Syrohexaplaric Psalter:

The "Syrohexaplaric" Psalter Robert James Victor Hiebert, 1989-01-01 Revision of the author's thesis Ph D University of Toronto 1986 Includes Syriac text of the Psalms in the Syrohexapla version *The Book of Psalms* Peter W. Flint, Patrick D. jr Miller, Aaron Brunell, Ryan Roberts, 2005 This landmark volume covers the main aspects of modern Psalms study from the formation of individual Psalms down into the first centuries of the Common Era the formation of the Psalter individual Psalms and smaller collections social setting literary context textual history nachleben and theology *The Old Greek Psalter* Robert James Victor Hiebert, Claude E. Cox, Peter John Gentry, Albert Pietersma, 2001-01-01 Collected essays on the Old Greek Psalter by linguistic and textual scholars highlighting its significance for biblical research and related disciplines This tribute to Albert Pietersma of the University of Toronto is offered by a highly distinguished international panel of scholars including John W Wevers Takamitsu Muraoka Anneli Aejmelaesus Emanuel Tov Johan Lust Robert A Kraft Johann Cook Arie van der Kooij Moises Silva and Claude E Cox The focus of the volume is on the Old Greek Psalter and its significance for biblical research and related disciplines where it marks a definitive statement of research questions and issues in this increasingly important area of biblical textual studies **The Psalms of the Tamid Service** Peter Trudinger, 2003-12-01 This volume studies the seven psalms that were performed at the fundamental daily ritual of the Jerusalem Temple in the late Second Temple period Psalms 24 48 82 94 81 93 92 It is the first comprehensive and detailed study of this richly relevant liturgical collection The work centers around a literary poetic analysis of the collection as a whole focussing on unifying features such as connections between psalms overall structure theme and plot A review of the Tamid service and exegetical studies of each psalm are included Three innovative sections illustrate the importance of the Tamid Psalms in Second Temple studies topics include the formation of the Psalter the structure of liturgical texts and the performance of Temple worship *The Peshitta: Its Use in Literature and Liturgy* Bas Ter Haar Romeny, 2007-05-31 For the first time this volume brings together biblical scholars and specialists in Syriac liturgy and patristic literature It contains introductory essays on the Syriac versions in the liturgy the Syriac Old Testament commentary tradition and the challenges posed to exegetes by the different Syriac versions of the New Testament written by the leading scholars in the field Twenty one further contributions discuss the patristic and liturgical evidence for the development of the text of the Peshitta and other Syriac versions as well as the reception and use of those versions in the exegesis and liturgy of the Syriac Churches These studies are fully updated versions of the papers read at the Third Peshitta Symposium held in Leiden 12 15 August 2001 *The Message of the Psalter* David C. Mitchell, 1997-01-01 This intriguing work argues that the book of Psalms has been redacted to reflect a programme of eschatological events like that of Zechariah 9 14 These events include the ingathering of exiled Israel by a bridegroom king his establishment of a kingdom followed by his violent death the scattering of Israel in the wilderness and their subsequent regathering and further imperilment their rescue by a king from the sky who establishes his kingdom from Zion brings peace

and prosperity to the earth and receives the homage of the nations There is an appendix of apocalyptic midrashim translated into English for the first time www.mornstar.co.uk *Origenes Orientalis* Timothy Michael Law, 2011-07-20 The Syrohexapla is widely believed to be a faithful witness to the Hexapla of Origen This Syriac version was produced in the seventh century on the basis of Greek texts related to Origen's six columned masterpiece of biblical scholarship The signs used in Origen's Hexapla as well as the readings of several Greek Jewish versions which are no longer fully extant are preserved in this version The present study evaluates the Syrohexapla as a witness to these hexaplaric materials in 3 Kingdoms 1 Kings The nearly 600 signs preserved in the Syrohexapla are analysed divided into correctly marked asterisks correctly marked obeli and inaccurately marked readings The more than 300 readings attributed to the Greek Jewish versions are treated separately Finally by including a chapter which examines a portion of the many readings in the Syrohexapla for which no hexaplaric sign has been preserved the author balances assessments of the reliability of the Syrohexapla for studying the remains of Origen's Hexapla This study prepares the way for the author's new critical edition of the hexaplaric fragments of 3 Kingdoms

Dead Sea Psalms Scrolls and the Book of Psalms Peter W. Flint, 2018-10-16 Among the Dead Sea Scrolls Psalms are found in no less than thirty nine manuscripts This groundbreaking volume presents the first comprehensive study of these scrolls by making available a wealth of primary data and investigating the main issues that arise The first part provides information which many scholars will find enormously helpful such as descriptions of the manuscripts listings of variant readings a synopsis of superscriptions and indices of contents of all the Psalms scrolls The second part investigates the issues some of which are relevant to the Book of Psalms itself e.g. stabilization in two distinct stages while others focus upon 11QPSa the largest Psalms scroll e.g. part of an edition of the Book of Psalms and one involves the relation of these manuscripts to the Septuagint Psalter

