Student Power in World Missions David M. Howard, 1979

Student Power in World Evangelism David M.

Howard, 1970 When students decide to act things happen That s the history of missions For the missionary movement has had a tremendous vitality often sparked by students with worldwide vision David Howard shatters the image of a missionary as a wizened old man well over 30 that is wearing a pith helmet carrying a huge Bible and spouting ancient theology to a semi clad native rotting away with some dread tropical disease Such a caricature is well lost This book presents the biblical basis of missions a history of student power in world evangelism and an assessment of the task that faces today s student generation *World Mission (Combined Edition)*: Jonathan Lewis, 1994-06-01 Back by popular demand this work was originally three volumes in length but is now reprinted as a single volume This manual integrates essential and relevant articles from Perspectives on the World Christian Movement Reader and the Perspectives Study Guide leading the student into deeper broader mission understanding and vision by covering the Biblical historical foundations the strategic dimensions and cross cultural considerations *Missions* Gailyn Van Rhee, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of *Missions* long time missionary Gailyn Van Rhee revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rhee helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God s mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike *Missions* provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions **Student Power in World Evangelism**, 1971 The Changing Face of World Missions (Encountering Mission) Michael Pocock, Gailyn Van Rhee, Douglas McConnell, 2005-10-01 The dramatic changes that have taken place both in global society and in the church have implications for how the church does missions in the twenty first century These trends include the rise of postmodernism the spiritual decline in the West and the advance of the gospel in the rest of the world and the impact of technology on society and missions *The Changing Face of World Missions* is for the mission minded church leader or lay person who wants to understand these trends Each chapter identifies and evaluates a trend examines it in light of Scripture and proposes a practical response Important terms are defined and sidebars help readers think through the issues on their own *Mobilizing a Great Commission Church for Harvest* Thomas P. Johnston, 2011-05-23 *Mobilizing a Great Commission Church for Harvest* addresses practical aspects of evangelism in the

local church with the voices and views of nineteen current Southern Baptist professors of evangelism. They address important topics to local church evangelism such as *Invitations with integrity* and *Preparing for Spiritual Warfare*. Key leaders and professors write in their areas of expertise. For examples, Alvin Reid writes on *Mobilizing Students*, David Wheeler on *Servant Evangelism*, Josef Solc on *Sports Evangelism*, and Darrell Robinson on *The Evangelist*. In addition, the book begins and ends with two different applications of Matthew's Great Commission: *Mobilizing a Great Commission Church for Harvest*. This is a gold mine of information for both pastor and deacon as it is for students considering the importance of evangelism to local church ministry. It is fresh, new, and true as all of its authors teach at SBC affiliated schools and are grounded in the Bible as the inerrant Word of God.

[TransforMission](#) Michael S. Wilder, Shane W. Parker, 2010-05-01 Remarkably, thirty percent of North American teenagers—millions of people between the ages of 13 and 17—have engaged in religious missions or service projects. Building on this statistic, the authors of *TransforMission* believe that short-term mission is one way God is taking the gospel to the nations and concurrently transforming the lives of these student participants. Writing to youth ministers, missiologists, church leaders, adult volunteers, and post-high school students, they assess strategies for further promoting this kind of involvement by exploring several questions: What mechanisms is God employing to achieve this advance in mission? What is taking place in the lives of believers who are obediently participating in the fulfillment of the Great Commission? What are the theological and theoretical foundations for the life transformation that is occurring? What is the most effective means of conducting short-term mission experiences?

[Perspectives on the World Christian Movement \(4th Edition\)](#) Ralph D. Winter, Steven C. Hawthorne, 2009-06-01 *Perspectives on the World Christian Movement* presents a multi-faceted collection of readings exploring the biblical, historical, cultural, and strategic dimensions of world evangelization. Writings from more than 150 mission scholars and practitioners, over 60 of them new to this edition, portray the history and anticipate the potential of the global Christian movement. Every one of the 170 articles and sidebars offers practical wisdom enabling Christians to labor together in bold biblical hope to finish the task of seeing that Christ is named and followed among all the peoples of the earth. The Fourth Edition contains over 60 articles and sidebars that are new to this edition. Many articles have been updated and revised.

[Organizing Your Youth Ministry](#) Paul Borthwick, 2004-03-01 We need to get organized around here. That is the common cry of youth workers who feel burdened by so much to do in so little time, so many responsibilities, and so few results. So much criticism, it seems, so little support. Paul Borthwick agrees that getting organized is essential for effective youth ministry, and he has written an essential book to help those of you in youth ministry organize three different areas of your lives: Personal. How do your personal goals and your need for personal growth fit with your youth ministry? If you're married, are your spouse and children helped or hurt by your involvement with kids? Are your other responsibilities suffering? As Borthwick says, Good ministry is the result of a balanced personal life. Professional. Do you see yourself as a youth professional? Is your interaction with pastor and church board characterized by mutual respect? It's the youth worker who will

help other people see youth ministry as a profession and not just a fun and games operation Practical Is your budget balanced Do you frequently begin activities feeling only half prepared Do your volunteers and coworkers know what is expected of them Better planning and time management can create programs lessons and activities that help people grow learn and love each other Part I of Organizing Your Youth Ministry examines the need to the youth minister to organize his or her personal life as well as ministry setting priorities and the special challenges of church youth ministry Part II addresses the philosophical foundations of youth ministry organization Why do we do what we do What is it young people really need How do you work with a team Where do parents fit in Part III discusses how to organize the daily weekly monthly and yearly administrative demands of the youth ministry from budgets to retreats from activities to Sunday school lessons from choir to missions projects from discipleship programs to the special needs of junior high students Part IV helps us to evaluate our goals and to measure the effectiveness of our youth ministry always keeping in mind that as Borthwick says the ultimate purpose isn't just to produce better programs or a more efficient discipleship system but to present each person complete in Christ Col 1:28 NASB So if you like every other youth worker have too much to do too little time to do it in and sometimes don't know where to begin Organizing Your Youth Ministry can help Give it a try and you'll find out why Paul Borthwick says that organization can be a ministry in itself
