Technology Larry A. Hickman,1990 This book does much to dispel the old canard that John Dewey was guilty of scientism and a reverent worship of technological progress Indeed Dewey predated the Frankfurt school in his warnings about the dangers inherent in a machine culture With new advances come new problems and these can only be dealt with through an instrumentalist approach Dewey also argued that we have no guarantee of success Natural events can terminate human life and human greed laziness or error could have the same result **Philosophy and the Self** Troy Wilson Organ,1987

Jazz and Christian Freedom Bradley K. Broadhead, 2018-12-21 Contemporary Western society has a strange relationship with freedom Unbridled subjective liberty and narrow fundamentalism pull away from each other in mutual loathing while sociological forces seek to manipulate both sides The church needs to recover and reconstruct a theology of freedom to navigate between the perils of both extremes and to avoid being manipulated by these forces Just as biblical figures are taught through parables and metaphors this book uses jazz improvisation as an analogy for Christian freedom Just as jazz improvisation relies on successfully navigating constraints

such as the history and traditions of jazz jazz theory and musical instruments so Christian freedom also relies on constraints such as the biblical canon church history theology and the church itself Through understanding the freedom jazz musicians enjoy in making music together we can better understand how Christian freedom might be enacted in daily life If Western churches discover and enact Christian freedom in a meaningful way the songs that they improvise will be as siren calls to people in chains **Human Dignity** Rubin Gotesky,Ervin Laszlo,1970 First Published in 1970 Routledge is an imprint of Taylor Francis an informa company *Technology Choice* Kelvin W Willoughby,2019-07-09 This book attempts to provide a theoretical framework for answering difficult questions evoked by the concept of technology choice primarily by conducting a review of the Appropriate Technology movement and its ideas and experiments *Science, Technology, and Public Policy: Books, monographs, documents, and articles in journals, 1968 through 1970* Lynton Keith Caldwell,William B.
