Television And The Exceptional Child A Forgotten Audience:

Television and the Exceptional Child Joyce Sprafkin, Kenneth D. Gadow, Robert Abelman, 2013-10-23 The question of what types of children are most influenced by or can best benefit from television is a recurrent theme in the scientific literature as well as a frequently raised issue for pediatric associations educators and parent citizen groups concerned about the welfare and advancement of young children To effectively address this question this book focuses on a wide variety of children with highly divergent cognitive abilities social skills and educational capacities that is those labeled as emotionally disturbed learning disabled mentally retarded and intellectually gifted These children not only possess characteristics that place them at the greatest risk with regard to television s negative impact but also in a position to most benefit from the purposeful use of the medium at home and in the classroom Combining literature from the fields of mass communication developmental psychology and special education the authors present a comprehensive analysis of television and its forgotten audience Practical implications and applications in the home and school are also extracted from research findings making this volume a valuable resource for students educators and researchers in the fields of communication and special education and for the parents and teachers of exceptional children Television and the Exceptional Child Joyce N. Sprafkin, 1992 **Television**

and the Exceptional Child Joyce Sprafkin, Kenneth D. Gadow, Robert Abelman, 2013-10-23 The question of what types of children are most influenced by or can best benefit from television is a recurrent theme in the scientific literature as well as a frequently raised issue for pediatric associations educators and parent citizen groups concerned about the welfare and advancement of young children To effectively address this question this book focuses on a wide variety of children with highly divergent cognitive abilities social skills and educational capacities that is those labeled as emotionally disturbed learning disabled mentally retarded and intellectually gifted These children not only possess characteristics that place them at the greatest risk with regard to television s negative impact but also in a position to most benefit from the purposeful use of the medium at home and in the classroom Combining literature from the fields of mass communication developmental psychology and special education the authors present a comprehensive analysis of television and its forgotten audience Practical implications and applications in the home and school are also extracted from research findings making this volume a valuable resource for students educators and researchers in the fields of communication and special education and for the parents and teachers of exceptional children **Handbook of Emotional and Behavioural Difficulties** Peter

Clough, 2005 The book reveals itself to be both a scholarly and practical resource that will be indispensable to anyone seeking insight and direction for understanding and responding to EBD in the 21st century Professor Paul Cooper The University of Leicester *Handbook of Research on Educational Communications and Technology* David H. Jonassen, 2004 This edition of this handbook updates and expands its review of the research theory issues and methodology that constitute the field of educational communications and technology Organized into seven sectors it profiles and integrates the following

elements of this rapidly changing field *Handbook of Research for Educational Communications and Technology* David Jonassen, Marcy Driscoll, 2003-12-08 First Published in 2008 Routledge is an imprint of Taylor Francis an informa company

Some Children Under Some Conditions Robert Abelman, 1994-10 Research suggests that parents how high ability children process TV information the reality perceptions of high ability students parental mediation of viewing separate research summaries 32 pages of TV activities specifically designed for home school use **Mass Media Effects Research** Raymond W. Preiss, 2007 Publisher description *Television and Child Development* Judith Van Evra, 2004-07-21 The book presents a well edited review and integration of current research findings from both communication and psychological literature to provide a comprehensive view of current media use by children and adolescents and its impact on their developing *A Cognitive Psychology of Mass Communication* Richard Jackson Harris, 2004 The author examines how our experiences with media affect the way we acquire knowledge and how this knowledge creates consequences for attitudes and behaviour **Interpersonal Communication** Pamela J. Kalbfleisch, 2013-09-13 Interpersonal relationships are the core of our societal system and have been since before the dawn of civilization In today s world friends lovers companions and confidants make valuable contributions to our everyday lives These are the relationships whose members are not automatically participants as a result of their birth and kin affiliations The focus is on these relationships that must be forged from the sometimes indifferent and sometimes hostile world Yet there is still much that is not known about how these relationships evolve how partners communicate in on going relationships how people keep their relationships together and how they cope when they fall apart Primary to the focus of this book is the underlying theme of evolving interpersonal relationships from the initial encounter to the mature alliance The contributors to this volume provide a contemporary perspective for the study of interpersonal relationships Fresh areas of scholarly inquiry are presented and existing approaches are re examined Research in the introductory chapters breaks new ground and appraises the ultimate question of what impact initial interactions have on further relational development The mid section of the volume concerns communication issues that confront the members of a relationship in process focusing on how conflict and jealousy are communicated to a relational partner This research considers relational development as well as obstacles and barriers to evolving relationships The concluding chapters probe the question Ultimately do all good things have to come to an end Employing innovative techniques to examine maturing and disengaging relationships the research presented here focuses on how interpersonal relationships become committed and mature *The Routledge International Handbook of Children, Adolescents, and Media* Dafna Lemish, 2022-05-30 This second thoroughly updated edition of The Routledge International Handbook of Children Adolescents and Media analyzes a broad range of complementary areas of study including children as media consumers children as active participants in media making and representations of children in the media The roles that media play in the lives of children and adolescents as well as their potential implications for their cognitive emotional social

