Struggle and Submission William Lloyd Newell, 1981-07-23 **Roads of Excess, Palaces of Wisdom** Jeffrey J. Kripal, 2001-12 William Blake once wrote that The road of excess leads to the palace of wisdom Inspired by these poetic terms Jeffrey J Kripal reveals how the works of scholars of mysticism are often rooted in their own mystical experiences roads of excess which can both lead to important insights into these scholars works and point us to our own palaces of wisdom In his new book Kripal addresses the twentieth century study of mysticism as a kind of mystical tradition in its own right with its own unique histories discourses sociological dynamics and rhetorics of secrecy Fluidly combining autobiography and biography with scholarly exploration Kripal takes us on a tour of comparative mystical thought by examining the lives and works of five major historians of mysticism Evelyn Underhill Louis Massignou R C Zaehner Agehananda Bharati and Elliot Wolfson as well as relating his own mystical experiences The result Kripal finds is seven palaces of wisdom the religious power of excess the necessity of distance in the study of mysticism the relationship between the mystical and art the dilemmas of male subjectivity and modern heterosexuality a call for ethical criticism the paradox of the insider outsider problem in the study of religion and the magical power of texts and their interpretation An original and penetrating analysis of modern scholarship and scholars of mysticism *Roads of Excess Palaces of Wisdom* is also a persuasive demonstration of the way this scholarly activity is itself a mystical phenomenon **The Metaphysical Compass** Jonathan Torralba Torron, 2024-08-12 An in depth analysis of the different worldviews available to us in today s world their underlying metaphysics and the symbolism they use to convey their doctrines The Metaphysical Compass is an exercise in both analysis and synthesis delving deeply into complex religious and philosophical issues while providing summarized access to vast amounts of information that is difficult for non specialists to access It is based on the incontrovertible premise that especially after the globalization of knowledge we find ourselves in a highly complex world in which different incompatible worldviews uneasily coexist To guide us in our search the book focuses on the metaphysical answers underlying the different worldviews available to us whether religious mystical esoteric philosophical or scientific It also stresses the importance of symbolism in transmitting these doctrines and its undeniable and growing prevalence in today s mass media and popular culture The Metaphysical Compass was designed as an enjoyable synthesis capable of conveying a large amount of information in a visual and summarized but not dumbed down way Furthermore the book contains plenty of hyperlinks digital editions and notes through which those interested can expand their knowledge on specific topics It is an ideal book for those with little time to investigate and confront the great questions of life Also for those interested in discovering all the possible solutions to the oldest philosophical question of all which lies at the core of each and every worldview the conflict between the One and the Many The Metaphysical Compass includes A massive repository of knowledge both ancient and modern highly structured and profusely illustrated designed to clear up all your metaphysical doubts and guide you in navigating the complexities of the

modern world and its myriad worldviews A comparative table with the 41 main current worldviews in which their particularities are described their main symbols discussed and their central metaphysical beliefs defined compared and categorized 15 summary diagrams that explain the complete argument of the book in a clear and pleasant visual way Graphics highlighting the prevalence of certain recurrent metaphysical doctrines in modern popular culture **Mystical Encounters with the Natural World** Paul Marshall,2005-07-07 Some experiences of the natural world bring a sense of unity knowledge self transcendence eternity light and love This is the first detailed study of these intriguing phenomena Paul Marshall explores the circumstances characteristics and after effects of this important but relatively neglected type of mystical experience and critiques explanations that range from the spiritual and metaphysical to the psychoanalytic contextual and neuropsychological The theorists discussed include R M Bucke Edward Carpenter W R Inge Evelyn Underhill Rudolf Otto Sigmund Freud Aldous Huxley R C Zaehner W T Stace Steven Katz and Robert Forman as well as contemporary neuroscientists The book makes a significant contribution to current debates about the nature of mystical experience
