Struggling to Surrender Jeffrey Lang, 1994 **The Columbia Sourcebook of Muslims in the United States**

Edward E. Curtis, 2009-05-18 Presents a patchwork narrative of Muslims from different ethnic and class backgrounds religious orientations and political affiliations bringing together an unusually personal collection of essays and documents from an incredibly diverse group of Americans who call themselves Muslims **Dilemmas of Authenticity** Zaid

Adhami, 2025-05-07 The past two decades have witnessed pervasive anxieties in US Muslim communities around a perceived crisis of faith As Zaid Adhami argues in this richly textured ethnography these concerns are fundamentally about the pressures and dilemmas of authenticity what it really means to be a Muslim While discussions about authenticity in Islam typically focus on maintaining tradition and competing claims to true Islam Adhami focuses instead on the powerful idea of being true to one's own self and what it means to have genuine belief Drawing on extensive conversations with American Muslims and careful readings of broader communal discourse Adhami shows that this drive for personal authenticity plays out in complicated ways It can produce deep doubt while also serving as the grounds to affirm tradition It can converge with revivalist modes of piety but it can also prompt emphatic challenges to communal orthodoxies Through vivid storytelling and sensitive analysis Adhami illuminates why religious doubt is often a source of intense anxiety in today's world and how people maintain their faith despite such unsettling uncertainty

Interreligious Dialogue and Cultural Change Catherine

Cornille, Stephanie Corigliano, 2012-08-17 The challenges and changes that take place when religions move from one cultural context to another present unique opportunities for interreligious dialogue In new cultural environments religions are not only propelled to enter into dialogue with the traditional or dominant religion of a particular culture religions are also invited to enter into dialogue with one another about cultural changes In this volume scholars from different religious traditions discuss the various types of dialogue that have emerged from the process of acculturation While the phenomenon of religious acculturation has generally focused on Western religions in non Western contexts this volume deals predominantly with the acculturation in the United States It thus offers a fresh look at the phenomenon of acculturation while also lifting up an often implicit or ignored dimension of interreligious dialogue

Encyclopedia of Muslim-American History Edward E.

Curtis, 2010 A two volume encyclopedia set that examines the legacy impact and contributions of Muslim Americans to U S history
The Sociology of Islam Tugrul Keskin, 2011 Attempts to make a connection between the economic system and its social and political consequences within Muslim societies To do this this book examines the role of Islam within Muslim societies in the context of neoliberal economic processes in a globalized world
Fighting Hislam Susan

Carland,2017-05-01 The Muslim community that is portrayed to the West is a misogynist s playground within the Muslim community feminism is often regarded with sneering hostility Yet between those two views there is a group of Muslim women

many do not believe exists a diverse bunch who fight sexism from within as committed to the fight as they are to their faith Hemmed in by Islamophobia and sexism they fight against sexism with their minds words and bodies Often their biggest weapon is their religion Here Carland talks with Muslim women about how they are making a stand for their sex while holding fast to their faith At a time when the media trumpets scandalous revelations about life for women from Saudi Arabia to Indonesia Muslim women are always spoken about and over never with In Fighting Hislam that ends **Becoming Muslim** A. Mansson McGinty, 2006-10-02 While Islam has become a controversial topic in the West a growing number of Westerners find powerful meaning in Islam Becoming Muslim is an ethnographic study based on in depth interviews with Swedish and American women who have converted to Islam
