Foreign Affairs (1789-1975),1979 Theology and Social Issues in Africa Francis Anekwe Oborji,2020-11-22 The Volume speaks to us from the heart and engages the socio political concerns in the Nigerian context through the lens of a theological approach The author reflects historically the numerous consequences of the amalgamation of the ethnic groups of different orientations in Nigeria into one socio political structure of the colonizers interests This sociopolitical structure raises several questions than answers it pretends to offer the indigenous people From a Nigerian point of view the articles in this volume critically challenge the unjust formation of any nationhood in the Africa context It points out how the sustenance of an unjust nation formation betrays the creed on which such a nation is established Truth conquers all is the spirit with which this Volume is written It is the truth that will set a nation like Nigeria free from the spirit of confusion and unperceived religio socio political syncretism The awareness emanating from this volume suggests liberating steps from the unsuspecting colonial interests and the sustained feigned relationship with the colonizers which militate against the socio political and economic growth and theological orthodoxy of such a growing nation **The African Liberation Struggle** Godfrey Mwakikagile,2018-05-06 This work focuses on the liberation struggle from the 1960s to the 1990s in the countries of southern Africa to end white minority rule The author writes from personal experience When the Organisation of African Unity OAU was formed in Addis Ababa Ethiopia in May 1963 Tanganyika now Tanzania was chosen to be the headquarters of the OAU Liberation Committee All the African liberation movements went on to open their offices in Tanzania s capital Dar es Salaam Many refugees fleeing oppression in the countries of southern Africa also went to live in Tanzania The author was a young news reporter in Dar es Salaam in the early seventies and got the chance to know some of the freedom fighters and their leaders who were based there during those days He also interviewed a number of them and has provided an additional perspective to his work as a primary source of some of the material included in his book It was one of the most important periods in the history of post colonial Africa Most countries on the continent had won independence by 1968 The toughest struggle was in the few strongholds of white minority rule in the southern part of the continent and in the Portuguese colony of Guinea Bissau Cape Verde in West Africa which finally ended in victory As President Nyerere once said Throughout history nationalist struggles have had one end victory *Humans: The 300,000-Year Struggle for Equality* ALVIN FINKEL,2024-09-13 This is a history of humanity like it s never been told before Historian Alvin Finkel builds on the work of archaeologists anthropologists and historians to present the very long view of the history of the human species His focus is not on the leaders whose exploits are recounted in traditional histories but rather on the experiences of ordinary people the 99% whose experiences and activities are often overlooked In the extensive research of many contemporary scholars Alvin Finkel notes a common thread which most historians have ignored the constant efforts of ordinary people throughout history to create and sustain societies based on equality of all individuals Contrary to traditional historical writing he finds that the earliest human communities usually treated all individuals as equals In the histories of societies all around the world he

records how individuals who found ways to gain wealth and power have faced constant often successful resistance from the rest From the first recorded communities in Mesopotamia to the COVID 19 pandemic this book features the resistances uprisings struggles and solidarities of the majority against those seeking to dominate The result is a fresh and challenging interpretation of the history of our species one that casts a new light on the true nature of humans
