Sing Us a Song, Piano Woman Adrienne Trier-Bieniek, 2013-06-06 Sing Us a Song Piano Woman Female Fans and the Music of Tori Amos explores the many layered relationships female fans build with feminist musicians in general and with Tori Amos in particular Using original interview research with more than forty fans of Tori Amos multiple observer participant experiences at Amos's concerts and critical content analysis of Amos's lyrics and larger body of work Adrienne Trier-Bieniek utilizes a combination of gender emotions music and activism to unravel the typecasts plaguing female fans Trier-Bieniek aggressively challenges the popular culture stereotypes that have painted all female fans as screaming crying teenage girls who are unable to control themselves when a favorite generally male performer occupies the stage In stunning contrast admirers of Tori Amos comprise a more introspective category of fan Sing

Us a Song Piano Woman examines the wide range of stories from these listeners exploring how Amos s female fans are unique because Amos places the experiences of women at the center of her music Tori Amos s fan base is considered devoted because of the deeply emotional often healing connection they have to her music an aspect that has been overlooked particularly in sociological and cultural research on gender emotions and music Tori Amos s female fans as a social phenomenon are vital for understanding the multi layered relationships women can have with female singer songwriters At a time when superficial women dominate public media presentations from the Kardashians to the Real Housewives the relationship between Tori Amos and her fans illustrates the continuous search by women for female performers who challenge patriarchal standards in popular culture Trier Bieniek s research serves as a springboard for further study of women in pop culture whose purpose is to empower and provoke their fans as well as change society