Psalms 38 and 145 of the Old Greek Version Randall X. Gauthier, 2014-11-10 One of the critical ongoing discussions in Septuagint Studies today concerns the issue of how texts were understood by their translators and how those translations are able to provide the modern reader with clues to that original interpretation In Psalms 38 and 145 of the Old Greek Version Randall X. Gauthier provides a word by word sentence by sentence commentary on Psalms 38 and 145 in the Septuagint LXX version or more accurately the Old Greek OG version Specifically this study attempts to understand the semantic meaning of these psalms at the point of their inception or composition i.e. as translated literary units derivative of a presumed Semitic Vorlage

Psalms Through the Centuries, Volume 1 Susan Gillingham, 2012-04-30 This is the first of a two volume bible commentary covering the Psalms and examining the role of these biblical poems throughout Jewish and Christian history Provides a fascinating introduction to the literary historical and theological background of psalmody Examines the psalms through liturgy and prayer study and preaching translation and imitation and musical composition and artistic illustration Includes illustrations of significant psalms helpful maps and an extensive bibliography an expanded bibliography to accompany the book is also available at www.wiley.com/go/gillingham A forthcoming second

volume is planned which will take an alternative psalm by psalm approach Now available in paperback and published in the innovative reception history series Blackwell Bible Commentaries **The Character of the Syriac Version of Psalms** Ignacio Carbajosa, 2008 This book that investigates the character of the Peshitta in Psalms 90-150 is designed as a tool for scholars who seek to understand the readings preserved in the Peshitta Questions as to the theology of the translation the identity of the translators and the relationships among the manuscripts are also raised **Text, Translation, and Tradition** Willem Th. van Peursen, Bas Ter Haar Romeny, 2006-07-01 This volume contains eighteen articles in honour of Konrad D. Jenner written by his friends and colleagues from all parts of the world and presented to him on the occasion of his sixty-fifth birthday The laureate has been a staff member of the Leiden Peshitta Institute for 35 years and has been its director since 1993 The contributions cover the broad field of Peshitta studies addressing text critical and text historical questions linguistic and translational issues and the use of the Peshitta in the Syriac tradition Thus the reader is given an up-to-date picture of research into the Syriac Bible The editors Wido van Peursen and Bas ter Haar Romeny are two colleagues of Konrad Jenner at the Leiden Peshitta Institute *Letter & Spirit, Vol. 7* Fr William Kurtz, Stephen M. Hildebrand, Owen M. Phelan, 2012-07 This is the seventh annual volume of the remarkably popular journal of biblical theology edited by Scott Hahn and his St Paul Center for Biblical Theology This volume responds to the call of Pope Benedict XVI in his Apostolic Exhortation *Verbum Domini* for a thoughtful return to the Fathers of the Church and how they approached Sacred Scripture This is not in any way to jettison historical critical methods and the valuable insights that modern biblical scholarship has brought to light It is simply to acknowledge what Pope Benedict calls for a measured return to the interpretive methods employed by the Church Fathers as well as the theology that flowed from their exegetical labors As he said The Church Fathers present a theology that still has great value today because at its heart is the study of sacred Scripture as a whole Indeed the Fathers are primarily and essentially commentators on sacred Scripture Highlights include original articles by Fr William Kurtz SJ Matthew Levering Father Stephen Ryan OP Stephen Hildebrand Owen Phelan and Michael Barber as well as an original translation of Joseph Ratzinger's Pope Benedict XVI foundational essay *Vicarious Representation* by Father Jared Wicks SJ *Religious Origins of Nations?* R. B. ter Haar Romeny, 2010 This volume presents the results of the Leiden project on the identity formation of the Syrian Orthodox Christians which developed from a religious association into an ethnic community A number of specialists react to the findings and discuss the cases of the East Syrians Armenians Copts and Ethiopians *Prayer and Worship in Eastern Christianities, 5th to 11th Centuries* Brouria Bitton-Ashkelony, Derek Krueger, 2016-10-04 *Prayer and Worship in Eastern Christianities 5th to 11th Centuries* forges a new conversation about the diversity of Christianities in the medieval eastern Mediterranean centered on the history of practice looking at liturgy performance prayer poetry and the material culture of worship It studies prayer and worship in the variety of Christian communities that thrived from late antiquity to the middle ages Byzantine Orthodoxy Syrian Orthodoxy and the Church of the

