The Man Who Wrote the Perfect Novel Charles J. Shields, 2018-10-15 An engrossing biography of a brilliant novelist underappreciated in his own time who became a twenty first century bestseller from the New York Times bestselling author The New Yorker When Stoner was published in 1965 the novel sold only a couple of thousand copies before disappearing with hardly a trace Yet the quietly powerful tale of Midwestern college professor William Stoner whose life becomes a parable of solitude and anguish eventually found an admiring audience in America and especially in Europe The New York Times called Stoner a perfect novel and a host of writers and critics including Colum McCann Julian Barnes Bret Easton Ellis Ian McEwan Emma Straub Ruth Rendell C P Snow and Irving Howe praised its artistry The New Yorker deemed it a masterly portrait of a truly virtuous and dedicated man This biography traces the life of Stoner's author John Williams Charles J Shields follows the whole arc of Williams's life which in many ways paralleled that of his titular character from their shared working class backgrounds to their undistinguished careers in academia Shields vividly recounts Williams's development as an author whose other works include the novels Butcher's Crossing and Augustus for the latter Williams shared the 1972 National Book Award Shields also reveals the astonishing afterlife of Stoner which garnered new fans with

Novel Creatures Hilary Thompson,2018-05-03 *Novel Creatures* takes a close look at the expanding interest in animals in modern fiction and argues that the novels of this time reveal a dramatic shift in conceptions of creatureliness Scholars have turned to the term creaturely recently to describe shared aspects of human and animal experience thus moving beyond work that primarily attends to distinctions between the human and the animal Carrying forward this recent scholarship *Novel Creatures* argues that creatureliness has been an intensely millennial preoccupation but in two contrasting forms one leading up to the turn of the century the other after the tragic events of 9 11

Mary McCarthy: Novels & Stories 1942-1963 (LOA #290) Mary McCarthy,2017-03-21 This first volume of the definitive edition of her fiction includes four novels and eight classic stories by the witty and provocative writer who defined a generation In 1942 Mary McCarthy provoked a

scandal with her electrifying debut novel *The Company She Keeps* announcing the arrival of a major new voice in American literature. A candid thinly veiled portrait of the late 1930s New York intellectual scene, its penetrating gaze and creative fusion of life and literature, mutual plagiarism she called it, became the hallmark of McCarthy's fiction, which the Library of America now presents in full for the first time in deluxe collector's edition. *The Oasis* 1949, a wicked satire about a failed utopian community, and *The Groves of Academe* 1952, a pioneering campus novel depicting the insular and often absurd world of academia, burnished her reputation as an acerbic truth teller, but it was with *A Charmed Life* 1955, a searing story of small town infidelity, that McCarthy fully embraced the frank and avant garde treatment of gender and sexuality that would inspire generations of readers and writers. Also included are all eight of McCarthy's short stories, four from her collection *Cast a Cold Eye* 1950 and four collected here for the first time. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
