Sort Of Peace:

Handbook on Building Cultures of Peace Joseph de Rivera, 2008-11-28 Mediation and negotiation personal transformation non violent struggle in the community and the world these behaviors and their underlying values underpin the United Nations definition of a culture of peace and are crucial to the creation of such a culture The Handbook on Building Cultures of Peace addresses this complex and daunting task by presenting an accessible blueprint for this development Its perspectives are international and interdisciplinary involving the developing as well as the developed world with illustrations of states and citizens using peace based values to create progress on the individual community national and global levels The result is both realistic and visionary a prescription for a secure future

"The" Works of Jeremy Bentham Jeremy Bentham, 1843 **Insurance**, 1917 Messenger and Visitor, 1908 **The Works of Jeremy Bentham** Jeremy Bentham, 2024-04-23 Reprint of the original first published in 1843 **Viereck's**, 1917 **Augustine and Politics** John Doody, Kevin L. Hughes, Kim Paffenroth, 2005-01-01 The study of Augustine's political teachings has suffered from a history of misreadings both ancient and modern It is only in recent years that the traditional lines of Augustinian pessimism have been opened to question Scholars have begun to explore the broader lines of Augustine's political thought in his letters and sermons and thus have been able to place his classic text *The City of God* in its proper context The essays in this volume take stock of these recent developments and revisit old assumptions about the significance of Augustine of Hippo for political thought They do so from many different perspectives examining the anthropological and theological underpinnings of Augustine's thought his critique of politics his development of his own political thought and some of the later manifestations or uses of his thought in the Middle Ages the Renaissance and today This new vision is at once more bracing more hopeful and more diverse than earlier readings could have allowed

Isaiah 1-39 Steven A. McKinion, Thomas C. Oden, 2004-03-08 For the early church fathers the prophecy of Isaiah was not a compendium of Jewish history or theology but an announcement of the coming Messiah fulfilled in the life and ministry of Jesus of Nazareth In this ACCS volume readers will find commentary on Isaiah 1-39 ranging from East to West and from the first through the eighth centuries

Works of Jeremy Bentham Jeremy Bentham, 1839 **War's Ends** James G. Murphy, 2014-01-27 Before military action and even before mobilization the decision on whether to go to war is debated by politicians pundits and the public As they address the right or wrong of such action it is also a time when in the language of the just war tradition the wise would deeply investigate their true claim to *jus ad bellum* the right of war Wars have negative consequences not the least impinging on human life and offer infrequent and uncertain benefits yet war is part of the human condition James G. Murphy's insightful analysis of the *jus ad bellum* criteria competent authority just cause right intention probability of success last resort and proportionality is grounded in a variety of contemporary examples from World War I through Vietnam the soccer war between Honduras and El Salvador Afghanistan and the Middle East conflict Murphy argues persuasively that understanding *jus ad bellum* requires

a primary focus on the international common good and the good of peace Only secondarily should the argument about going to war hinge on the right of self defense in fact pursuing the common good requires political action given that peace is not simply the absence of violence He moves on to demonstrate the interconnectedness of the jus ad bellum criteria contending that some criteria depend logically on others and that competent authority not just cause is ultimately the most significant criterion in an analysis of going to war This timely study will be of special interest to scholars and students in ethics war and peace and international affairs
