Shabnam Dadparvar,Ismail Shams,2025-04-29 While much scholarship explores China s role in the Silk Road and the Belt and Road Initiative little attention is given to its historical ties with a nation lacking formal governance This book delves into the enduring connections political economic social and cultural between the Kurdish people and China tracing their interactions back to the tenth century It interweaves Kurdish Iranian and Chinese histories shedding light on Kurdish territories as key trade and cultural hubs along the Silk Road Examining religious exchanges that shaped these relations the book explores how faiths influenced their mutual engagement By unraveling this intricate history it not only enriches our understanding of these two distinct cultures but also uncovers a shared historical memory one in which China deeply embedded in Kurdish folklore emerges as an idealised world a utopia of prosperity and harmony     The Silk Road Score  
Cathy L. Patrenos,2024-04-15 Grace and Simon set out on an adventure of a lifetime traveling overland through a part of the Middle East known as the hippie trail Heading out of Istanbul Grace is oblivious to the fact that Simon is smuggling a priceless relic in the belly of their 1968 Volkswagen camper They hook up and convoy with an eclectic bunch of free spirits including a British undercover Interpol officer whose attraction to Grace becomes problematic to his investigation Moving further through exotic lands teeming with the remains of ancient civilizations drug generating poppy fields and threatening proud tribesmen the group encounters unique societies and experiences while at the same time discovering each other But things are not as they appear What started for Grace as an innocuous well planned journey quickly changes into closely guarded secrets deceit and murder     *Tahmuras: Code of the Ancient Builder* ,     The Silk Road Revisited Julie Hill,2006-12-18 In Revisiting the Silk Road experienced author and traveller Julie Hill takes us on a spellbinding journey into the heart of a little known but volatile region stretching from Western China to the shores of the oil rich Caspian Sea and beyond to the Black Sea Hers is not only a series of journeys overland or a march through ancient history but an informed and contemporary view of life in both the liveliest cities and the farthest flung outposts of what once was the worlds stoutest and longest economic artery Julie Hills journey focuses on bazaars as a recurrent motif bazaars being the economic social and cultural centers of the Silk Road and radiates from these bazaars to the life around them Because she speaks their language literally and culturally Julie is often welcomed by her hosts not as a customer or a trader but as a confessor and a friend and she vindicates their trust by bringing their stories to life In Iran the author hears the predicament of women crying for freedom frustrated by the deteriorating economy and the conservatives stranglehold on power While inescapably exotic in its subjects and imagery the book is also a penetrating report on the effects of the recent geopolitical upheavals that have coursed through the region seen not from the distance of spy satellites or high government places but on the ground

often literally on the street or in the homes of ordinary folk The realities of today's Silk Road are far more complex than often understood and this book provides an absorbing and authoritative guide to any reader in search of both a magical adventure and a hard nosed investigation into one of the world's most important and dynamic regions      **Insight Guides: Silk Road** Insight Guides,2012-12-03 Insight Guide Silk Road is the complete illustrated guide to one of the world's ultimate travel adventures Passing right through the heart of Asia the ancient trade route traverses a quarter of the globe from the heart of China to the Mediterranean via a vast inhospitable expanse of mountains and desert The guide covers all the sights along the way across 13 countries and 6 time zones with authoritative chapters on the Silk Road's history and culture to put it all into context The magic of the journey is brought to life through evocative photography and is complemented by lavish Photo Features which offer a unique insight into various aspects of the route these include details of silk production the ancient treasures that have been discovered along the route and the colourful bazaars which are a reminder of the Silk Road caravanserais of the distant past Our inspirational Best of The Silk Road section highlights the unmissable sights and experiences while a comprehensive Travel Tips section gives you all the practical information you need to plan your trip whether it be a short section or the entire Silk Road and our selective listings bring you the best hotels and restaurants

*The East Moves West* Geoffrey Kemp, 2012-06-22 While traditionally powerful Western economies are treading water at best beset by crises in banking housing and employment industrial growth and economic development are exploding in China and India The world's two most populous nations are the biggest reasons for Asia's growing footprint on other global regions The increasing size and impact of that footprint are especially important in the Middle East an economic religious and geopolitical linchpin *The East Moves West* details the growing interdependence of the Middle East and Asia and projects the likely ramifications of this evolving relationship It also examines the role of Pakistan Japan and South Korea in the region Geoffrey Kemp a longtime analyst of global security and political economy compares and contrasts Indian and Chinese involvement in the Middle East He stresses an embedded historical dimension that gives India substantially more familiarity and interest in the region India was there first and it has maintained that head start Both nations however are clearly on the rise and leaving an indelible mark on the Middle East and that enhanced influence has international ramifications for the United States and throughout the world Does the emergence of these Asian giants with their increasingly huge need for energy strengthen the case for cooperative security particularly in the maritime arena After all safe and open sea lanes remain an essential component of mutually beneficial intercontinental trade making India and China increasingly dependent on safe passage of oil tankers Or will we see reversion to more traditional competition and even conflict given that the major Asian powers themselves have so many unresolved problems and that the future of the U S presence in the area is uncertain Kemp believes the United States will remain the dominant military power in the region but will have to share some security responsibilities with the Asians esp

**Mission Manifest** Matthew K. Shannon,2024-06-15 In Mission Manifest Matthew Shannon argues that American evangelicals were central to American Iranian relations during the decades leading up to the 1979 revolution These Presbyterian missionaries and other Americans with ideals worked with US government officials nongovernmental organizations and their Iranian counterparts as cultural and political brokers the living sinews of a binational relationship during the Second World War and early Cold War As US global hegemony peaked between the 1940s and the 1960s the religious authority of the Presbyterian Mission merged with the material power of the American state to infuse US foreign relations with the messianic ideals of Christian evangelicalism In Tehran the missions of

American evangelicals became manifest in the realms of religion development programs international education and cultural associations Americans who lived in Iran also returned to the United States to inform the growth of the national security state higher education and evangelical culture The literal and figurative missions of American evangelicals in late Pahlavi Iran had consequences for the binational relationship the global evangelical movement and individual Americans and Iranians Mission Manifest offers a history of living breathing people who shared personal professional and political aims in Iran at the height of American global power
