Stronger Sex Understanding And Resolving The Eternal Power Struggle Between Men And Women:

The Stronger Sex Richard Driscoll, 1998 Why do women tend to dominate in intimate arguments while men concede placate or withdraw Indeed why do women tend to force relationship issues while men usually try to avoid them Nature compels women to confront men to test their commitment and push them to provide while it compels men to duck confrontations and avoid offending the women who can carry their genes into the next generation Not surprisingly what is good for genetic survival can be bad for relationships Our primeval differences set men and women on one collision course after another producing the endless skirmishes in the battle of the sexes Invariably we re left exasperated incapable of understanding the other sex It doesn t have to be that way According to this remarkable book men and women can rise above their genetic programming to achieve a deeper understanding and appreciation of the opposite sex In *The Stronger Sex* you ll recognize your own natural strengths and weaknesses as well as those of the one you love In addition you ll learn which gender Dominates personal arguments Is more highly stressed in personal confrontations Jilts the other almost twice as often Falls harder when relationships fail Is more stressed by workplace conflict when it occurs with someone of the same sex than of the opposite sex Is more intrigued by casual sex but is also more inwardly troubled by it And more *The Stronger Sex* will change forever your beliefs and understanding of the opposite sex It will help you improve your relationships in every area of your life and enjoy them more Balanced and insightful A triumph over illusion and misunderstanding Warren Farrell Ph D author of *Why Men Are the Way They Are* Compelling portraits page after page Come venture into the strange realities of sex power anger confrontation obligation infidelities and the real meaning of love Ann Cryster author of *The Wife in Law* Trap Unconventional but thoroughly fascinating Astute helpful politically incorrect and softly outrageous Joel Block Ph D author of *Secrets of Better Sex* About the Author Richard Driscoll Ph D is a psychologist who specializes in relationships conflict management and inner guidance He has written three previous books and twenty professional articles Dr Driscoll is married to Nancy Davis Driscoll who is also a psychologist and they are in private practice together They have a combined total of over forty years of professional experience working with relationships and over fifty years of personal experience being married to each other They have three children
