Ron Hubbard, 1986 Technical Bulletins of Dianetics and Scientology , 1991-05 **Handbook of Scientology** James R. Lewis, 2017-01-05 The Handbook of Scientology brings together a collection of fresh studies of the most persistently controversial of all contemporary New Religions In recent years increasing scholarly attention has been directed at the Church of Scientology resulting in a small tsunami of new scholarship We have finally reached a point in time where a book on Scientology need not restrict itself to basics Thus for example the historical chapters in the present volume are not really aimed at providing elementary facts on Scientology s background but rather focus on understanding how the Church of Scientology developed over the years In short the Handbook of Scientology will provide a wealth of new information on a topic that one might otherwise have thought exhausted Contributors are Matthew Charet Dorthe Refslund Christensen Carole M Cusack Bernard Doherty Marco Frenschkowski Liselotte Frisk Kjersti Helles y Don Jolly James R Lewis Renee Lockwood Andr s M t T th G bor D niel Nagy Johanna Petsche Erin Prophet Susan Raine David G Robertson Mikael Rothstein Lisbeth Tuxin Rubin Nicole S Ruskell Shannon Trosper Schorey Michelle Swainson Inga B rdsen T llefsen Hugh G Urban Donald A Westbrook and Benjamin Zeller **Scientology** James R. Lewis, 2009-03-11 Scientology is arguably the most persistently controversial of all contemporary New Religious Movements James R Lewis has assembled an unusually comprehensive anthology incorporating a wide range of different approaches In this book a group of well known scholars of New Religious Movements offers an extensive and evenhanded overview and analysis of all of these aspects of Scientology including the controversies to which it continues to give rise *Scientology in Popular Culture* Stephen A. Kent, Susan Raine, 2017-07-14 This multidisciplinary study of Scientology examines the organization and the controversies around it through the lens of popular culture referencing movies television print and the Internet an unusual perspective that will engage a wide range of readers and researchers For more than 60 years Scientology has claimed alternative religious status with a significant number of followers despite its portrayals in popular culture domains as being bizarre What are the reasons for the vital connections between Scientology and popular culture that help to maintain or challenge it as an influential belief system This book is the first academic treatment of Scientology that examines the movement in a popular culture context from the perspective of several Western countries It documents how the attention paid to Scientology by high profile celebrities and its mention in movies television and print as well as on the Internet results in millions of people being aware of the organization to the religious organization s benefit and detriment The book leads with a background on Scientology and a discussion of science fiction concepts pulps and movies The next section examines Scientology s ongoing relationship with the Hollywood elite including the group s use of celebrities in its drug rehabilitation program and explores movies and television shows that contain Scientology themes or comedic references Readers will learn about how the Internet and the

mainstream media of the United States as well as of Australia Germany and the UK have regarded Scientology The final section investigates the music and art of Scientology The Technical Bulletins of Dianetics and Scientology La Fayette Ron Hubbard, The Technical Bulletins of Dianetics and Scientology La Fayette Ron Hubbard,1976 **The Technical Bulletins of Dianetics and Scientology** L.
