Technology Trade And Growth In Oecd Countries Does Specialisation Matter:

Technology, Trade and Growth in OECD Countries Valentina Meliciani, 2001-05-10 Presenting new material and a fresh perspective Technology Trade and Growth in OECD Countries provides a unifying framework for the exploration of the role played by specialisation in economic growth and international competitiveness

International Water Treaties Shlomi Dinar, 2007-12-13 Systematic and analytical this book written an expert in the field of hydro politics develops a theory to explain solutions to property rights conflicts over shared rivers

A General Theory of Institutional Change Shipping Tang, 2017-07-05 Institutional change is a central driving force behind social changes and thus a central topic in all major fields of social sciences Yet no general theory of institutional change exists Drawing from a diverse literature this book develops a general theory of institutional change based on a social evolutionary synthesis of the conflict approach and the harmony approach The book argues that because the whole process of institutional change can be understood as a process of selecting a few ideas and turning them into institutions competition of ideas and struggle for power to make rules are often at the heart of institutional change The general theory not only integrates more specific theories and insights on institutional change that have been scattered in different fields into a coherent general theory but also provides fundamental new insights and points to new directions for future research This book makes a fundamental contribution to all major fields of social sciences sociology sociological theory political sciences institutional economics and political theory It should be of general interest to scholars and students in all major fields of social science

Financial Globalization and Regionalism in East Asia Takuji Kinkyo, Yoichi Matsubayashi, Shigeyuki Hamori, 2013-12-04 With increased resilience in the financial systems emerging Asian economies were less affected by the recent global financial crisis recovering more quickly from the crisis than major advanced economies Yet Asian financial systems remain underdeveloped More open and efficient financial systems continue to be a key priority for Asia s development strategy Emerging Asian economies need to tackle the new challenges to macroeconomic and financial stability posed by financial globalisation This book identifies the key challenges to Asia s financial development in an era of rapid financial globalisation and discusses their policy implications for financial reforms and regional cooperation in East Asia Particular areas of focus include the impact of financial globalisation on economic stability and inequality in East Asian economies the progress of Asia s regional financial cooperation and lessons from the recent European economic crisis and the priority of financial reforms in individual Asian economies Combining advanced econometric methods and in depth case studies this book provides rigorous and contextual analyses of the most critical issues for Asia s financial development It offers a comprehensive and useful guide for students academics and policymakers interested in the current state and future prospects of Asian financial systems

Beyond the Global Crisis Lionello F. Punzo, Carmem Feijó, Martín Puchet, 2012 The book aims at offering a comparative multi perspective analysis of the different at times parallel at times with varying degrees of interdependence macroeconomic and structural adjustments in the two

continents against the backdrop of important processes of regional integration Its reading offers a multifaceted appreciation of the reality emerging from the mixing up of longer run tendencies deepened by the brute force of the financial and then industrial crisis

The International Monetary System, Energy and Sustainable Development Sung Jin Kang, Yung Chul Park, 2015-02-11 Korea was the first non G7 member and Asian country to host the recent G20 Summit acting as a bridge between advanced and developing nations At the G20 Seoul Summit green growth as well as development and a global financial safety net were on the agenda Against this backdrop the aim of this book is to comment on and suggest how to go about setting agendas and shaping further discussions of future summits The book consists of three major parts the first part discusses the role of G20 in reforming international monetary system the status of the IMF since the European sovereign debt crisis the use of the yuan as the world s reserve currency and the establishment of a more resilient global financial system The second part examines trade measures in times of volatile energy prices the impact of merchandise price volatility on the G20 economies the EU s pricing policies and the world s price volatility high oil prices and Russia and oil markets in South America The third part reviews G20 s financing for green growth green growth and sustainable development within the G20 framework and G20 s role in addressing climate change and green growth This book offers an in depth review of major issues discussed at the recent summits and will be of interest to policy makers

Case Studies on Chinese Enterprises Donglin Xia, 2013-05-13 This book is a collection of teaching cases on two Chinese companies UFIDA and Founder The cases describe the management practices of typical Chinese companies UFIDA is a well known company providing management software while Founder is a long established high tech company The book aims at providing readers with original first hand materials based on a theoretical framework and broadening readers vision regarding China s business niche in terms of culture strategy corporate governance business environment organizational dynamics marketing human resource finance and the potential business partnerships with Chinese enterprises and the Chinese people The cases are comprehensive and descriptive This book appeals to top executives and leaders of multinational companies with ambitions to expand or already vested business interest in China It is also of valuable use to companies specializing in international trade The book provides insight into the great business opportunities in the development of China

