Johnson, 2013-10-11 From the people who work exclusively from home to the portable manager with no fixed site the need to communicate is paramount Mike Johnson's candid appraisal of teleworking or telecommuting as it is also known looks at the key benefits for the individual it provides the opportunity to work from home for the company it provides major savings on costs The down side is the lack of human contact and the anxiety of employees who work away from the centre of things The in brief books provide a critical snapshot of the major management fashions and fads influencing business strategy They cut through the consultants jargon and steer a practical common sense course through the theory and hype They provide managers with a balanced view based on evidence rather than missionary zeal so that they can be better informed

Telecommuting and Virtual Offices: Issues and Opportunities Johnson, Nancy, 2000-07-01 Telecommuting by any name telework mobile work home offices virtual employees or telematics is one of the most intriguing and least understood results of advances in portable computing The authors in *Telecommuting and Virtual Offices Issues and Opportunities* present usable research and advice on many of these issues *Passionate Work* Renyi Hong, 2022-04-04 In *Passionate Work* Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment job change repetitive and menial labor and freelancing Not simply a subject of aspiration passion has been deployed as a means to build resilience and mend disappointments with our experiences of work Tracking the rise of passion in nineteenth century management to trends like gamification coworking and unemployment insurance Hong demonstrates how passion can emerge in instances that would not typically be understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive

state pursuing even the most banal tasks in hope of career advancement Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism The New Media Theory Reader Hassan, Robert, Thomas, Julian, 2006-09-01 The study of new media opens up some of the most fascinating issues in contemporary culture bringing together key readings on new media what it is where it came from how it affects our lives and how it is managed It encourages readers to pay attention to the new in new media as well as consider it as a historical phenomenon *The Telecommuter's Handbook* Debra Schepp, Brad Schepp, 1995 The revised edition of this indispensable sourcebook shows employees in every business sector what it takes to participate successfully in this increasingly popular work style Includes current information about the 50 top jobs for telecommuters the 100 U S companies that currently offer this option to their employees and much more
