Sound As Thought Poems 19821984:

Sound as Thought Clark Coolidge, 1990 **Essays on the Peripheries** Peter Valente, 2021-04-22 Essays on the Peripheries contains essays written by translator and scholar Peter Valente over a twenty year period stretching from the 1990s to 2019 They are a record of literary exploration and discovery concerned with the recovery of lost works with those writers whose works were out of print or hard to find and whose names were somehow not fashionable in the current discourse but who are important nevertheless Edouard Roditi Barbara Barg and Tom Savage for example should be better known but their books are largely ignored This collection of essays highlights those works on the periphery such as Turkish poets Seyhan Er z elik and K k skender while it also includes several essays on better known queer authors like Pierre Guyotat and Pier Paolo Pasolini focusing on often overlooked qualities in their work that bear looking at closely These essays on works of literature are complemented by a number of texts on jazz again highlighting important and interesting figures in the world of jazz and free improvisation that may have fallen through the cracks such as the pianist Richard Twardzick and the Ganelin trio which recorded their great experimental work Ancora da Capo in 1980 behind the Iron Curtain Attention is also to given to more popular figures such as Stan Getz The volume is completed with a series of essays reappraising Roman poets in the twenty first century offering fresh new translations and readings of authors such as Catullus and Callimachus A collection of essays like an anthology is by its nature incomplete Essays on the Peripheries is a kind of sketch rather than a finished portrait of the author s changing impressions on various subjects over the years **The Scholar's Art** Jerome McGann, 2006-05-15 For Jerome McGann the purpose of scholarship is to preserve and pass on cultural heritage a feat accomplished through discussion among scholars and interested nonspecialists In The Scholar s Art a collection of thirteen essays McGann both addresses and exemplifies that discussion and the vocation it supports Of particular interest to McGann is the demise of public discourse about poetry That poetry has become recondite is to his mind at once a problem for how scholars do their work and a general cultural emergency The Scholar s Art asks what could be gained by reimagining the way scholars have codified the literary and cultural history of the past two hundred years and goes on to provide a series of case studies that illustrate how scholarly method can help bring about such reimaginings McGann closes with a discussion of technology s ability to harness the reimagination of cultural memory and concludes with exemplary acts of critical reflection Astute observation from one of America s most bracing and original commentators on the place of literature in twenty first century culture The Scholar s Art proposes new ways cultural philological and technological to reimagine our literary past and future **Odes of Roba** Clark Coolidge, 1991 Poetry Poems Written in Rome October 1984 February 1985 is the note below the manuscript title of ODES OF ROBA Roba means stuff in Italian slang a period which marked Clark Coolidge s first experience of Italy particularly Rome an immersion of five months in an architectural complex and cultural dilation long imagined often heard extolled by Philip Guston Alvin Curran and others and now finally present in the dailiness of the poet s