East Rather than focusing on doctrinal differences and analyzing divergent patterns of thought the essays address common patterns of worship individual and collective prayer hymnography and liturgy as well as the indigenous theories that undergirded Christian practices The volume intervenes in standard academic discourses about Christian difference with an exploration of common patterns of celebration commemoration and self discipline Essays by both established and promising younger scholars interrogate elements of continuity and change over time before and after the rise of Islam both under the control of the Eastern Roman Empire and in the lands of successive caliphates Groups distinct in their allegiances nevertheless shared a common religious heritage and recognized each other even in their differences as kinds of Christianity A series of chapters explore the theory and practice of prayer from Greco Roman late antiquity to the Syriac middle ages highlighting the transmission of monastic discourses about prayer especially among Syrian and Palestinian ascetic teachers Another set of essays examines localization of prayer within churches through inscriptions donations dedications and incubation Other chapters treat the composition and transmission of hymns to adorn the liturgy and articulate the emotions of the Christian calendar structuring liturgical and eschatological time *Snapshots of Evolving Traditions* Liv Ingeborg Lied, Hugo Lundhaug, 2017-01-23 Scholars of early Christian and Jewish literature have for many years focused on interpreting texts in their hypothetical original forms and contexts while largely overlooking important aspects of the surviving manuscript evidence and the culture that produced it This volume of essays seeks to remedy this situation by focusing on the material aspects of the manuscripts themselves and the fluidity of textual transmission in a manuscript culture With an emphasis on method and looking at texts as they have been used and transmitted in manuscripts this book discusses how we may deal with textual evidence that can often be described as mere snapshots of fluid textual traditions that have been intentionally adapted to fit ever shifting contexts The emphasis of the book is on the contexts and interests of users and producers of texts as they appear in our surviving manuscripts rather than on original authors and their intentions and the essays provide both important correctives to former textual interpretations as well as new insights into the societies and individuals that copied and read the texts in the manuscripts that have actually been preserved to us **Syriac Polemics** Wout Jac. van Beek, Jan Willem Drijvers, Alexander Cornelis Klugkist, 2007 This Festschrift honours Dr Gerrit Reinink on the occasion of the end of his professional career as a senior lecturer of Syriac and Aramaic studies at the University of Groningen The Netherlands The Festschrift includes in addition to a brief biography and a complete bibliography of Reinink's scholarly writings fifteen articles arranged according to the chronology of their topics and covering a wide variety of subjects ranging from the days of Julian the Apostate to the year of the fall of Constantinople through the period of Late Antiquity the Byzantine period early Islam and the Middle Ages The authors are all prominent experts in the field of Syriac studies and adjacent areas The title of the book *Syriac Polemics* is a clear reference to one of Reinink's favourite research topics Eastern Christian reactions to the rise of Islam This volume is a valuable contribution to the study

of Syriac literature and culture in general **Biblical & Near Eastern Essays** Carmel McCarthy, John F. Healey, 2004-03-11 This collection of essays contains a wide range of topics reflecting the depth and breadth of interest of the scholar in whose honour they were commissioned Kevin J Cathcart The central focus is Near Eastern and covers a range of philological linguistic exegetical historical and interpretative issues The Near Eastern languages examined include Akkadian Arabic Aramaic Ethiopic Hebrew Septuagintal Greek Syriac and Ugaritic while exegetical and text critical topics include treatments of issues in Deuteronomy 1 Kings Isaiah Amos Psalms and the Song of Songs Hermeneutical and historical essays touch on Ancient Israel's history and its interpretation as well as on the significance of such individuals as the consular official John Dickson E H Palmer in the Cambridge Libraries William Lithgow of Lanark and the contribution to Semitic epigraphy of the explorer Julius Euting This is volume 375 in the Journal for the Study of the Old Testament Supplement series Biblical Hebrew, Biblical Texts Ada Rapoport-Albert, Gillian Greenberg, 2001-12-01 This collection focuses on the Hebrew Bible its ancient versions and textual history These are the fields in which the late Dr Weitzman had made his name and the volume commemorates his lifetime's work so prematurely ended But it also stands on its own as an authoritative statement of current research in these and closely related fields Contributors include Edward Ullendorff Andrew Macintosh Robert Gordon Hugh Williamson Gillian Greenberg Jan Joosten Sebastian Brock Michael Knibb Philip Alexander George Brooke and Alison Salvesen **Unit Delimitation in Biblical Hebrew** M.C.A. Korpel, Joseph Oesch, 2021-10-11 Series Pericope 4 Scripture as written and read in antiquity Bible scholars and translators are often confronted with the problem of sectioning biblical texts Until recently sentence division and paragraphing were largely left to the imagination of the individual scholar This resulted in a wide range of different divisions of one and the same text There is however a lot of long neglected evidence on how the ancient scribes themselves understood the structure of the texts they were transmitting Research in ancient scribal traditions shows that in the entire ancient Near East scribes provided their texts with special structuring markers For example rulings lines left open extra large capitals different colouring at the beginning of new passages and for the division into smaller units strokes dots and spaces Actually many markers lending structure to our modern texts appear to be derived from very ancient customs This volume contains the papers read during the Third Pericope Meeting held in connection with the SBL International Meeting at Berlin 2002 Topics discussed are the unit delimitation in parts of Genesis Numbers Isaiah Ezekiel Psalms and Song of Songs Furthermore general studies on Masoretic accentuation the importance of pausal forms for unit delimitation description of scribal practices in the Jewish tradition as well as unit division in Northwest Semitic texts are included Pericope is a new successful series that aims at making available data on unit delimitation found in biblical and related manuscripts to the scholarly world and to evaluate these data for the benefit of biblical interpretation From the Contents R de Hoop Genesis 49 Revisited The Poetic Structure of Jacob's Testament and the Ancient Versions R de Hoop Trichotomy in Masoretic Accentuation in Comparison with the Delimitation of Units in the Versions With Special Attention to
