Souls Of Light A Personal Guide To Spiritual Transformation:

World Transformation Jawara D. King, 2007-06 Courage on Bataan and Beyond is a comprehensive story about Abel F Ortega's life during the Bataan Death March and Japanese imprisonment written by his son Abel. It will take the reader with him from his childhood days when he would sit in a rocking chair and dream about the Far East to defending the Bataan Peninsula in a last ditch effort to keep the Japanese from taking the Philippines. Abel narrates how his family's prayers and his faith in God helped him to survive the infamous Bataan Death March three and a half years as a POW and two Hell Ship Voyages. This book will evoke both laughter and tears as one follows Abel from captivity to liberation. In his three and a half years as a POW he endured near starvation, hard labor, torture, and the indescribable and inhumane cruelty from his captors before being set free August 15th 1945. There were very few POW's who survived the Japanese brutality of Bataan and their following captivity, and of these not many are still with us. Today at 85 Abel feels his story needs to be told so that the brave soldiers of Bataan will not be forgotten once again.

Power of the Light Bjorn Ortenheim, 2001-09-17 Caution Reading this book in its entirety may cause the following side effects: Surprise, Anger, Disbelief, and even Amusement. We begin by revealing the little known inside workings of the pharmaceutical industry based on the experiences of people who have worked there. Why do you think it is that your drugs cost so much? Is it because of all the high tech stuff that goes into making it? Or is it something else that might shock or even anger you? What goes on behind the scenes often has nothing whatsoever to do with science. This leads to the second part which has to do with our health and the things you may not even realize are making us all sick. This is not just another eat right and exercise book. You will discover information you have never heard before. There are even things that have been proven to harm you but have been covered up or ignored and even encouraged as long as there is money to be made. Do you like investigative reporting? Do you like history or science fiction? Do you have a taste for the macabre? Are you concerned about declining health care, government and military cover ups, or the high cost of medicine? Written with some humor and at times a touch of sarcasm, there is a little bit of something here for everyone. You may or may not agree with some of the things in this book, but once you start reading it, your curiosity will make you want to pick it up again and again until you are finished.