The Economics of Cooperative Education Yasushi Tanaka, 2014-10-24 A considerable number of higher educational institutions in North America Oceania and Europe offer what are known as cooperative education work integrated learning work placements sandwich courses or internships to provide pragmatic experience to students and its popularity is spreading to many higher educational institutions in the world Alongside such development the rising needs for theoretical research and objective assessment are felt among those academics and practitioners involved in these programmes The book offers a rigorous theoretical framework based on the human capital theory of labour economics and econometric analysis which are well established concepts in the field of economics with an objective quantitative methodology to analyze and assess

cooperative education programmes *China and India* Hong Zhao, 2017-07-05 The book sheds understanding on the relations between development and global energy security by looking at China and India It addresses the following issues what is the new definition of energy security How does it affect global politics and international relations What are the energy security concerns of China and India and what policies and approaches have they taken to deal with energy security issues Since China and India are searching for oil and gas in the Middle East Africa and Southeast Asia would their acquisition efforts conflict with the interests of other energy giants such as the U S Japan and would their growing overseas activities challenge U S policy in those energy rich regions The book provides insight into what the new global energy order may be and how the growth models and energy structures may shape the economic growth and energy It analyzes both the state centered approach and market oriented approach in the global quest for energy resources It also examines how China and India can adopt a cooperative approach for beneficial relations The book will be of interest to anyone who is keen to learn how the World especially U S A can accomodate and adapt to the new global energy dynamics and on China and India as new players in global energy markets Immigrant Enterprise in Europe and the USA Prodromos Ioannou

Panayiotopoulos (aka Mike Pany), 2006-09-27 This book investigates immigration and the contribution immigrant enterprise plays in the economic development of gateway cities such as London New York Paris Amsterdam and Miami cities which appear as the living embodiment of globalization Banking on Equality Supriti Bezbaruah, 2015-03-24 It may well be

surprising to say that the world should look to India as a model of gender equality India s banking sector proves the exception with several women reaching the highest positions in India s top banks including the country s largest bank Based on interviews and surveys of bank employees in India s National Capital Region this book looks at what lies behind the media rhetoric and provides a systematic analysis of patterns of and responses to gender inequality in the banking sector in India The book uncovers how gender discrimination still persists in the banking sector albeit in covert forms Through a comparison of nationalized Indian private and foreign banks the book demonstrates how the impact of laws local cultural norms and gendered workplace practices are mediated through different organizational forms in these different types of banks to create varied experiences of gender inequality The book is one of the first books to provide a thorough in depth analysis of women s employment in the Indian banking sector currently an under researched area **Good Governance in the Era of Global**

Neoliberalism Jolle Demmers, Alex E. Fernández Jilberto, Barbara Hogenboom, 2004-08-02 This new collection critically examines the new global policy of good governance This catchphrase of aid policy and development thinking has been the subject of too little analysis to date This book redresses the balance It places the prefix good and exactly what that means under the microscope and examines the impact of neoliberal governance in a wide range of countries and territories including Chile Russia Argentina and Indonesia

Foreign Direct Investments in Asia Chalongsak Sussangkarn, Yung Chul Park, Sung Jin Kang, 2011-02-25 This book covers nine countries of ASEAN and the East Asian area including major

Asian countries and compares their respective policies to attract Foreign Direct Investments FDI Through comparative study of FDI promotion policies this book will give policy makers in the area of FDI promotion an overview and comparison of the FDI policies of other countries In addition researchers at graduate post graduate or professional level will gain from the econometric methodology and detailed definitions of various spillover effects horizontal and vertical which will be beneficial to their research In addition to FDI policy comparison this book focuses on the various spillover effects of FDI It separates it into categories own productivity effects intra industry spillover effects and inter industry spillover effects forward and backward linkage effects While most other studies have only taken econometric tests on own productivity and intra industry spillovers a key advantage to this book is that it also covers the separate effects of inter industry linkages Through policy comparison and econometric tests on various spillover effects on economic growth employment and exports this book will give policy makers and researchers an innovative and constructive guide to FDI

Globalization, Outsourcing and Labour Development in ASEAN Shandre Thangavelu, Aekapol Chongvilaivan, 2013-06-07 Due to technical advances in production and communication technology outsourcing contracting out production of intermediate materials and services has affected the economic growth of the ASEAN region This new book fills an important gap in the literature looking at the impact outsourcing has on labour markets its subtle effects on regional economies and policy implications Shandre Thangavelu and Aekapol Chongvilaivan investigate various impacts of outsourcing on labour markets such as its effects on labour productivity skill upgrading human capital and training in ASEAN economies with a focus on the experience of the two ASEAN countries as a global hub of outsourcing Singapore and Thailand This book approaches these research inquiries by developing several econometric models including primal production functions and dual cost functions among others The empirical evidence this book reveals provides interesting insights into and implications on labour and industry development

