The Struggle Against Fascism in Germany Leon Trotsky,1972 **The Struggle Against Fascism in Germany.**
With an Introd. by E. Mandel. [Ed. by G. Breitman and M. Maisel. Annotated by M. Maisel and D. Roberts]. ,1971

The Struggle Against Fascism Leon Trotsky,1971 **Fighting fascism: the British Left and the rise of fascism, 1919-39** Keith Hodgson,2013-07-19 In the years between the two world wars fascism triumphed in Italy Germany Spain and elsewhere coming to power after intense struggles with the labour movements of those countries This book available in paperback for the first time analyses the way in which the British left responded to this new challenge How did socialists and communists in Britain explain what fascism was What did they do to oppose it and how successful were they In examining the theories and actions of the Labour Party the TUC the Communist Party and other smaller left wing groups the book explains their different approaches while at the same time highlighting the common thread that ran through all their interpretations of fascism The author argues that the British left has been largely overlooked in the few specific studies of anti fascism that exist with the focus being disproportionately applied to its European counterparts He also takes issue with recent developments in the study of fascism and argues that the views of the left often derided by modern historians are still relevant today *The Fight Against Fascism in the USA* ,2004 *The Struggle Against Fascism in Germany* Leo Trotskij,1971 **The Struggle Against Fascism in Germany** Lev Davidovič Trockij,1971 **The Struggle Against Fascism in Germany** Leon Trotsky,1975 *The Struggle Against Fascism in Germany* Lev Trotskij,1971 *Fascism* David Renton,2020-09-20 Across Europe and the world far right parties have been enjoying greater electoral success than at any time since 1945 Right wing street movements draw huge supporters and terrorist attacks on Jews and Muslims proliferate It sometimes seems we are returning to the age of fascism To explain this disturbing trend David Renton surveys the history of fascism in Europe from its pre war origins to the present day examining Marxist responses to fascism in the age of Hitler and Mussolini the writings of Trotsky and Gramsci and contemporary theorists Renton theorises that fascism was driven by the chaotic and unstable balance between reactionary ambitions and the mass character of its support This approach will arm a new generation of anti fascists to resist those who seek to re enact fascism Rewritten and revised for the twentieth anniversary of its first publication Renton s classic book synthesises the Marxist theory of fascism and updates it for our own times