and behavioral development have attracted growing research attention in a variety of disciplines This handbook presents a collection that spans a variety of disciplines including developmental psychology media studies public health education feminist studies and the sociology of childhood Chapters provide a unique intellectual mapping of current knowledge exploring the relationship between children and media in local national and global contexts Divided into five parts each with an introduction explaining the themes and topics covered the Handbook features over 50 contributions from leading and upcoming academics from around the globe The revised and new chapters consider vital questions by analyzing texts audience and institutions including media and its effects on children s mental health children and the internet of toys media and digital inequalities news and citizenship in the aftermath of COVID 19 The Handbook s interdisciplinary approach and comprehensive current and international scope make it an authoritative state of the art guide to the field of children s media studies It will be indispensable for media scholars and professionals policy makers educators and parents

Pastoral Care Matters in Primary and Middle Schools Tony Charlton, Kenneth David, 2002-09-11 This wide ranging book offers a fresh survey of the pastoral needs of primary age pupils and pupils in early adolescence for both trainee and practising teachers This book is divided into four main sections Principles considers the future needs of children learning processes the planning and implementation of a pastoral programme and the co ordination of personal and social education Aspects of Pastoral Care develops six specific pastoral approaches welfare and liaison health and medical services life crises and counselling managing behaviour bullying and starting secondary school Viewpoints has three personal statements television viewing core values for teachers and parents and the professionalism of teachers In An Agenda for Discussion the editors comment on the various chapters of the book and add extra material on pastoral care and personal and social education

Broadcast Television Effects in A Remote Community Tony Charlton, Barrie Gunter, Andrew Hannan, 2002-01-12 This book reports findings from a major multidisciplinary study of the impact of broadcast television on the remote island community of St Helena in the South Atlantic Ocean Broadcast television was introduced to the island for the first time in March 1995 This introduction represented a major event on the island whose only televisual experience had been through video In the years leading up to the introduction of TV the researchers who wrote this book collected data by observing the island s young children in classroom settings and during free play In addition to these observations they asked the children s teachers to rate their students behavior and invited the children to explain to them what leisure time activities they engaged in With the data they were able to amass on these key variables they have assembled and coded the results into baseline measures central to the study Once TV had arrived they collected data annually on the key dependent measures to determine if the introduction of broadcast TV had any discernible influence on the behavior of the children

On Media Violence W. James Potter, 1999 *On Media Violence* is a definitive examination of this hotly debated social topic Media scholar W James Potter asks provocative questions such as How much media violence is there What are the meanings conveyed in the way violence is

