Soul Voices Windsong,2000-11-30 Hear the soul s essence of famous and not so famous people through soul voice poetry from a departed soul in the spirit world This is a book of verse inspired by an oriental spirit who calls himself Windsong He can see and hear what we in the thre dimensional world can not He knows the heart and soul of people living and deceased This spirit once lived as a Buddhist monk Windsong channels through the pen of Jeanette Strack Zanghi She looks into the aura of the person place or thing and he telepathically gives her the essence or soul reading The four line verse sometimes denotes the soul s purpose some of the verse is easily understood some highly symbolic and some humorous The 200 poems include Jesus George Washington Confucious Oprah Shakespeare Sai Baba Marilyn Monroe Queen Elizabeth Princess Diana Hitler John Kennedy Frank Sinatra Bill Clinton Celine Dion and Zecharia Sitchin Listen to the soul voice of Abraham Lincoln Heart of the country covered in dust illumined watchtower reason and trust Enter Windsong s world and see our world through his eyes

Medieval literary voices Louise D'Arcens,Sif Ríkharðsdóttir,2022-07-05 Voice is a fleeting physical phenomenon that leaves behind traces of its existence Medieval literary voices offers a wide reaching approach to the concept of literary voices both the vanished authorial ones and the implicit textual ones Its impressive lineup deepens our understanding of how literary voices evoke the elusive voices lurking beyond the text capturing the absent authorial voice the traces of scribal voices and the soundscape of the uttered text It explores multiple dimensions of medieval voice and vocalisations and the interactions between literary voices and their authorial scribal and socio political settings It contends that through the theorizing of literary voices we can begin to understand the ways in which medieval voices mediate or proclaim an embodied selfhood or material presence how they dictate or contest moral conventions and how they create and sustain narrative soundscapes

Lives of the Voice Hans Ulrich Gumbrecht, 2025-04-15 When it comes to understanding the ontology of individual existence that is the everyday behaviors that we all perform and hardly ever think about the voice has a particularly complicated status Together with writing voice is the medium expressing ideas that broadly speaking we have previously formed in our minds At the same time voices trigger vague images and associations that do not have determinate forms Writing in both a personal and philosophical register Hans Ulrich Gumbrecht explores the complexity of the voice as an understudied philosophical social and existential phenomenon He starts out with a focus on its core intellectual problem as the knot of the voice referring to the inseparable proximity between meanings images and the physical perceptions on which they depend In conversation with Nietzsche Husserl Heidegger Derrida Lyotard Luhmann and above all Roland Barthes Gumbrecht addresses topics that range from the social functions of the voice to its status in different historical contexts and to the ways in which the perception of voices animates imagination Throughout incisive analyses of moments such as Julius Caesar s purportedly high pitched voice the surprisingly fragile authority of God s voice in the Torah and in the Gospel and Gumbrecht s own personal attachment to the voices of popular singers such as Edith Piaf Elvis Presley and Adele create a portrait of the voice that is both philosophically challenging and entertaining to read
