

TECHNIQUES OF THE WORLD'S GREAT MASTERS OF POTTERY AND CERAMICS

The black ground — which was to give its name to a whole class of ceramics: the famille noire — is of uncertain origin. A closer examination reveals that it is a translucent lime green glaze washed over a matt black.

The Imari palette of iron-red, blue and gold, used alone on Japanese wares, is here playing a supporting role on this Chinese piece with its varied and richly coloured decoration.

The strong yellow enamel on this cover was used largely in China, but was completely foreign to the Japanese wares that inspired this particular vase.

The tree and fence motif in enamel colours and gilding is purely Chinese in inspiration, and contrasts with the Japanese theme of swirling foliage which serves as many further Imari bases.
