The Sotadic Zone Sir Richard Francis Burton, 1934 **The Book of Minor Perverts** Benjamin Kahan, 2019-02-05
Shortlisted for the Modernist Studies Association Book Prize Statue fondlers wanderlusters sex magicians and nymphomaniacs the story of these forgotten sexualities what Michel Foucault deemed minor perverts has never before been told In *The Book of Minor Perverts* Benjamin Kahan sets out to chart the proliferation of sexual classification that arose with the advent of nineteenth century sexology The book narrates the shift from Foucault's thousand aberrant sexualities to one homosexuality The focus here is less on the effects of queer identity and more on the lines of causation behind a surprising array of minor perverts who refuse to fit neatly into our familiar sexual frameworks The result stands at the intersection of history queer studies and the medical humanities to offer us a new way of feeling our way into the past **Sex, Politics and Empire** Richard Phillips, 2006-04-30 Colonial governments institutions and companies recognised that in many ways the effective operation of the Empire depended upon sexual arrangements For example nuclear families serving agricultural colonization and prostitutes working for single men who powered armies and plantations mines and bureaucracies For this reason they devised elaborate systems of sexual governance such as attending to marriage and the family However they also devoted disproportionate energy to marking and policing the sexual margins In *Sex Politics and Empire* Richard Phillips investigates controversies surrounding prostitution homosexuality and the age of consent in the British Empire and revolutionises our notions about the importance of sex as a nexus of imperial power relations Anthropological Studies on the Strange Sexual Practices of All Races and All Ages Iwan Bloch, 2001-06 The celebrated compendium of sexual oddities a no holds barred treatment of sexual practices throughout the world and throughout time The work makes excellent reading though it may be criticized for lacking any substantial synthesis of its components and for being unsympathetic to homosexuals and masturbators Iwan Bloch 1872-1922 the father of sexual science took his medical degree from Wurzburg in 1896 and soon published his *Ursprung der Syphilis* 1901 which made him the foremost exponent of the so called Morbus Americanus theory that syphilis originated in America His *Beitrage zur Aetiologie der Psychopathia Sexualis* was an important follow up of Krafft Ebing and several other works brought him recognition as a pioneer sexologist Book jacket
