Søren Kierkegaard's Journals and Papers V3:

Søren Kierkegaard's Journals and Papers Søren Kierkegaard, 1981

Søren Kierkegaard's Journals and Papers.

Volume 3, L-R , Søren Kierkegaard's Journals and Papers Søren Kierkegaard, 1975-03-01 The incidental writings of Søren Kierkegaard published in the twenty volume Danish edition of the *Papirer* provide direct access to the thought of the many faceted nineteenth century philosopher who exerted so profound an influence on Protestant theology and modern existentialism. This important material which Danish scholars regard as the key to the scriptures of Kierkegaard's other work spans his entire productive life the last entry of the *Papirer* being dated only a few days before his death. These writings have been previously inaccessible in English except for a few fragmentary selections the most significant writings are now being made available in this definitive seven volume edition under the editorship of two expert scholars and translators. Kierkegaard's scattered writings fall into three main subject groupings: journal entries of varied content; notes and early versions of his published material; and personal reactions to his reading and study. In length and degree of polish they range from brief and cryptic notes to extensive lecture material, finished travel sketches and extended philosophical speculation. The translators provide annotations, copious notes and a collation of entries with the Danish *Papirer*. The editors group the selections in Volumes I through IV by theme with all entries on a given subject under the same heading. Within subject headings entries are arranged chronologically making it feasible to trace the evolution of Kierkegaard's thought on a specific topic. Volumes V and VI are devoted to autobiographical material. Volume VII contains an extensive index with topical cross references.

Kierkegaard's Journals and Notebooks Søren Kierkegaard, 2007 Produced by Copenhagen's Søren Kierkegaard Research Centre this volume the first of an eleven volume series offers an insight into Kierkegaard's inner life. In addition to early drafts of his published works it also contains his thoughts on events and philosophical and theological matters and ideas for future literary projects.

Søren Kierkegaard's Journals and Papers Søren Kierkegaard, 1967 Volume VII contains an extensive index with topical crossreferences.

Kierkegaard and Philosophy Alastair Hannay,2003-12-16 Kierkegaard and Philosophy makes many of the most important papers on Kierkegaard available in one place for the first time These seventeen essays written over a period of over twenty years have all been substantially revised or specially prepared for this collection with a new introduction by the author In the first part Alastair Hannay concentrates on Kierkegaard s central philosophical writings offering closely text based accounts of the silent concepts Kierkegaard uses The second part shows the relevance of other thinkers treatments of shared themes pointing out where they differ from Kierkegaard The concluding chapter provides a reason Kierkegaard himself would give for disagreeing with those who claim his texts are infinitely interpretable Written by the world s foremost Kierkegaard scholar and translator Kierkegaard and Philosophy is an indispensable resource for all students of Kierkegaard s work

Kierkegaard's Journals and Notebooks, Volume 11, Part 1 Søren Kierkegaard,2019-11-26 For over a century the Danish thinker S ren Kierkegaard 1813 55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history s great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard s journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard s Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 11 Part 1 and Volume 11 Part 2 present an exciting enlightening and enormously varied treasure trove of papers that were found carefully sorted and stored by Kierkegaard himself in his

apartment after his death These papers many of which have never before been published in English provide a window into many different aspects of Kierkegaard's life and creativity Volume 11 Part 1 includes items from his earliest formative years through his extensive studies at the university and up to the publication of *Either/Or* These materials include Kierkegaard's studies in biblical exegesis his reading of theologians such as Schleiermacher and Baader his concern with aesthetic matters including a lengthy consideration of the Faust legend his first trial sermon delivered at the Pastoral Seminary his views on the burgeoning field of political journalism in the 1830s and a group of papers he titled *The First Rudiments of Either/Or* The Green Book Some Particulars that were not Used

The Hidden Authorship of Søren Kierkegaard Jacob Sawyer, 2015-09-18

In this book Jacob H Sawyer explores the concept of hiddenness as a means to unlock the intriguing and oft misunderstood authorship of Søren Kierkegaard By understanding the melancholy man as first and foremost a Christian thinker this work gives special attention to how the form of Kierkegaard's authorial task complements its content giving particular attention to his use of pseudonyms The first part of the book addresses the explicit content of the authorship the second addresses the implicit form in which it was communicated to Kierkegaard's reader and the third addresses how these can help us understand Kierkegaard's own hidden inwardness Through this investigation Søren Kierkegaard is recognized as an example par excellence of a communicator He is seen to have attempted to only speak what his own life could uphold striving to be one who was in Christ the truth
