New Book Design Roger Fawcett-Tang, 2004-05-25 New Book Design showcases the most interesting influential and accomplished book designs from the last ten years. It features over 100 titles published around the world, each chosen for their outstanding design qualities from the publications of large mainstream publishers to those of small independent companies and even those from individual artists. Included in its pages are lavishly produced books with unconventional formats and unusual print techniques as well as less flamboyant publications produced for various different markets. A wide variety of books are featured from paperback novels to architectural monographs from text-based to profusely illustrated books. Divided into four main sections: Packaging, Navigation, Layout, and Specification, the book examines each facet of book design: cover design, contents, and structure, image usage, grids, typography, paper, printing, and binding. Clear photography captures each featured book, and interviews with prominent book designers, art directors, and publishers provide extra insight. New Book Design is sure to provide a rich source of inspiration to book designers and bibliophiles alike. **Soon** Lewis Blackwell, Chris Ashworth, 2001. Soon reveals the inner workings of leading advertisers and creative thinkers from around the globe when asked to create advertising for brands that will answer the needs of society in the future. Each project is meant to provoke, stimulate, and inform with narratives, images, and objects developed around issues like a synthetic drug that provides the benefits of eight hours of sleep in sixty minutes. Or solid state wired clothing that plays music, links to the web, and projects messaging onto sunglasses. It's a fascinating study, an exciting challenge, and a compelling read just what the brave new world needs. Lewis Blackwell is International Creative Director at Getty Images. Formerly publisher and editor of Creative Review, he is the author of numerous critically acclaimed books. Chris Ashworth has held senior creative positions at MTV Europe and Ray Gun magazine as well as formed the studios Substance and Still. He is currently Design Director of gettyone design studio, a division of Getty Images in London, England. *30 Essential Typefaces for a Lifetime*, 2006. There are thousands of typefaces and more being produced monthly. It is a continual challenge for designers to select the exact typeface best suited for a project. In collaboration with the School of St Martin Art Center, Pasadena, Rhode Island School of Design, Basel, and Yale Design School, *30 Essential Typefaces for a Lifetime* defines 30 of the most useful and classic typefaces for all design needs and occasions. Neville Brody imagined it takes 10 years for someone to master a typeface. This book contains typefaces for a lifetime. The Me of Tomorrow Efrain Rovira, 2022-03-13.
