exhibition at the George Washington Carver Museum in Austin entitled 17 that unearthed the experiences of the 925 Black men that made up just 1.7% of UT's total 52,000 student body. Now Boreal expands the scope of his original project and visits colleges nationwide from Historically Black Colleges and Universities (HBCUs) to predominantly white institutions to trade schools and more. Rather than dwelling on the monolith of trauma often associated with Black narratives, Boreal is dedicated to using honest dialogue to share stories of true joy and triumph amidst the hardships, prejudices, and internal struggles. Using an exciting and eclectic design approach to accompany the portraits and stories, each individual profile effectively conveys the interviewee's unique voice, tone, and background. The Black Yearbook reframes society's stereotypical perception of higher education by representing and celebrating the wide range of Black experiences on campuses.
