Radway, Kevin Gaines, Barry Shank, Penny Von Eschen, 2009-03-09 American Studies is a vigorous bold account of the changes in the field of American Studies over the last thirty five years Through this set of carefully selected key essays by an editorial board of expert scholars the book demonstrates how changes in the field have produced new genealogies that tell different histories of both America and the study of America Charts the evolution of American Studies from the end of World War II to the present day by showcasing the best scholarship in this field An introductory essay by the distinguished editorial board highlights developments in the field and places each essay in its historical and theoretical context Explores topics such as American politics history culture race gender and working life Shows how changing perspectives have enabled older concepts to emerge in a different context

African American Religious Thought Cornel West, Eddie S. Glaude, 2003-01-01 Believing that African American religious studies has reached a crossroads Cornel West and Eddie Glaude seek in this landmark anthology to steer the discipline into the future Arguing that the complexity of beliefs choices and actions of African Americans need not be reduced to expressions of black religion West and Glaude call for more careful reflection on the complex relationships of African American religious studies to conceptions of class gender sexual orientation race empire and other values that continue to challenge our democratic ideals *Chicago's New Negroes* Davarian L. Baldwin, 2007 Chicago's New Negroes Modernity the Great Migration and Black Urban Life *100 Books Every Blues Fan Should Own* Edward Komara, Greg Johnson, 2014-02-07 Search the Internet for the 100 best songs or best albums Dozens of lists will appear from aficionados to major music personalities But what if you not only love listening to the blues or country music or jazz or rock you love reading about it too How do you separate what matters from what doesn't among the hundreds sometimes thousands of books on the music you so love In the Best Music Books series readers finally have a quick and ready list of the most important works published on modern major music genres by leading experts In *100 Books Every Blues Fan Should Own* Edward Komara former Blues Archivist of the University of Mississippi and his successor Greg Johnson select those histories biographies surveys transcriptions and studies from the many hundreds of works that have been published about this vital American musical genre Komara and Johnson provide a short description of the contents and the achievement of each title selected for their Blues 100 Entries include full bibliographic citations prices of copies in print and even descriptions of specific editions for book collectors *100 Books Every Blues Fan Should Own* also includes suggested blues recordings to accompany each recommended work as well as a concluding section on key reference titles or as Komara and Johnson phrase it *The Books behind the Blues 100* *100 Books Every Blues Fan Should Own* serves as a guide for any blues fan looking for a road map through the history of and even history of the scholarship on the blues Here Komara and Johnson answer the

question of not only what is a blues book but which ones are worth owning *A City Called Heaven* Robert M. Marovich,2015-03-15 In *A City Called Heaven* Robert M Marovich follows gospel music from early hymns and camp meetings through its growth into the sanctified soundtrack of the city's mainline black Protestant churches Marovich mines print media ephemera and hours of interviews with artists ministers and historians as well as relatives and friends of gospel pioneers to recover forgotten singers musicians songwriters and industry leaders He also examines the entrepreneurial spirit that fueled gospel music's rise to popularity and granted social mobility to a number of its practitioners As Marovich shows the music expressed a yearning for freedom from earthly pains racial prejudice and life's hardships Yet it also helped give voice to a people and lift a nation *A City Called Heaven* celebrates a sound too mighty and too joyous for even church walls to hold *Preaching on Wax* Lerone A Martin,2014-11-14 The overlooked African American religious history of the phonograph industry Winner of the 2015 Frank S and Elizabeth D Brewer Prize for outstanding scholarship in church history by a first time author presented by the American Society of Church History Certificate of Merit 2015 Award for Excellence in Historical Recorded Sound Research presented by the Association for Recorded Sound Collections From 1925 to 1941 approximately one hundred African American clergymen teamed up with leading record labels such as Columbia Paramount Victor RCA to record and sell their sermons on wax While white clerics of the era such as Aimee Semple McPherson and Charles Fuller became religious entrepreneurs and celebrities through their pioneering use of radio black clergy were largely marginalized from radio Instead they relied on other means to get their message out teaming up with corporate titans of the phonograph industry to package and distribute their old time gospel messages across the country Their nationally marketed folk sermons received an enthusiastic welcome by consumers at times even outselling top billing jazz and blues artists such as Bessie Smith and Ma Rainey These phonograph preachers significantly shaped the development of black religion during the interwar period playing a crucial role in establishing the contemporary religious practices of commodification broadcasting and celebrity Yet the fame and reach of these nationwide media ministries came at a price as phonograph preachers became subject to the principles of corporate America In *Preaching on Wax* Lerone A Martin offers the first full length account of the oft overlooked religious history of the phonograph industry He explains why a critical mass of African American ministers teamed up with the major phonograph labels of the day how and why black consumers eagerly purchased their religious records and how this phonograph religion significantly contributed to the shaping of modern African American Christianity Instructor's Guide **Voices of Black Folk** Terri Brinegar,2022-04-19 Recipient of a 2023 Certificate of Merit for Best Historical Research in Recorded Blues R B Gospel Hip Hop or Soul Music from the Association for Recorded Sound Collections In the late 1920s Reverend A W Nix 1880-1949 an African American Baptist minister born in Texas made fifty four commercial recordings of his sermons on phonographs in Chicago On these recordings Nix presented vocal traditions and styles long associated with the southern rural Black church as he preached about self help racial uplift thrift and

Christian values As southerners like Nix fled into cities in the North to escape the rampant racism in the South they contested whether or not African American vocal styles of singing and preaching that had emerged during the slavery era were appropriate for uplifting the race Specific vocal characteristics like those on Nix's recordings were linked to the image of the Old Negro by many African American leaders who favored adopting Europeanized vocal characteristics and musical repertoires into African American churches in order to uplift the modern New Negro citizen Through interviews with family members musical analyses of the sounds on Nix's recordings and examination of historical documents and relevant scholarship Terri Brinegar argues that the development of the phonograph in the 1920s afforded preachers like Nix the opportunity to present traditional Black vocal styles of the southern Black church as modern Black voices These vocal styles also influenced musical styles The moaning voice used by Nix and other ministers was a direct connection to the blues moan employed by many blues singers including Blind Willie Blind Lemon and Ma Rainey Both Reverend A W Nix and his brother W M Nix were an influence on the Father of Gospel Music Thomas A Dorsey The success of Nix's recorded sermons demonstrates the enduring values African Americans placed on traditional vocal practices

Ragged but Right Lynn Abbott, Doug Seroff, 2009-09-17 The commercial explosion of ragtime in the early twentieth century created previously unimagined opportunities for black performers However every prospect was mitigated by systemic racism The biggest hits of the ragtime era weren't Scott Joplin's stately piano rags Coon songs with their ugly name defined ragtime for the masses and played a transitional role in the commercial ascendancy of blues and jazz In **Ragged but Right** Lynn Abbott and Doug Seroff investigate black musical comedy productions sideshow bands and itinerant tented minstrel shows Ragtime history is crowned by the big shows the stunning musical comedy successes of Williams and Walker Bob Cole and Ernest Hogan Under the big tent of Tolliver's Smart Set Ma Rainey Clara Smith and others were converted from coon shouters to blues singers Throughout the ragtime era and into the era of blues and jazz circuses and Wild West shows exploited the popular demand for black music and culture yet segregated and subordinated black performers to the sideshow tent Not to be confused with their nineteenth century white predecessors black tented minstrel shows such as the Rabbit's Foot and Silas Green from New Orleans provided blues and jazz heavy vernacular entertainment that black southern audiences identified with and took pride in