Capitalism and the World Economy Toshiaki Hirai, 2015-02-16 Globalization is a phenomenon which has attracted much attention in the past but there are still many questions that remain unanswered This book categorizes globalization into three types Financial Globalization the collapse of the Cold War order and the ensuing convergence toward the capitalistic system and the rise of the emerging nations The globalization of capitalism has two implications One is trust in the market economy system and support for a minimal state while another is an aspect of the Casino Capitalism as typically seen by the rampant emergence of hedge funds This book explores both the light and shadows cast by globalization endeavoring to identify both positive and problematic effects of the globalization process on the world economy For this purpose we would first examine the nature and the feature of the world capitalism in relation to globalization Then we would discuss and investigate the path along which important nations first the developed nations the USA EU and Japan followed by the emerging nations BRICs have proceeded under the influence of globalization Focusing on this phenomenon from diverse points of view which is to be taken by the first rank contributors in their fields will be extraordinarily fruitful for understanding not only the world capitalism

This collection from a selection of leading international contributors will not only shed light on world capitalism as it is now but will also offer pointers as to its future directions

Comparing Post War Japanese and Finnish Economies and Societies

Yasushi Tanaka,Toshiaki Tamaki,Jari Ojala,Jari Eloranta,2014-11-13 This book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture Therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of Japan and Finland Despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the Second World War The study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions The book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective The book aims to answer a fundamental question in social science Why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure This book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to

Cost-Benefit Analysis of Multi-level Government

Alessandro Ferrara,2010-04-05 In this book Alessandro Ferrara focuses on the provision of public investment and level of governmental intervention in Europe and the USA with particularly reference to the EU Cohesion Policy and the US Federal Investment Policies

The Global Commercial Aviation Industry

Sören Eriksson,Harm-Jan Steenhuis,2015-07-16 This book provides a state of the art overview of the changes and development of the civil international aircraft aviation industry It offers a fully up to date account of the international developments and structure in the aircraft and aviation industries from a number of perspectives which include economic geographical political and technological points of view The aircraft industry is characterized by very complex high technology products produced in relatively small quantities The high technology requirements necessitate a high level of R D In no other industry is it more of inter dependence and cross fertilisation of advanced technology Consequently most of the world s large aircraft companies and technology leaders have been located in Europe and North America During the last few decades many developing countries have tried to build up an internationally competitive aircraft industry The authors study a number of important issues including the political economy of the aircraft industry globalization in this industry innovation newly industrializing economies and the aircraft industry This book also explores regional and large aircraft transformation of the aviation industry in Central and Eastern Europe including engines airlines airports and airline safety It will be of great value to students and to researchers seeking information on the aircraft industry and its development in different regions

Chinese

Entrepreneurship Fu-Lai Tony Yu, Diana S. Kwan, 2015-07-24 After more than 30 years of reforms in agriculture, manufacturing, and trade and industry, China's economy has grown to become the second largest in the world. This book examines the contributions of dynamic entrepreneurs to the economic development of mainland China and Hong Kong, an analysis that is largely lacking in existing studies. China's economic stronghold. This book adopts theories of entrepreneurship and market processes as major analytical frameworks to conclude that entrepreneurship is the true engine of growth in mainland China and Hong Kong. Chinese Entrepreneurship focuses on the knowledge drivers and systemic challenges of these businesses to examine how entrepreneurs under uncertainty identify and pursue profit opportunities and how their efforts have enhanced China's economic dynamics. This book offers vital insight to students, teachers, and researchers of Chinese business and economics along with Chinese culture and expanding economies. Economic Fundamentals of Power Plant Performance Almas Heshmati, 2013-06-17 Stability of the electricity industry is crucial for economic growth of all nations. Sustainable economic growth cannot be accomplished without secured energy supply. The book underlines how management of the electricity industry should be conducted and the efficient form of electricity market structure. The book also studies the electricity industry in Korea, which has been a strongly supportive and vital factor in the economic development of Korea for the last few decades. The book focuses on the three market players of the electricity market and they are the suppliers, consumers, and the government-related organizations. It includes detailed information on generation and finances at the generator level and analyzes the efficiency differences among generators, plants, and business units by using different performance measurement methods. It identifies and analyzes different production factors, effectiveness, and relationships in generation. The comprehensive analysis helps to provide explanations in the differences in the performance of the studied units. The book also discusses the implications of the findings for future resource allocation and how we can further enhance the efficiency of the industry. The book will appeal to those interested in energy and energy policies as well as researchers and practitioners in the economic development and electricity and utilities industry.
