Teller Of Tales:

The Teller's Tale Sophie Raynard,2012-10-25 This book offers new often unexpected but always intriguing portraits of the writers of classic fairy tales For years these authors who wrote from the sixteenth to the nineteenth centuries have been either little known or known through skewed frequently sentimentalized biographical information Jacob and Wilhelm Grimm were cast as exemplars of national virtues Hans Christian Andersen s life became with his participation a fairy tale in itself Jeanne Marie Leprince de Beaumont the prim governess who wrote moral tales for girls had a more colorful past than her readers would have imagined and few people knew that nineteen year old Marie Catherine d Aulnoy conspired to kill her much older husband Important figures about whom little is known such as Giovan Francesco Straparola and Giambattista Basile are rendered more completely than ever before Uncovering what was obscured for years and with newly discovered evidence contributors to this fascinating and much needed volume provide a historical context for Europe s fairy tales

Toren the Teller's Tale Shevi Arnold,2011-12-16 Have you ever been swept away by a story If you have you know the magic of the storyteller and you know that magic is real This is seventeen year old Toren s magic but is she brave enough to accept the power she holds When Toren returns home her little sister Noa is full of questions Why does Toren awake only at night What causes her almost constant pain And above all why after completing her apprenticeship has she decided not to become a wizard To answer Toren weaves a tale about a journey that leads her to discover the greatest source of magic in her world herself It is a revelation that comes at a high price Through her darkest years Toren finds solace and strength in the stories she tells But her greatest tale is not yet finished Together with Noa she sets out on a new adventure And in the end she must choose Will she continue to cling to her dream of an ordinary life or will she dare to let her own magic shine TOREN THE TELLER S TALE is an inspirational fantasy about the enchantment of literature because in Toren s parallel world there is no greater magic than the magic of storytelling TOREN THE TELLER S TALE is the first book in the Toren the Teller series **The Homestead** ,1927 *The Truth-Teller's Tale* Sharon Shinn,2007-04-05 Innkeeper s daughters Adele and Eleda are mirror twins identical twins whose looks are reflections of each other s and their special talents are like mirrors too Adele is a Safe Keeper entrusted with hearing and never revealing others secrets Eleda is a Truth Teller who cannot tell a lie when asked a direct question The town of Merendon relies on the twins no one more than their best friend Roelynn Karro whose strict wealthy father is determined to marry her off to the prince When the girls are seventeen a handsome dancing master and his apprentice come to stay at the inn and thus begins a chain of romance mistaken identity and some very surprising truths and falsehoods
