Traditional Magic Spells for Protection and Healing Claude Lecouteux,2017-11-07 An in depth collection of ancient spells and magic practices drawn from rare and newly discovered texts Presents more than 600 magical prescriptions for healing and protection from both pagan and Christian sources Examines the practice of diagnosing illness through magic and explores ancient beliefs about curses and other evil spells and about devils demons and ghosts Includes spells from the heavily guarded gypsy tradition of magic and healing drawn from newly discovered materials Since the beginning of history people have sought remedies for the many ills that have beset them from illnesses afflicting the body to threats posed by evil and hostile individuals In many folk healing and pagan traditions it was believed that one must gain the assistance of the guardian spirit of a healing plant or substance through prayers or offerings before its chemical properties would be effective The Church decried these spells and practices as pagan superstition but did not seek to exterminate these beliefs instead transferring the responsibility for their healing powers to the apostles and saints Drawing on his extensive knowledge of ancient texts Claude Lecouteux presents more than 600 magical prescriptions from both pagan and Christian sources from the last 2 000 years covering everything from

abscesses and shingles to curses and healing animals He examines the practice of diagnosing illness through magic and looks at the origins of disease according to the evolving beliefs of magic practitioners over the centuries He explores ancient beliefs about curses and about devils demons and ghosts and provides an in depth look at protection magic including protection of health animals and cultivated land protection against curses witchcraft bad weather and beasts protection of a home and protection while traveling He includes spells from the heavily guarded gypsy tradition of magic and healing drawn from newly discovered materials collected by two Romanian ethnologists who lived and traveled with gypsies in Transylvania in the mid 19th century The author also reproduces rare texts on magic healing from the 14th and 15th centuries Revealing the vitality of these practices in the remoter areas of Eastern Europe Lecouteux shows how the influence of this pagan worldview is still detectable in the work of modern folk healers in France and Scandinavia He also shows how the condemnation of unorthodox methods of healing has not vanished from the contemporary world the medieval legislation against healing by wizards and bonesetters is echoed in modern health codes that challenge the authority of naturopaths and faith healers

A World that was Ronald Murray Berndt, Catherine Helen Berndt, John E. Stanton, 1993 This extraordinary book written from material gathered over half a century ago will almost certainly be the last fine grained account of traditional Aboriginal life in settled south eastern Australia It recreates the world of the Yaraldi group of the Kukabrak or Narrinyeri people of the Lower Murray and Lakes region of South Australia In 1939 Albert Karloan a Yaraldi man urged a young ethnologist Ronald Berndt to set up camp at Murray Bridge and to record the story of his people Karloan and Pinkie Mack a Yaraldi woman possessed

through personal experience not merely through hearsay an all but complete knowledge of traditional life They were virtually the last custodians of that knowledge and they felt the burden of their unique situation This book represents their concerted efforts to pass on the story to future generations For Ronald and Catherine Berndt this was their first fieldwork together in an illustrious joint career of almost fifty years During long periods principally until 1943 they laboured with pencil and paper to put it all down a far cry from the recording techniques of today s oral historians Their fieldnotes were worked into a rough draft of what would become but not until recently the finished manuscript The book s range is encyclopaedic and engrossing sometimes dramatic It encompasses relations between and among individuals and clan groups land tenure kinship the subsistence economy trade ceremony councils fighting and warfare rites of passage from conception to death myths and beliefs and practices concerning healing and the supernatural Not least it is a record of the dramatic changes following European colonization A World That Was is a unique contribution to Australia s cultural history There is simply no comparable body of work nor is there ever likely to be And Though this World with Devils Filled Jón Magnússon,2007 This book is mainly an English translation of J n Magn sson s A Story of Sufferings Magn sson a seventeenth century Lutheran priest in Iceland endured intense physical and mental sufferings which he attributed to the black magic of three alleged sorcerers The two male sorcerers were tried convicted and burned to death but the third a woman was acquitted The work may have been written as material for appealing the acquittal of the woman to a higher court This book also includes a historical introduction a chronology of J n Magn sson s life and the rulings from the trials Though hardly pleasant to read A Story of Sufferings is a literary masterpiece in the original It should be of interest to students of mystical religion and to historians of the witchcraft craze that plagued Europe during the sixteenth and seventeenth centuries Folk Practices in North Mexico Isabel Kelly,2014-11-11 The Mexican folkways described in this monograph of scientific interest to anthropologists will fascinate laypeople as well Isabel Kelly collected these notes in the 1950s as a diversion when official field work was not feasible in the vicinity of Torre n and particularly in the nearby village of El Cuije in northern Mexico She recounts folk customs and habits focusing on beliefs and practices related to health and healing and on notions concerning magic These form Kelly believes a core of folk culture which has survived tenaciously in the rural areas and on the outskirts of the cities among mestizo families of scant education and limited economic resources These people are well acquainted with simple matter of fact illnesses which result from natural causes and which respond to treatment by herbal and other home remedies or by modern medicines But they also recognize the evil eye and the emotional upset known as fright They are thoroughly familiar with the ever present danger of ailments which are not natural and God sent but which are deliberately inflicted by an enemy through the artifice of a sorcerer or a spiritualist Such instigated illnesses may take any form from a cold in the head to a false pregnancy If a person suspects that poor health results from such malevolence he or she spurns Western medicine and looks instead to the witch or to the spiritualist as the only hope of a cure El Cuije pays an

annual quota from community funds to make available modern health services provided by the government But community funds are similarly drawn upon to provide medical attention for those who repair to the sorcerers Once a week the village truck takes all presumed witchcraft victims to a nearby town where they receive clinical treatment from professional sorcerers Kelly sees little that is genuinely indigenous in the beliefs and practices described many of them demonstrably result from infiltration from the Old World in the years following the Spanish Conquest She considers spiritualistic curing important in northern Mexico and many other parts of Latin America in some detail but the specific outlines of its history in northern Mexico still awaited clarification at the time of her research