portrayed What effect does it have on viewers individually as members of particular groups and as members of society The book is organized in four parts The first part presents a thorough review of more than 40 years of research and theories about media violence The second part is an extended critique of the assumptions and practices of that research and thinking The book proposes re conceptions of definitions of violence context levels of phenomena the role of human development effects risk and the nature of the media industries Potter also addresses the necessity for a reconfiguration of the methodological tasks used to assess the content and effects of media violence The final part introduces Lineation Theory a suggested perspective and new theoretical approach explaining it On Media Violence is essential reading for students and scholars of Media Studies Communication Theory Popular Culture Social Psychology and Sociology Part I of the book offers a thorough review of more than 40 years of research on media violence Part II proposes re conceptions of these theories focusing in particular on violence context levels of phenomena human development effects risk and the media industries In the latter half of the book Part III addresses the necessity for a reconfiguration of the methodological tasks used to assess media violence Part IV introduces the concept of Lineation Theory a suggested perspective for thinking about media violence and a new theoretical approach to explaining it On Media Violence is essential reading for students and scholars of Media Studies Communication Theory Popular Culture Social Psychology and Sociology

A Cognitive Psychology of Mass Communication Fred W. Sanborn, Richard Jackson Harris, 2019-01-15 In a constantly changing media landscape A Cognitive Psychology of Mass Communication is the go to text for any course that examines mass communication from a psychological perspective Now in its seventh edition the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior Updates include end of chapter suggestions for further reading new research and examples for a more global perspective as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves While including real world examples the book also integrates psychology and communication theory along with reviews of the most up to date research The text covers a diversity of media forms and issues ranging from commonly discussed topics such as politics sex and violence to lesser studied topics such as emotions and prosocial media Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects Written in an engaging readable style the text is appropriate for graduate or undergraduate audiences The accompanying companion website also includes resources for both instructors and students For students Chapter outlines and review questions Useful links For instructors Guidelines for in class discussions Sample syllabus Summaries Please visit www.routledge.com/cw/sanborn

Departures Randall Popken, Alice Newsome, Lanell Gonzales, 1994-11 HA02 Departures A Reader for Developing Writers Randall L Popken Alice A Newsome M Lanell Gonzales all of Tarleton State University H6249 0 350 pp 6 x 9 0 205 16249 5 paperbound 1995 16 50nk October Departures offers developmental writers a fresh unique

anthology to complement their writing courses The readings are drawn exclusively from popular media and are chosen for their ability to interest students Departures examines questions of immediate importance in modern American life choosing topics that also have academic significance **JQ. Journalism Quarterly** ,1993 Includes section Book reviews and other bibliographical material **Parents, Children, and Adolescents** Anne Marie Ambert,2020-12-18 Parents Children and Adolescents presents an integrative perspective of the parent child relationship within several contexts You can expand your empirical and theoretical knowledge of the parent child relationship and child development through the book s unusually holistic theoretical perspective that integrates three main frameworks interactional theories on parents children and development contextual ecological models and behavior genetics This insightful book s empirical scope is broader than that of most books in that it considers the parent child relationship throughout the life course as well as within a great variety of contexts including interactions with sibling and peers at school in their neighborhoods and with professionals You ll gain immeasurable knowledge about parents child rearing styles and how they are affected by environmental variables the interaction between parents and children and between their personalities behavior genetics as one of the explanatory frameworks for the role of genetics and environment negative child outcomes emotional problems conduct disorders and delinquency poverty and other stressors affecting parents and children problematic abusive emotionally disturbed alcoholic parents siblings and peers as contexts for the parent child dyad the effect of the school system on the family with a focus on minority families family structure divorce remarriage and families headed by never married mothers adolescent mothers and their own mothers the psychogenetic limitations on parental influence and cultural roadblocks to parental moral authority Complete with an Instructor s Manual Parents Children and Adolescents is ideal for advanced undergraduate and graduate classes in family studies and human development sociology of the family interdisciplinary developmental psychology and social work classes that need a thorough perspective on the parent child relationship Professionals and scholars in these fields seeking an interdisciplinary framework as well as research suggestions and incisive critiques of traditional perspectives will also find this innovative book a valuable addition to their reading lists **Mass Media Effects** Leo W. Jeffres,Richard M. Perloff,1997 This comprehensive text examines the broad issues of media effects the specific domains where media impact has generated the most study it focuses on long term issues systems approaches
