Tell it to a Stranger Elizabeth Berridge,1947 A collection of short stories by Elizabeth Berridge *The Cambridge Companion to the English Short Story* Ann-Marie Einhaus,2016-06-06 This Companion provides an accessible overview of short fiction by writers from England Scotland Ireland Wales and other international sites A collection of international experts examine the development of the short story in a variety of contexts from the early nineteenth century to the present They consider how dramatic changes in the publishing landscape during this period such as the rise of the fiction magazine and the emergence of new opportunities in online and electronic publishing influenced the form covering subgenres from detective fiction to flash fiction Drawing on a wealth of critical scholarship to place the short story in the English literary tradition this volume will be an invaluable guide for students of the short story in English **The Cambridge Companion to the Literature of World War II** Marina MacKay,2009-01-22 An overview of writing about the war from a global perspective aimed at students of modern literature Bringing Up War-Babies Amanda Jones,2018-08-06 The figure of the wartime child in the mid twentieth century unsettles and disturbs This book employs a range of material biographical literary and historical to chart some of the surprising and unanticipated crossovers between women s writing and early psychoanalysis in the years of the Second World War and the decades before and after This volume includes examples of children s adventure fiction as well as works written for adult audiences and important and previously unrecognized similarities are noted The war was a disruptive influence in the lives of all who lived through it Although active self censorship is observed in the behaviour and attitudes of adults at this time this book demonstrates how fictional children are able to articulate feelings such as anxiety and fear that adults were under pressure to conceal or to repress and at times the figure of the wartime child becomes a surrogate for the writer herself or her suppressed fears and anxiety When peace returned this study finds women writers quick to identify and communicate a discomfiting new ambivalence between parents and children *Miss Pettigrew Lives for a Day* Winifred Watson,2008 A governess is sent by an employment agency to the wrong address where she encounters a glamorous night club singer Miss LaFosse **Every Picture Tells a Story** DWayne Hartup,2015-11-12 TJ is a good cop a really good cop Maybe too good but he does have a flawed character His investigative skills are phenomenal and they attract the attention of a serial predator In an effort to conceal his deeds in which TJ continues to unwittingly meddle the predator goes to great lengths with brilliance of his own to weave a believable story of complicity by others A story with more twists and turns than the 24 hours of Le Mans race a chess game with dire consequences brings out the best of a brilliant investigator and a worthy opponent The ending explodes with a most unlikely conclusion *Creative Nonfiction* Philip Gerard,2017-11-10 Writing creative nonfiction intertwines journalistic truth and literary techniques to tell a story that is clear accurate and exploding with meaning Philip Gerard artfully guides readers through the entire creative nonfiction writing process going beyond the technical basics to address topics such as ethics

*Animating Culture* Eric Loren Smoodin, 1993 Long considered children's entertainment by audiences and popular media Hollywood animation has received little serious attention Eric Smoodin's *Animating Culture* is the first and only book to thoroughly analyze the animated short film Usually running about seven or eight minutes cartoons were made by major Hollywood studios such as MGM Warner Bros and Disney and shown at movie theaters along with a newsreel and a feature length film Smoodin explores animated shorts and the system that mass produced them How were cartoons exhibited in theaters How did they tell their stories Who did they tell them to What did they say about race class and gender How were cartoons related to the feature films they accompanied on the evening's bill of fare What were the social functions of cartoon stars like Donald Duck and Minnie Mouse Smoodin argues that cartoons appealed to a wide audience not just children and did indeed contribute to public debate about political matters He examines issues often ignored in discussions of animated film issues such as social control in the U S army's Private Snafu cartoons and sexuality and race in the sites of Betty Boop's body and the cartoon harem Smoodin's analysis of the multiple discourses embedded in a variety of cartoons reveals the complex and sometimes contradictory ways that animation dealt with class relations labor imperialism and censorship His discussion of Disney and the Disney Studio's close ties with the U S government forces us to rethink the place of the cartoon in political and cultural life Smoodin reveals the complex relationship between cartoons and the Hollywood studio system and between cartoons and their audiences
