hated by his own men and still lead them in the most renowned battles through Missouri winning victories over superior Union forces Others entrusted their sons to him Others served him as spies Women willingly tended his wounded and his followers even guarded him in battle Most of his people were God fearing farmers God fearing righteous people would not have followed a depraved degenerate psychotic killer **Slavery on the Periphery** Kristen Epps, 2016-12 Slavery on the Periphery traces the rise and fall of chattel slavery on the Kansas Missouri border from the earliest years of American settlement through the Civil War exploring how its presence shaped life on this critical geographical political and social fault line Kristen Epps explores how this dynamic small scale system characterized by slaves diverse occupations close contact between slaves and slaveholders a robust hiring market and abroad marriages emerged from an established upper South slaveholding culture Awareness of space and local landscapes was also a defining feature of slaves experiences because slave mobility could be a powerful means of resistance This mobility became particularly crucial when the sectional conflict escalated in the 1850s and

1860s as both enslaved and white residents became central players in a violent national struggle over the future of slavery in America Drawing on extensive archival research Epps makes clear that slavery's expansion into Kansas was more than a theoretical ideological debate Chattel slavery was already extending its grasp into the West By foregrounding African Americans place in the border narrative Epps illustrates how slavery's presence on this geographic periphery set the stage for the Civil War and emancipation here as it did elsewhere in the United States **Tears and Turmoil** Joanne Webb Chiles Eakin,1996 Quantrill in Texas Paul R.
